2. Initial Setup

2.1. Unboxing and First Power On

- Carefully remove the phone and included charging cable from the packaging.
- Press and hold the Power/Lock button (located on the right side) until the Samsung logo appears.
- Follow the on-screen prompts to select your language, connect to Wi-Fi, and set up your Google account.

2.2. SIM Card Installation

- Locate the SIM card tray on the bottom edge of the device.
- Insert the provided SIM ejector tool into the small hole next to the tray and push gently until the tray pops out.

- Place your Nano-SIM card into the tray with the gold contacts facing down.
- Carefully reinsert the tray into the phone. The device also supports eSIM functionality.

2.3. Security Setup

- Set up a secure screen lock (PIN, pattern, or password).
- Configure Face Recognition for convenient unlocking.
- Utilize the in-display fingerprint sensor for additional biometric security.

3. Key Features

3.1. S Pen Integration

The Galaxy S22 Ultra features a built-in S Pen with ultra-low latency, enhancing productivity and creativity. It allows for precise writing, sketching, annotating documents, controlling media, and even taking photos remotely.

3.2. Dynamic AMOLED 2X Display

Experience a 6.8-inch Dynamic AMOLED 2X display with HDR10+ support, an adaptive 1–120Hz refresh rate, and up to 1,750 nits peak brightness. This display provides vibrant colors, deep contrast, and smooth visuals, maintaining visibility even in bright sunlight.

3.3. Advanced Quad Camera System

The rear quad-camera system offers versatile photography capabilities:

- **108MP Main Sensor:** Captures highly detailed photos.
- **Dual Telephoto Lenses:** Provides up to 10x optical zoom and 100x

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
