ZEBRONICS Zeb-Velocity

ZEBRONICS Zeb-Velocity Type C Optical Mouse User Manual

Model: Zeb-Velocity

1. INTRODUCTION

The ZEBRONICS Zeb-Velocity is a compact and stylish Type C optical mouse designed for high precision and ease of use. It features a Type C interface for broad compatibility and a plug-and-play design, making it suitable for various devices and operating systems.

2. SETUP INSTRUCTIONS

The Zeb-Velocity mouse is designed for simple plug-and-play functionality. No additional drivers are typically required for basic operation.

1. **Connect the Mouse:** Locate an available Type C port on your computer, smartphone, or tablet. Insert the Type C connector of the Zeb-Velocity mouse into the port.
2. **System Recognition:** Your operating system (Windows, Mac OS, Android) should automatically detect and configure the mouse. This process usually takes a few seconds.
3. **Begin Use:** Once recognized, the mouse is ready for immediate use.

Compatible Devices: Personal Computer, Mac, Smartphone, Tablet

Operating Systems: Windows, Mac OS & Android

3. OPERATING INSTRUCTIONS

The Zeb-Velocity mouse features a standard 4-button layout for efficient navigation and control.

- **Left Click (Button 1):** Primary button for selecting items, opening files, and executing commands.
- **Right Click (Button 2):** Secondary button for accessing context menus and additional options.
- **Scroll Wheel Button (Button 3):** Used for scrolling through documents and web pages. Pressing the scroll wheel often acts as a middle-click button, which can open links in new tabs or perform other functions depending on the application.
- **DPI Switch (Button 4):** This button allows you to adjust the mouse's sensitivity (DPI - Dots Per Inch). Pressing this button will cycle through available DPI settings, up to 3200 DPI, to match your preference for precision and speed.

4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Zeb-Velocity mouse.

- **Cleaning:** Use a soft, dry, lint-free cloth to wipe the exterior of the mouse. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive cleaners.

- **Optical Sensor:** Periodically inspect the optical sensor on the underside of the mouse for dust or debris. Use a cotton swab or compressed air to gently clean the sensor area. Do not touch the sensor directly with your fingers.
- **Cable Care:** Avoid sharp bends or excessive pulling on the Type C cable. Store the cable neatly when not in use to prevent tangling and damage.
- **Storage:** When not in use for extended periods, store the mouse in a clean, dry environment away from extreme temperatures.

5. TROUBLESHOOTING

If you encounter issues with your Zeb-Velocity mouse, refer to the following common problems and solutions:

Problem	Solution
Mouse not responding	<ul style="list-style-type: none"> • Ensure the Type C connector is fully inserted into the port. • Try connecting the mouse to a different Type C port on your device. • Test the mouse on another compatible device to rule out a device-specific issue.
Erratic cursor movement	<ul style="list-style-type: none"> • Clean the optical sensor on the underside of the mouse. • Ensure you are using the mouse on a suitable surface. Avoid highly reflective or transparent surfaces.
Scroll wheel not functioning correctly	<ul style="list-style-type: none"> • Gently clean around the scroll wheel to remove any trapped dust or debris. • Ensure no software conflicts are interfering with mouse functions.

6. SPECIFICATIONS

Feature	Detail
Brand	ZEBRONICS
Model	Zeb-Velocity
Colour	Black
Connectivity Technology	USB Type C
Movement Detection Technology	Optical
Button Quantity	4
DPI	Up to 3200 DPI
Hand Orientation	Ambidextrous
Compatible Devices	Mac, Personal Computer, Smartphone, Tablet

Feature	Detail
Operating System	Windows, Mac OS & Android
Power Source	Corded Electric
Item Weight	78 Grams
Item Dimensions (L x W)	6L x 3.8W Centimeters
