WEWATCH V51-PS07

WEWATCH V51-PS07 1080P WiFi Bluetooth Projector User Manual

Model: V51-PS07 | Brand: WEWATCH

INTRODUCTION

Thank you for choosing the WEWATCH V51-PS07 Projector. This manual provides essential information for setting up, operating, and maintaining your projector to ensure optimal performance and longevity. The WEWATCH V51-PS07 is designed to deliver a high-quality cinematic experience with its native 1080P resolution, 4K support, and impressive 18500 lumens brightness. It features versatile connectivity options, including Wi-Fi and Bluetooth, making it ideal for both indoor and outdoor entertainment.

This image showcases the WEWATCH V51-PS07 projector alongside its included 120-inch projection screen and a smartphone, illustrating the device's capability to project content from mobile devices onto a large display.

1. SETUP GUIDE

1.1 Package Contents

Before beginning, please verify that all items are present in your package:

- WEWATCH V51-PS07 Projector
- 120-inch Premium Projector Screen
- Remote Control
- Power Cable
- HDMI Cable
- User Manual
- 3M Adhesive Stickers (for screen installation)
- Hooks (for screen installation)

| 120-inch Projection Screen | 8 x 3M Stickers | 8 x Hooks |

The WEWATCH V51-PS07 projector package includes essential accessories for immediate setup, such as a high-quality 120-inch projection screen, along with 3M adhesive stickers and hooks for easy installation of the screen.

1.2 Projector Placement

Choose a flat, stable surface for your projector. Ensure there is adequate ventilation around the device. The projection distance will determine the screen size. For optimal viewing, a projection distance that yields a 120-inch screen is recommended, though the projector supports up to 450 inches.
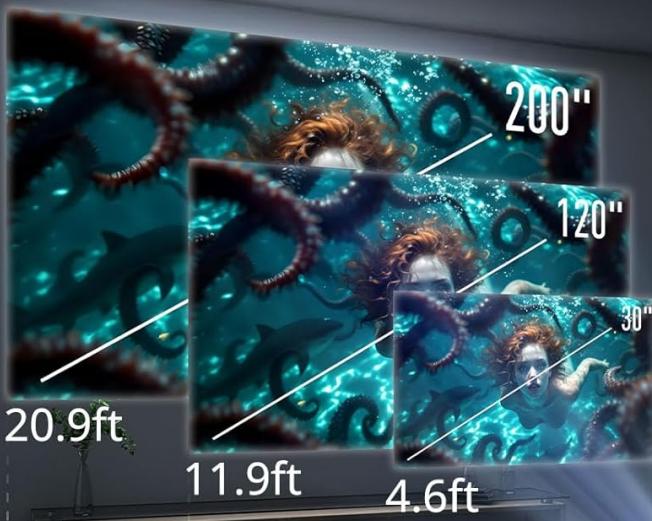

This graphic demonstrates the versatile projection capabilities of the WEWATCH V51-PS07, allowing for screen sizes ranging from 30 inches up to a maximum of 450 inches, adaptable to various viewing environments.

1.3 Power Connection

Connect the power cable to the projector's power input port and then plug the other end into a standard electrical outlet. The power indicator light will illuminate.

2. OPERATING INSTRUCTIONS

2.1 Power On/Off

Press the power button on the projector or the remote control to turn the unit on or off.

2.2 Focus and Keystone Adjustment

- **Focus:** Rotate the focus ring on the projector lens until the image appears sharp and clear.
- **Keystone Correction:** Use the remote control to access the keystone correction settings. The projector supports advanced ±50° 4-Point Keystone Correction to adjust the image shape if the projector is not perfectly perpendicular to the screen.

2.3 Input Source Selection

Press the 'Source' button on the remote control or the projector to cycle through available input sources (HDMI1, HDMI2, USB1, USB2, VGA, AV).

The image displays the comprehensive array of input and output ports on the WEWATCH V51-PS07 projector, including dual HDMI, dual USB, VGA, AV, and a 3.5mm audio jack, ensuring broad compatibility with various devices.

2.4 Connecting External Devices

- **HDMI:** Connect your laptop, gaming console, or streaming device (e.g., Fire TV Stick, Roku) to one of the HDMI ports.
- **USB:** Insert a USB drive into a USB port to play media files directly.
- **VGA/AV:** Use these ports for older devices or specific audio/video connections.

