## MAINTENANCE

---

Proper care and maintenance will extend the lifespan and preserve the appearance of your outdoor furniture set.

### General Care:

- **Product Care Instructions:** Wipe with a dry cloth.
- **Cushions:** Always keep cushions dry, especially during rain. The cushion covers are removable via zipper for easy cleaning.
- **Wood Components:** The surface of acacia wood may become dry and fade over time due to sun exposure, temperature variations, and moisture. To maintain its appearance, apply wood polish oil on a soft cloth and then wipe the surface of the furniture. This will help restore its glossy and new look.

- **Please always keep cushions dry if it rains**
- **Please do not tighten all the screws until all the holes are aligned**
- **Please refer to the size description before purchase (there may be small dimensional discrepancies because of the manual measurement)**

## TROUBLESHOOTING

If you encounter any issues with your PATIOJOY Outdoor Furniture Set, please refer to the following common solutions:

- **Wobbly Furniture:** Ensure all screws are fully tightened. During assembly, it is crucial not to tighten all screws until all holes are aligned to prevent unevenness. If wobbling persists, loosen all screws slightly, place the furniture on a flat surface, apply gentle pressure to level it, and then re-tighten all screws.
- **Cushion Discoloration/Wear:** While cushions are weather-resistant, prolonged exposure to harsh elements can cause fading. Always bring cushions indoors during rain or extreme weather. Regular cleaning of cushion covers can also help maintain their appearance.
- **Wood Fading/Cracking:** Acacia wood is durable but benefits from regular maintenance. If the wood appears dry or faded, apply wood polish oil as described in the Maintenance section. This helps to nourish the wood and prevent cracking.
- **Missing Parts:** As the set is delivered in two boxes, ensure both have arrived. If parts are still missing, please contact customer support with your purchase details.
