

## VIVO U10

# Generic 3D Designer Back Case Cover for VIVO U10 User Manual

Model: VIVO U10 (WB-3D-VIVOU10-1786)

### INTRODUCTION

---

This manual provides essential instructions for the installation, use, and maintenance of your Generic 3D Designer Back Case Cover for VIVO U10. This case is designed to protect your device while offering a unique aesthetic.

*Image 1: The Generic 3D Designer Back Case Cover for VIVO U10, showcasing the vibrant parrot eye pattern and precise camera cutouts.*

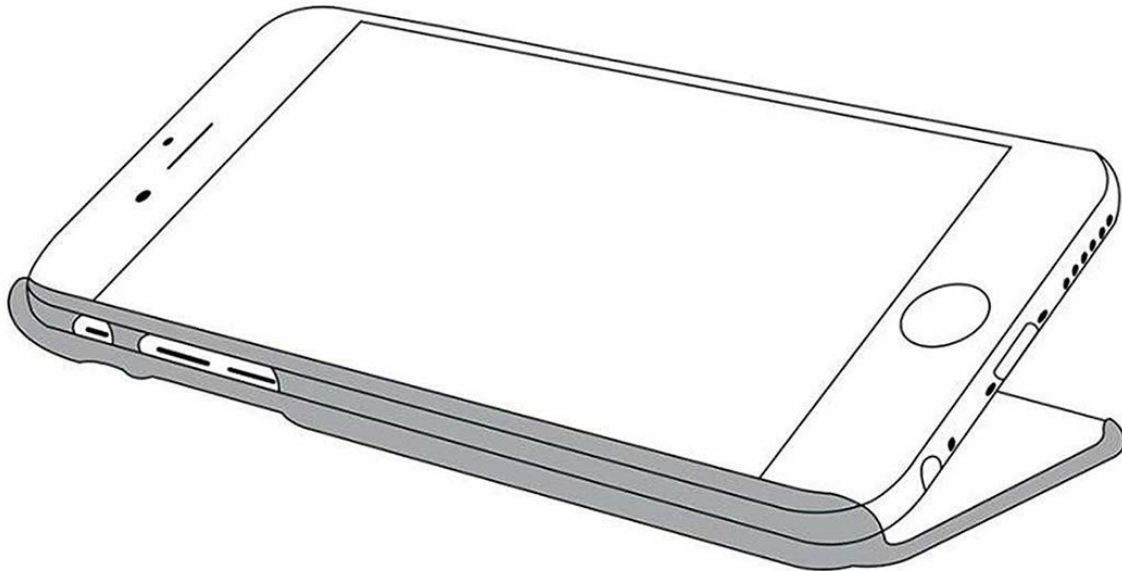

## SETUP AND INSTALLATION

---

1. **Prepare Your Device:** Ensure your VIVO U10 is clean and free of dust or debris before installing the case.
2. **Align the Case:** Hold the case with the design facing outwards. Carefully align the camera cutout and button positions with your phone.
3. **Snap On:** Gently press your VIVO U10 into the case, starting from one corner and working your way around. Ensure all edges of the phone are securely seated within the case.
4. **Verify Fit:** Check that the case fits snugly and that all ports, buttons, and the camera are unobstructed and accessible.