2.5 Bluetooth Audio Connection

The projector supports Bluetooth 5.0. Navigate to the Bluetooth settings in the projector's menu to pair with external Bluetooth speakers or headphones for an enhanced audio experience.

2.6 Wi-Fi Connection and Screen Mirroring

Connect the projector to your home Wi-Fi network (supports 5G+2.4G dual band) via the network settings. Once connected, you can use screen mirroring features (e.g., AirPlay for iOS, Miracast for Android) to project content wirelessly from your smartphone or tablet.

2.7 Streaming Device Compatibility

The WEWATCH V51-PS07 is fully compatible with popular streaming devices such as Fire TV Stick and Roku. Simply plug your streaming device into an HDMI port to access a vast library of movies, TV shows, and other online content.
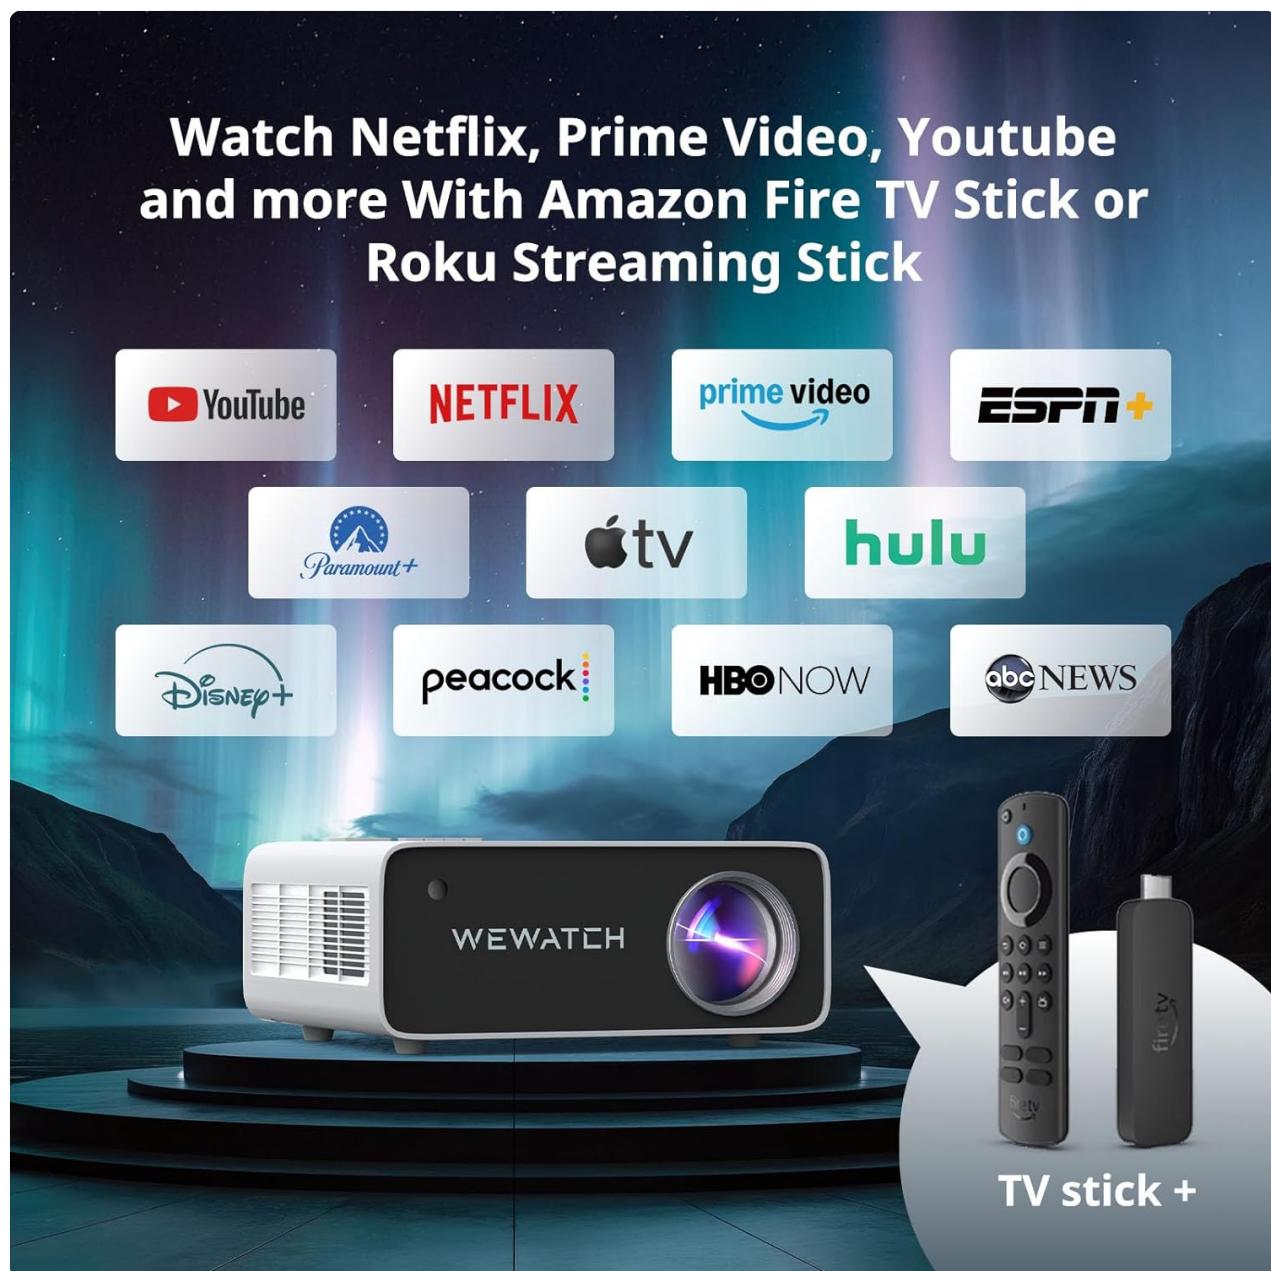

