Assembly Instructions

Assembly is straightforward and typically requires one person. All necessary tools are included in the accessory bag.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches. Identify all components against the package contents list.
2. **Assemble the Table Frame:** Attach the table legs to the table frame using the provided screws. Ensure the crossbars are correctly positioned for stability. Do not fully tighten screws until all parts are aligned.
3. **Attach Tabletop:** Place the tabletop onto the assembled frame. Align the pre-drilled holes on the tabletop with the holes on the frame. Secure the tabletop using the appropriate screws.
4. **Assemble the Chairs (Stools):** For each stool, attach the legs to the seat base. Ensure the footrests are correctly oriented and secured. As with the table, do not fully tighten screws until all parts are aligned.
5. **Final Tightening:** Once all components are assembled and aligned, systematically tighten all screws on both the table and chairs. Ensure they are snug but do not overtighten.
6. **Check Stability:** Gently shake the assembled table and chairs to ensure they are stable and do not wobble. Adjust screws if necessary.
