4. SETUP

4.1 Charging the Headset and Case

Before first use, fully charge both the headset and the charging case.

- Place the headset into the charging case. Ensure the charging contacts align.
- Connect the Type-C charging cable to the charging case and a USB power source.
- The digital display on the case will show the charging progress. A full charge is indicated by "100".
- Charging time for the headset is approximately 1.5 hours. The charging case also takes about 1.5 hours to fully charge.

4.2 Pairing with a Device

The TEIMO G1 headset uses Bluetooth V5.1 for quick and stable pairing.

1. **Power On:** Take the headset out of the charging case. It will automatically power on and enter pairing mode.
2. **Activate Bluetooth:** On your smartphone or tablet, enable Bluetooth.
3. **Search for Device:** Look for "G1" in the list of available Bluetooth devices.
4. **Connect:** Select "G1" to connect. Once connected, the headset will indicate successful pairing.
5. **Dual Device Pairing:** The headset supports connecting to two devices simultaneously. After pairing with the first device, disable Bluetooth on that device. Pair the headset with the second device. Then, re-enable Bluetooth on the first device, and the headset should automatically connect to both.

Pairing 2 Device Simultaneously

Widly compatable for iPhone/Android/Tablet ect.

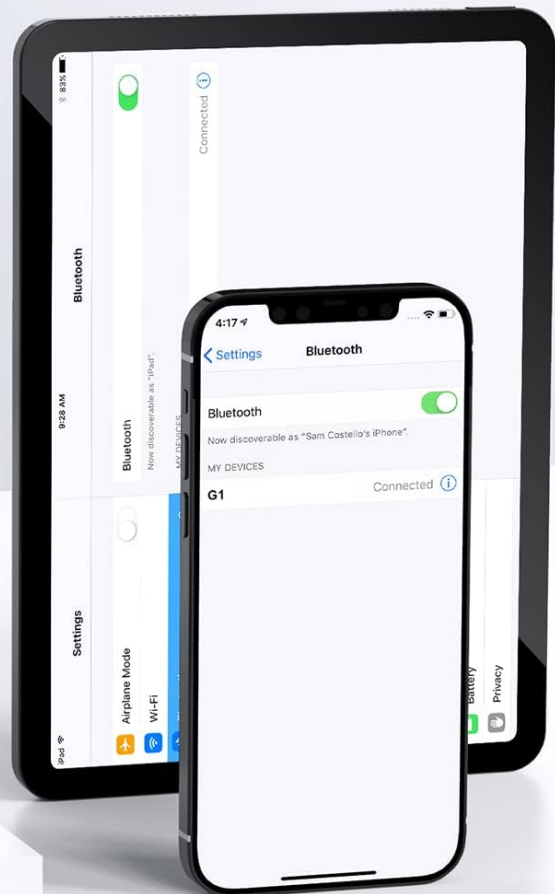

Figure 4.3: The G1 headset can be paired with two devices concurrently, such as a smartphone and a tablet.

5. OPERATING INSTRUCTIONS

The TEIMO G1 features sensitive touch controls for easy operation.

- **Power On/Off:** The headset powers on automatically when removed from the case and powers off when placed back in.
- **Play/Pause:** Single tap the MFB (Multi-Function Button) to play or pause music.
- **Next/Previous Song:** Double tap the MFB for the next song, triple tap for the previous song.
- **Volume Control:** Use the dedicated volume up/down buttons on the headset.
- **Answer/Hang Up Call:** Single tap the MFB to answer an incoming call, single tap again to hang up.
- **Refuse Call:** Press and hold the MFB for 2 seconds to refuse an incoming call.
- **Call Back:** Double tap the MFB to redial the last number.
- **Activate Voice Assistant (Siri):** Press and hold the MFB for 2 seconds to activate your device's voice assistant.

Adjustable Comfortable fit for both ear

6. COMFORTABLE WEARING

The TEIMO G1 is designed for ergonomic comfort and can be worn on either ear.

- **Adjustable Earpiece:** The earpiece can be rotated 180 degrees to fit comfortably on either the left or right ear. The ear hook can also be rotated 360 degrees, and the earbud angle can be adjusted by 45 degrees for optimal fit.
- **Eartips:** Three sizes of eartips (Small, Medium, Large) are provided to ensure a secure and comfortable fit for different ear canal sizes. Choose the size that provides the best seal and comfort.
- **Lightweight Design:** The headset's lightweight design minimizes discomfort during extended use.

7. MAINTENANCE

To ensure the longevity and optimal performance of your TEIMO G1 headset, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the headset and charging case with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headset in its charging case to protect it from dust and damage. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Water:** While designed for daily use, avoid submerging the headset or charging case in water.
- **Charging:** Use only the provided Type-C charging cable or a certified equivalent.

8. TROUBLESHOOTING

If you encounter issues with your TEIMO G1 headset, refer to the following common solutions:

Problem	Possible Solution
Headset does not power on.	Ensure the headset is charged. Place it in the charging case and check the battery indicator.
Cannot pair with device.	Ensure Bluetooth is enabled on your device. Make sure the headset is in pairing mode (usually indicated by a flashing light). Forget "G1" from your device's Bluetooth list and try pairing again. Ensure the headset is within 10 meters of your device.
No sound or low volume.	Adjust the volume on both the headset and your connected device. Ensure the headset is properly connected to your device. Try re-pairing the headset.

Problem	Possible Solution
Call quality is poor.	<p>Ensure the microphone is not obstructed.</p> <p>Move closer to your connected device to improve signal strength.</p> <p>Avoid environments with strong electromagnetic interference.</p>