The image illustrates the projector's seamless compatibility with popular streaming platforms such as Netflix, YouTube, and Prime Video when connected to a TV stick, offering a wide range of entertainment options.

3. Maintenance

3.1 Cleaning

- **Lens:** Use a soft, lint-free cloth specifically designed for optical lenses to gently wipe the projector lens. Avoid abrasive materials or harsh chemicals.
- **Exterior:** Wipe the projector's exterior with a soft, dry cloth. Do not use liquid cleaners directly on the device.
- **Ventilation:** Ensure the ventilation vents are clear of dust and debris to prevent overheating. Use a soft brush or compressed air to clean them periodically.

3.2 Storage

When not in use, store the projector in a cool, dry place away from direct sunlight and extreme temperatures. If possible, use the original packaging or a protective case to prevent dust accumulation and physical damage.

4. Troubleshooting

If you encounter issues with your WEWATCH V51-PS07 Projector, please refer to the following common solutions:

Problem	Possible Solution
No image on screen	Check power connection. Ensure correct input source is selected. Verify HDMI/VGA cable connection.
Image is blurry	Adjust the focus ring on the lens. Ensure the projection distance is within recommended range.
Image is distorted (trapezoid shape)	Use the keystone correction feature in the settings menu. Adjust the projector's angle relative to the screen.
No sound	Increase volume on projector and connected device. Check audio cable connections (if applicable). Ensure Bluetooth is correctly paired if using external speakers.
Wi-Fi/Bluetooth connection issues	Ensure devices are within range. Restart the projector and the device you are trying to connect. Check Wi-Fi password and network stability.

5. PRODUCT SPECIFICATIONS

| Feature	Specification
Brand	WEWATCH
Model Number	V51-PS07
Display Resolution	Native 1920 x 1080P (4K Support)
Brightness	18500 Lumens
Aspect Ratio	16:9
Keystone Correction	±50° 4-Point Keystone Correction
Connectivity Technology	Wi-Fi (5G+2.4G Dual Band), Bluetooth 5.0, HDMI x 2, USB x 2, VGA, AV, 3.5mm Audio Jack
Speaker Type	Built-In Hi-Fi Stereo Speakers
