Matic Moveis Unique 4-Door Children's Wardrobe

Model: **Unique 941668** | Brand: **Matic Moveis**

Introduction

This instruction manual provides essential information for the safe assembly, operation, and maintenance of your Matic Moveis Unique 4-Door Children's Wardrobe. Please read this manual thoroughly before beginning assembly or using the product to ensure proper installation and to prevent potential hazards. Keep this manual for future reference.

The Matic Moveis Unique wardrobe is designed for children's rooms, offering ample storage with four doors, three drawers, and multiple shelves. It features a modern style with a white painted finish and a sturdy engineered wood construction with wooden feet.

Setup and Assembly

Assembly of this wardrobe is required. It is recommended that two adults perform the assembly. Ensure you have adequate space and all necessary tools before starting.

Required Tools (Not Included):

- Phillips head screwdriver
- Hammer
- Measuring tape
- Level

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the separate assembly guide are present and undamaged. Do not discard packaging until assembly is complete.
2. **Identify Hardware:** Separate and identify all screws, dowels, and other hardware according to the assembly guide.
3. **Assemble Base:** Attach the wooden feet to the base structure as instructed. Ensure they are securely fastened and level.

4. **Construct Frame:** Follow the step-by-step instructions in the assembly guide to build the main frame of the wardrobe. Pay close attention to the orientation of panels.
5. **Install Shelves and Rods:** Insert shelves into designated slots and secure hanging rods. Ensure shelves are level and rods are firmly in place.
6. **Assemble Drawers:** Construct the three drawers, ensuring the telescopic slides are correctly installed for smooth operation.
7. **Attach Doors:** Mount the four doors using the provided hinges. Adjust hinges as necessary for proper alignment and smooth opening/closing.
8. **Final Checks:** Once assembled, ensure all screws are tightened, the wardrobe is stable, and all moving parts (doors, drawers) operate correctly.

This image displays the internal layout of the wardrobe, featuring two sections with hanging rods, multiple adjustable shelves, and three central drawers with metal telescopic slides. The overall structure is white with a wooden base.

For detailed, step-by-step visual instructions, please refer to the separate assembly manual included with your product packaging.

Operating Instructions

The Matic Moveis Unique wardrobe is designed for straightforward use.

Doors:

- Gently pull the doors open using the integrated handles.
- Push the doors closed until they are flush with the wardrobe frame. Avoid slamming to prevent damage to hinges and the wardrobe structure.

Drawers:

- The three drawers are equipped with telescopic slides for smooth opening and closing.
- Pull the drawer fronts to open and push them firmly to close. Do not overload drawers to ensure smooth operation and prevent damage to the slides.

Shelves and Hanging Rods:

- Utilize the various shelves for folded clothing, accessories, or storage bins.
- The metallic hanging rods are suitable for hanging garments. Distribute weight evenly across the rods.

Safety Precautions:

- Do not allow children to climb on or hang from the wardrobe, doors, or drawers.
- Ensure the wardrobe is placed on a level surface to prevent tipping.
- Keep small, heavy items on lower shelves or in drawers to maintain stability.

Maintenance

Proper care will extend the life and appearance of your wardrobe.

Cleaning:

- Wipe surfaces with a soft, damp cloth.
- For stubborn marks, use a mild, non-abrasive cleaning solution diluted with water. Immediately dry the surface with a clean, dry cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the finish.

General Care:

- Periodically check all screws and fittings to ensure they remain tight. Retighten if necessary.
- Avoid exposing the wardrobe to direct sunlight or extreme temperature changes, which can cause warping or fading.
- Do not place hot items directly on the surface. Use protective pads if needed.

Troubleshooting

Here are solutions to common issues you might encounter:

Wardrobe is Wobbly:

- Ensure the wardrobe is on a level surface. Adjust the position or use shims under the feet if needed.

- Check all assembly screws and tighten any that are loose.

Doors Do Not Close Properly or Are Misaligned:

- Inspect the hinges. They may need adjustment. Refer to the assembly guide for hinge adjustment instructions.
- Ensure no items inside the wardrobe are obstructing the doors.

Drawers Are Sticking or Difficult to Open/Close:

- Check if the drawers are overloaded. Remove some items to reduce weight.
- Ensure the telescopic slides are clean and free of debris.
- Verify that the drawer slides were installed correctly during assembly.
