FUBAODA STEM Learning Pipe Tube Toys Instruction Manual

Model: B0B5L6Z2DB

1. INTRODUCTION

The FUBAODA STEM Learning Pipe Tube Toys set is designed to foster creativity, imagination, and essential STEM skills in children aged 3 and up. This 96-piece multicolor building block set allows children to construct various figures, animals, vehicles, and other models by connecting pipes, joints, and wheels. It promotes hand-eye coordination, cognitive ability, spatial thinking, and early math concepts through engaging play.

Various creations built with FUBAODA Pipe Tube Toys, including animals, vehicles, and structures.

2. PACKAGE CONTENTS

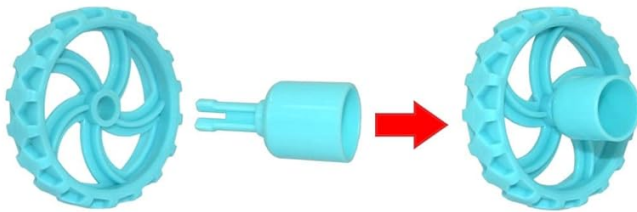

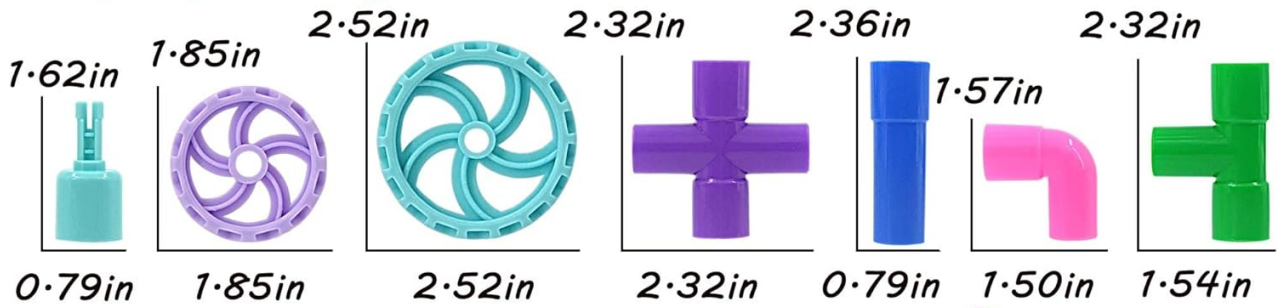

Your FUBAODA STEM Learning Pipe Tube Toys set includes 96 pieces of various shapes and colors, designed for easy assembly and creative construction. The set typically contains:

- Pipes (straight tubes of various lengths)
- Joints (cross-shaped, L-shaped, T-shaped connectors)
- Wheels and Axles
- Spouts (curved pieces)
- Storage Bag
- Model Booklet with step-by-step examples

Stimulate Children's Imagination

Wheel & Axle

Male & Female

Overview of FUBAODA Pipe Tube Toy set, highlighting 96 pieces, 9 colors, and ease of assembly. Shows examples of wheel and axle connection and male and female pipe connections.

3. ASSEMBLY INSTRUCTIONS

The pipe tube toys are designed for intuitive and easy assembly, allowing children to connect pieces with minimal effort. Follow these general steps for construction:

1. **Identify Components:** Familiarize yourself with the different types of pipes, joints, and wheels. Pipes are typically straight or curved, while joints come in various configurations (e.g., cross, L-shape, T-shape) to allow for different connection angles.
2. **Connect Pipes to Joints:** Insert the end of a pipe firmly into the opening of a joint. The pieces are designed to fit snugly for a stable connection.
3. **Attach Wheels:** For models requiring movement, attach wheels to the designated axle connectors. Ensure the wheels spin freely.
4. **Build Step-by-Step:** Start with a base or a simple section of your desired model and gradually add more pieces, building upwards or outwards. Refer to the included model booklet for inspiration and step-by-step guides for specific designs.
5. **Experiment:** Encourage experimentation with different connections and structures. The beauty of these blocks lies in their versatility.

4. CREATIVE PLAY & USAGE

The FUBAODA Pipe Tube Toys offer endless possibilities for creative play. Children can build a wide array of objects, from simple geometric shapes to complex structures and vehicles. The set encourages open-ended play, allowing children to develop their own designs or follow examples from the included booklet.

Learning Toy That Grows With Your Child
Team-work Skills, Creativity With Friends

Children engaged in building and playing with FUBAODA Pipe Tube Toys, fostering teamwork and creativity.

Key benefits of play:

- Enhances problem-solving skills as children figure out how to connect pieces to achieve their desired structure.
- Develops fine motor skills and hand-eye coordination through manipulation of the pieces.
- Stimulates creativity and imagination, allowing children to bring their ideas to life.
- Promotes teamwork and social skills when played with others.

5. MAINTENANCE

To ensure the longevity of your FUBAODA STEM Learning Pipe Tube Toys, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the blocks with a damp cloth and mild soap if necessary. Rinse thoroughly and air dry completely before storing. Do not use harsh chemicals or abrasive cleaners.

- **Storage:** Store all pieces in the provided storage bag or a clean, dry container when not in use. Keep away from direct sunlight and extreme temperatures to prevent material degradation.
- **Inspection:** Periodically inspect all pieces for any signs of wear, damage, or breakage. Discard any broken pieces to prevent potential hazards.

6. TROUBLESHOOTING

While the FUBAODA Pipe Tube Toys are designed for durability and ease of use, here are some common issues and their solutions:

- **Pieces not connecting securely:** Ensure the pipe ends are fully inserted into the joint openings. Apply gentle, even pressure. Check if any debris is obstructing the connection points.
- **Structure is unstable:** Reinforce the base of your structure with more connections or wider supports. Ensure all connections are firm. For taller structures, consider a broader base.
- **Missing pieces:** Count all pieces upon opening the package. If any pieces are missing from a new set, please contact customer support.

7. SPECIFICATIONS

Feature	Detail
Product Name	FUBAODA STEM Learning Pipe Tube Toys
Model Number	B0B5L6Z2DB
Number of Pieces	96
Material	Durable Plastic
Recommended Age	3 years and up
Package Dimensions	12.64 x 8.7 x 2.2 inches
Item Weight	1.34 pounds
Colors	Multicolor (9 colors)
