# Graco Benton 5-in-1 Convertible Crib with Drawer User Manual

Model: 04532-511 | Brand: Graco

## 1. INTRODUCTION

This manual provides comprehensive instructions for the safe assembly, operation, and maintenance of your Graco Benton 5-in-1 Convertible Crib with Drawer. Please read all instructions carefully before assembly and use. Keep this manual for future reference.

**Important Safety Information: Always refer to the safety warnings provided in this manual and on the product itself. Failure to follow these warnings and instructions could result in serious injury or death.**

## 2. PRODUCT OVERVIEW

The Graco Benton 5-in-1 Convertible Crib with Drawer is designed to adapt to your child's growth, converting from a baby crib to a toddler bed, daybed, and full-size bed. It features an integrated storage drawer and an adjustable mattress support base.

Image: The Graco Benton 5-in-1 Convertible Crib in white, showcasing its classic design and the convenient under-crib storage drawer.

- **5-in-1 Convertibility:** Transforms from a crib to a toddler bed, daybed, and full-size bed (with or without footboard).
- **Integrated Storage Drawer:** A full-size drawer with two compartments for nursery essentials.
- **Adjustable Mattress Support:** Four height options, including a newborn setting for easier access.
- **Durable Construction:** Crafted from pine wood, engineered wood, and wood composites.

### 3. PARTS LIST

---

#### 3.1 Included Components

- Crib Parts (Headboard, Footboard, Side Rails, Mattress Support Base, Drawer Components)
- Hardware Pack (Screws, bolts, barrel nuts, etc.)
- Assembly Instructions Manual

### 3.2 Items Sold Separately

- Standard Full-Size Crib Mattress
- Toddler Guardrails (for toddler bed conversion)
- Full-Size Conversion Kit (for full-size bed conversion)

## 4. SETUP AND ASSEMBLY

---

Assembly of the Graco Benton Crib requires two adults. Please ensure all parts and hardware are present before beginning. Refer to the separate Assembly Instructions Manual included in your packaging for detailed, step-by-step visual guides.

### 4.1 General Assembly Guidelines

1. Unpack all components and verify against the parts list.
2. Lay out all hardware and identify each piece.
3. Assemble on a soft, clean surface to prevent scratching.
4. Do not overtighten screws during initial assembly; tighten fully once the unit is stable.
5. Ensure all connections are secure before use.

## 5. OPERATING INSTRUCTIONS (CONVERSIONS)

The Graco Benton Crib offers five configurations to accommodate your child's developmental stages. Each conversion requires specific parts, some of which are sold separately.

### 5.1 Adjusting Mattress Height

The crib features 4 different mattress height options. Adjust the mattress support base to the appropriate height for your child's age and mobility. The highest setting is recommended for newborns, and the mattress should be lowered as your child grows and becomes more active to prevent climbing out.

**Warning: Always ensure the mattress support is securely locked into position at all four corners before placing your child in the crib.**

### 5.2 Crib to Toddler Bed Conversion

To convert the crib into a toddler bed, remove the front crib rail and install one or two toddler guardrails (sold separately). Follow the instructions provided with the toddler guardrails for proper installation.

Image: The crib configured as a toddler bed with a single guardrail, suitable for young children transitioning from a crib.

### 5.3 Crib to Daybed Conversion

To convert the crib into a daybed, remove the front crib rail. No additional parts are typically required for this conversion, but ensure the mattress support is at a safe, lower setting.

Image: The crib transformed into a daybed, offering an open side for easy access and a comfortable seating area.

## 5.4 Crib to Full-Size Bed Conversion

To convert the crib into a full-size bed, you will need a full-size conversion kit (sold separately). This kit typically includes side rails and support slats. The crib's headboard and optional footboard will be used with the conversion kit to form a full-size bed frame.

## 6. MAINTENANCE

### 6.1 Cleaning Instructions

To clean the crib, wipe surfaces with a damp cloth. Avoid using abrasive cleaners or strong chemicals, as these can damage the finish and materials. Dry thoroughly after cleaning.

### 6.2 Regular Inspection

Periodically check all screws, bolts, and other hardware to ensure they are tight and secure. Do not use the crib if any parts are missing, damaged, or broken. Contact customer support for replacement parts.

## 7. TROUBLESHOOTING

If you encounter any issues with your Graco Benton Crib, please review the assembly instructions to ensure all steps were followed correctly. Common issues often relate to loose hardware or incorrect part orientation during assembly.

- **Difficulty with Assembly:** Double-check the orientation of all parts against the assembly manual diagrams. Ensure all hardware is correctly matched to its designated hole.
- **Wobbly Structure:** Ensure all bolts and screws are fully tightened. Over time, hardware may loosen and require re-tightening.
- **Drawer Malfunction:** Verify that the drawer glides are properly installed and free of obstructions. Ensure the drawer is not overloaded.

For persistent problems or if you suspect a defective part, please contact Graco customer support.

## 8. SPECIFICATIONS

### Dimensions

## 9. SAFETY INFORMATION

---

Your child's safety is our top priority. Please adhere to all safety guidelines to prevent injury.

- Do not use the crib if any parts are missing, damaged, or broken.
- Ensure all assembly hardware is securely tightened before each use.
- The crib is designed for use until your child can easily climb out or is taller than 35 inches (89 cm).
- Use only a standard full-size crib mattress that fits snugly without gaps.
- Keep cords, strings, and window blind cords away from the crib to prevent strangulation hazards.
- Do not place the crib near windows where cords or blinds could pose a hazard.
- Do not use this crib as a playpen.

### 9.1 Certifications
