coioc S50-W

coioc S50-W Bluetooth Wireless Earbuds User Manual

Brand: coioc | Model: S50-W

INTRODUCTION

The coioc S50-W Bluetooth 5.3 Wireless Earbuds offer an immersive audio experience with advanced features designed for convenience and durability. These earbuds feature a digital LED display for battery monitoring, IPX7 waterproofing for active lifestyles, and a comfortable in-ear design with adjustable ear tips. Enjoy stable connections, pure sound quality, and extended playtime with fast charging capabilities.

WHAT'S IN THE Box

- Wireless Charging Case
- Charging Cable
- User Manual
- Adjustable Silicone Ear Tips (S, M, L)

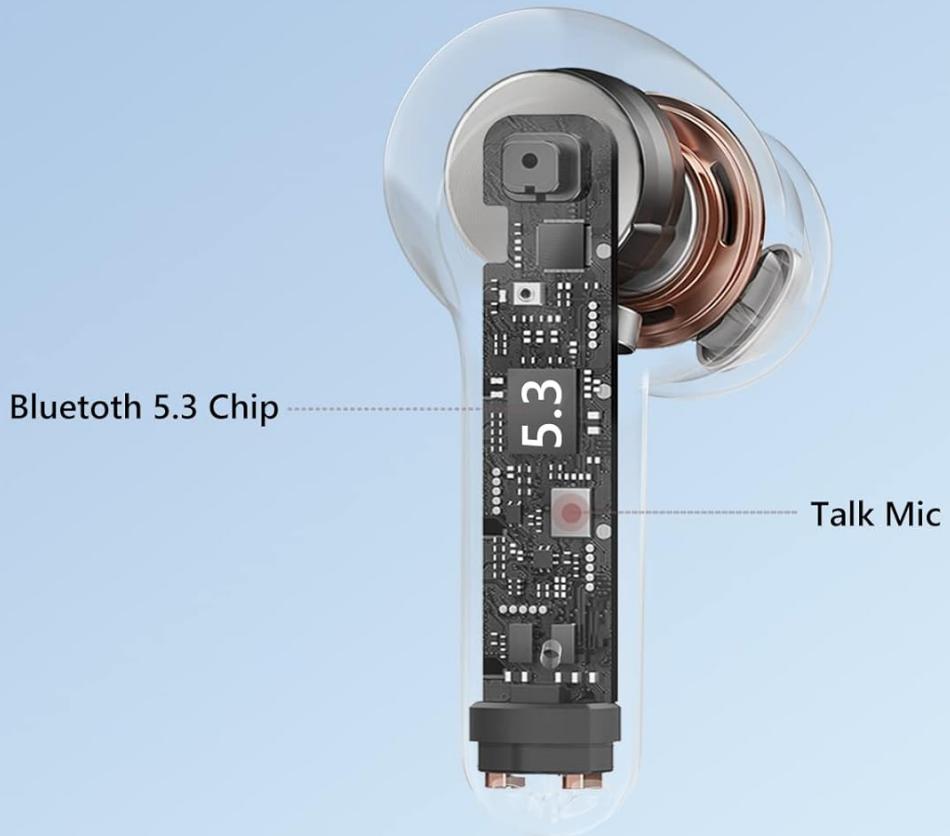

SETUP

Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case. The case features a Type-C interface for convenient charging. A 10-minute charge can provide 1 hour of use, and the total playtime with the charging case is approximately 40 hours. The LED digital display on the case shows the battery percentage for both the case and individual earbuds (L/R).

Update Bluetooth 5.3

Twice transmission than of Bluetooth 5.2

5.2  24Mbit/s

5.3  48Mbit/s

NO DELAY

Pairing with Your Device

The coioc S50-W earbuds utilize Bluetooth 5.3 technology for a stable and fast connection. Pairing can be completed in as little as 1 second. Simply take the earbuds out of the charging case, and they will automatically enter pairing mode. Search for "**S50**" in your device's Bluetooth settings and click to connect. The earbuds are compatible with smartphones, laptops, and tablets.

One-Step Pairing

- 1 Take out the earbuds
- 2 Search and click <S50>

IPX7 Waterproof Rating

Equipped with IPX7 nano-coating technology, these wireless headphones are protected against liquids, including sweat and splashes. This feature ensures durability and a longer service life, making them suitable for sports and various activities.

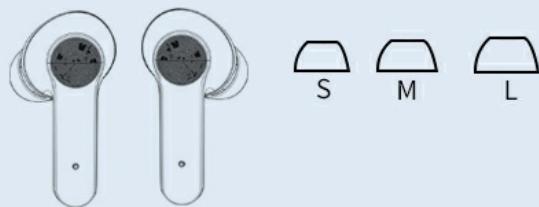

CAN'T BE CHARGED

When the earbuds cannot be charged, please use alcohol to clean the charging contacts.

POOR SOUND QUALITY

① Choosing the right eartips, Can provide better bass and noise isolation.

② Clean eartips and mesh.

MAINTENANCE

Cleaning Your Earbuds

Regular cleaning helps maintain optimal performance and hygiene. Use a soft, dry cloth or a cotton swab lightly dampened with alcohol to clean the charging contacts on both the earbuds and inside the charging case. Also, ensure to clean the eartips and the mesh covering the speaker to prevent debris buildup that could affect sound quality.

TROUBLESHOOTING

Earbuds Not Charging

If your earbuds are not charging, the most common cause is dirty charging contacts. Please use alcohol to clean the charging contacts on both the earbuds and inside the charging case. Ensure the earbuds are properly seated in the case.

Poor Sound Quality

If you experience poor sound quality, consider the following:

- Choose the right eartips:** Selecting the correct size (S, M, L) of eartips can significantly improve bass response and noise isolation.
- Clean eartips and mesh:** Debris or earwax buildup on the eartips or the speaker mesh can obstruct sound. Clean them regularly as described in the Maintenance section.