## Single Snap

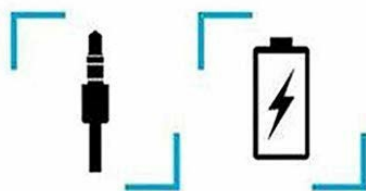

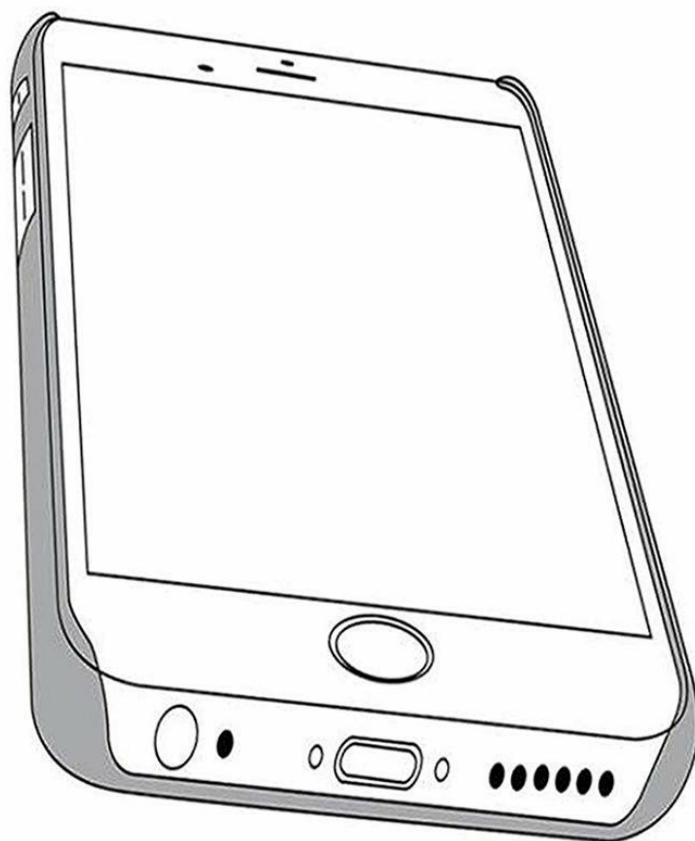

*Image 2: Illustration demonstrating the "Single Snap" installation method for the phone case.*

### OPERATING AND FEATURES

---

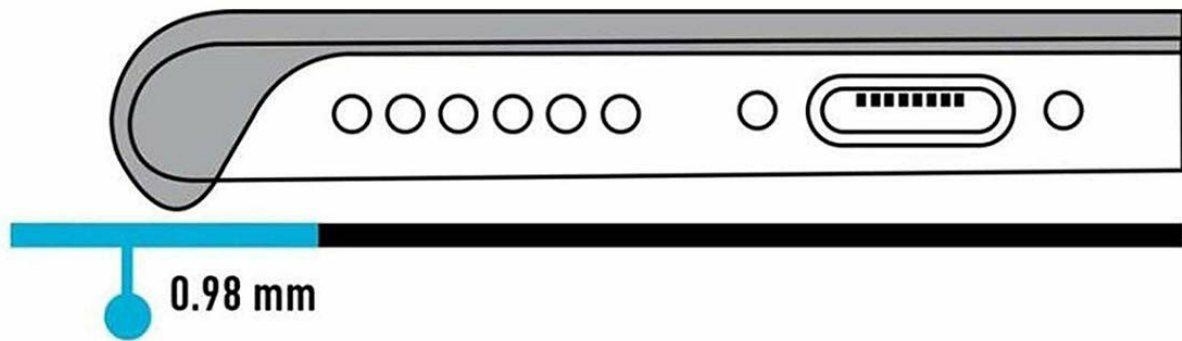

This case is designed to enhance the usability and protection of your VIVO U10.

- **Protection:** Constructed from durable hard polycarbonate plastic, the case provides protection against minor bumps, scratches, and daily wear.
- **Optimal Lift:** The case features a raised lip design (approximately 0.98 mm) around the screen and camera area to protect against direct surface contact, reducing the risk of scratches when placed face down.
- **Full Access:** Precision cutouts ensure unhindered access to all ports, buttons, speakers, and the camera without needing to remove the case.
- **Design:** Features a 3D printed parrot eye pattern with a matte finish, providing a unique visual appeal and comfortable grip. The print extends edge-to-edge for a seamless look.

## **Full Access to Device Ports & Buttons**

*Image 3: Illustration highlighting full access to all device ports and buttons while the case is installed.*

## **Optimal Lift** Protects Against Screen Damage

*Image 4: Diagram illustrating the 0.98 mm optimal lift feature, designed to protect the screen from direct contact with surfaces.*

*Image 5: Visual representation of the edge-to-edge printing technology used on the case, ensuring a complete and immersive design.*

## MAINTENANCE

---

To maintain the appearance and functionality of your case:

- **Cleaning:** Wipe the case regularly with a soft, damp cloth to remove dust and fingerprints. Avoid harsh chemicals or abrasive materials, as these may damage the print or material.
- **Avoid Extreme Conditions:** Do not expose the case to extreme heat or prolonged direct sunlight, which could cause material degradation or fading of the design.
- **Inspection:** Periodically inspect the case for any signs of wear or damage. If the case is significantly damaged, consider replacing it to ensure continued protection for your device.

## TROUBLESHOOTING

---

- **Case is difficult to install:** Ensure your phone is correctly aligned with the case cutouts. Apply gentle, even pressure around the edges until the phone snaps into place. Do not force the phone into the case.
- **Buttons are not responsive:** Verify that the case is properly seated and not obstructing the buttons. Remove and re-install the case, ensuring a correct fit.

- **Case appears loose:** If the case feels loose after installation, it may not be fully snapped into place. Re-check all edges and corners to ensure a secure fit.

## SPECIFICATIONS

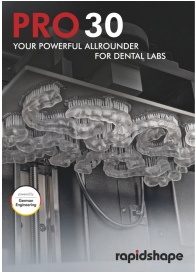

Feature	Detail
Brand	Generic
Model Number	WB-3D-VIVOU10-1786
Compatible Devices	VIVO U10
Material	Hard Polycarbonate Plastic
Special Features	3D Printed Design, Matte Finish, Raised Lip for Screen Protection, Full Port Access
