› LTGEM Hard Travel Case User Manual for Razer Deathadder and Viper Wireless Mice

## L LTGEM CS1023

# LTGEM Hard Travel Case User Manual

Model: CS1023

## INTRODUCTION

---

This manual provides essential information for the proper use and care of your LTGEM Hard Travel Case. This protective case is specifically designed to securely store and transport your Razer Deathadder V2 X, V2 Pro, V3, and Razer Viper V2 Pro, V3, or Ultimate HyperSpeed Wireless Mice. Its robust construction ensures protection against impacts, splashes, and dust, making it ideal for travel and daily storage.

## PRODUCT FEATURES

---

- **Perfect Fit:** Custom-designed interior to snugly fit compatible Razer wireless mice.
- **Durable Construction:** Made from hard quality EVA material, offering semi-waterproof, shockproof, and durable protection.
- **Convenient Portability:** Features a strong handle and a smooth 360-degree zipper for easy access and transport.
- **Accessory Storage:** Inner mesh pocket provides space for small accessories like USB dongles or cables.

Image: The LTGEM Hard Travel Case shown open, revealing a Razer wireless mouse perfectly seated within its custom-fit interior. A mesh pocket is visible on one side, and a detachable hand strap is shown alongside the case.

## SETUP

---

The LTGEM Hard Travel Case requires minimal setup. It is ready for use directly out of its packaging.

1. **Unpack:** Carefully remove the case from its packaging.
2. **Inspect:** Before first use, inspect the case for any signs of damage from shipping. Ensure the zipper operates smoothly.
3. **Attach Hand Strap (Optional):** If desired, attach the provided detachable hand strap to the designated loop on the case for enhanced portability.

## OPERATING INSTRUCTIONS

---

Follow these steps to properly use your LTGEM Hard Travel Case:

1. **Open the Case:** Use the smooth 360-degree zipper to fully open the case.
2. **Insert Mouse:** Gently place your compatible Razer wireless mouse into the molded compartment. Ensure it sits snugly to prevent movement during transport.
3. **Store Accessories:** Utilize the inner mesh pocket to store small accessories such as USB receivers, charging cables, or spare batteries.
4. **Close the Case:** Carefully close the zipper, ensuring no fabric or mouse parts are caught.

5. **Transport:** Use the integrated handle or the detachable hand strap for convenient carrying.

## MAINTENANCE AND CARE

---

Proper maintenance will extend the life of your LTGEM Hard Travel Case:

- **Cleaning:** Wipe the exterior with a damp cloth and mild soap if necessary. Do not submerge the case in water. For the interior, a soft, dry cloth can be used.
- **Drying:** If the case gets wet, allow it to air dry completely before closing or storing any electronics inside.
- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Zipper Care:** Periodically check the zipper for debris. If it becomes stiff, a small amount of zipper lubricant can be applied.

## TROUBLESHOOTING

| Problem                       | Possible Cause                                                              | Solution                                                                                                                        |
|-------------------------------|-----------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Zipper is stiff or stuck.     | Accumulation of dirt/dust, or lack of lubrication.                          | Clean the zipper teeth with a small brush. Apply a small amount of zipper lubricant (e.g., wax or silicone spray) to the teeth. |
| Case does not close properly. | Mouse or accessories are not positioned correctly, or zipper is misaligned. | Ensure the mouse and any accessories are fully seated in their compartments. Check the zipper for any obstructions or damage.   |

| Problem                            | Possible Cause                                     | Solution                                                                                                                                                                                                                      |
|------------------------------------|----------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Case appears damaged after impact. | Severe impact beyond the case's protective limits. | While the case is shockproof, extreme impacts can cause damage. Inspect the case for cracks or tears. If the structural integrity is compromised, consider replacing the case to ensure continued protection for your device. |

## SPECIFICATIONS

| Feature                      | Detail                                                                                       |
|------------------------------|----------------------------------------------------------------------------------------------|
| Model Number                 | CS1023                                                                                       |
| Outer Dimensions (L x W x H) | 5.9" x 3.1" x 2.9" (approximate, based on product description)                               |
| Inner Dimensions (L x W x H) | 4.9" x 2.1" x 2.3" (approximate, based on product description)                               |
| Material                     | Hard quality EVA (Ethylene-vinyl acetate)                                                    |
| Color                        | Black                                                                                        |
