Ferplast Multipla Hamster

Ferplast Multipla Hamster Large Cage Instruction Manual

Model: Multipla Hamster (57007417)

INTRODUCTION

This manual provides detailed instructions for the assembly, use, and maintenance of your Ferplast Multipla Hamster Large Cage. Designed for hamsters and mice, this modular habitat offers a spacious and adaptable environment for your small pets.

The Multipla Hamster Large cage features a living space of 0.52 square meters across multiple levels, connected by ladders. It is constructed from recycled metal mesh panels, with a base and shelves made from recycled plastic, reflecting an eco-sustainable design. Transparent walls ensure visibility of your pets. The deep base is designed to contain litter and allow animals to burrow. This product features a patented Ferplast design.

Included accessories are a 75cc drinking bottle, a 65cc food bowl, a hamster house, an exercise wheel, shelves, and ladders, along with hamster tubes.

PACKAGE CONTENTS

Before assembly, please verify that all components are present:

- · Metal mesh panels
- · Recycled plastic base
- · Recycled plastic shelves
- Ladders
- 75cc drinking bottle
- 65cc food bowl
- · Hamster house
- · Exercise wheel
- · Hamster tubes
- · Connection clips and joints

If any parts are missing or damaged, please contact Ferplast customer support.

ASSEMBLY INSTRUCTIONS

The Multipla Hamster Large cage is delivered as an assembly kit. It can be assembled without special tools using the provided joints and connectors. Refer to the included instruction sheet for specific diagrams. The cage is designed for modularity, allowing for various configurations.

Figure 1: Fully assembled Ferplast Multipla Hamster Large Cage, showcasing its spacious design and included accessories such as the exercise wheel, water bottle, food bowl, and tunnels. A hamster is visible inside.

- 1. **Prepare the Base:** Place the recycled plastic base on a flat, stable surface.
- 2. **Attach Side Panels:** Connect the transparent side panels to the base using the provided joints and clips. Ensure they are securely fastened.
- 3. **Install Mesh Panels:** Attach the metal mesh panels to form the upper structure of the cage. The panels interlock and are secured with clips.
- 4. **Insert Shelves and Ladders:** Position the plastic shelves at desired levels and connect them with the ladders. These create multi-level access for your pets.

5. Add Accessories:

- Drinking Bottle: Secure the 75cc drinking bottle to the mesh at an accessible height.
- **Food Bowl:** Place the 65cc food bowl on a stable surface within the cage, preferably on a shelf or in a designated area.
- Hamster House: Position the hamster house to provide a secure hiding and sleeping spot.
- Exercise Wheel: Attach the exercise wheel securely to the cage structure.
- Hamster Tubes: Connect the hamster tubes to designated openings on the cage to create tunnels for exploration. The cage is prepared for additional tube attachments.
- 6. Secure the Roof: Close and secure the opening roof panels.

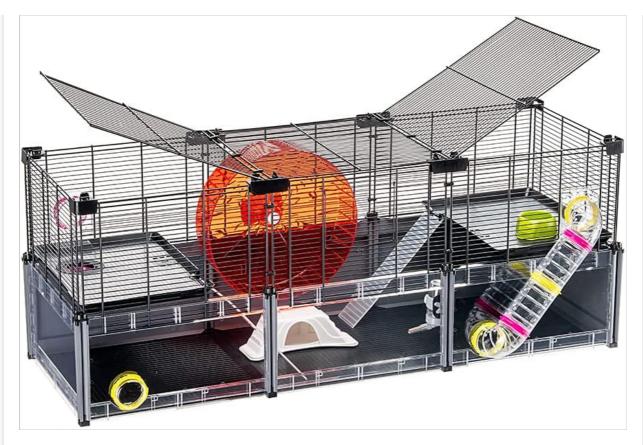

Figure 2: The Ferplast Multipla Hamster Large Cage with its roof panels open, demonstrating easy access for cleaning and interaction with pets.

Modular Expansion: The cage can be expanded using optional extension kits (sold separately). The Base Extension can be applied to both the lower and upper parts of the cage, while the Roof Extension is designed for the upper part only. Refer to the extension kit instructions for detailed assembly.

OPERATING INSTRUCTIONS

Once assembled, the Multipla Hamster Large Cage provides a suitable habitat for hamsters and mice. Ensure the cage is placed in a safe, quiet location away from direct sunlight, drafts, and extreme temperatures.

Figure 3: The Ferplast Multipla Hamster Large Cage integrated into a home environment, providing a clear view of the pet inside.

- **Bedding:** Fill the deep base with appropriate bedding material (e.g., sawdust, paper-based bedding) to a depth that allows your pet to burrow and hide. The deep base helps contain bedding and dirt.
- **Food and Water:** Keep the food bowl filled with fresh, appropriate food for your pet. Ensure the drinking bottle is always full of clean water and functioning correctly.
- **Enrichment:** Utilize the provided accessories such as the exercise wheel, house, and tubes to encourage activity and mental stimulation.
- **Pet Introduction:** Carefully introduce your hamster or mouse to its new habitat. Observe their behavior to ensure they are comfortable and utilizing all areas of the cage.

Maintenance and Cleaning

Regular cleaning is essential for maintaining a healthy environment for your pets. The cage's design facilitates easy maintenance.

1. Daily Checks:

- · Remove any uneaten fresh food.
- Refill the water bottle with fresh water.

· Spot clean soiled bedding.

2. Weekly Cleaning:

- Open the roof for easy access to the interior.
- Remove your pet to a secure temporary enclosure.
- Empty all old bedding from the base.
- Remove and clean all accessories (food bowl, water bottle, wheel, house, tubes) with warm water and a pet-safe disinfectant. Rinse thoroughly.
- Wipe down all surfaces of the cage, including the base, shelves, and mesh panels, with warm water and a pet-safe cleaner.
- Rinse all components thoroughly to remove any cleaning solution residue.
- Allow all parts to dry completely before reassembling and adding fresh bedding.
- 3. **Deep Cleaning:** Periodically, a more thorough cleaning may be required. The modular design allows for easier disassembly for deep cleaning if necessary.

Note: While the cage may initially seem complex to clean, with practice and minimal water, cleaning can be performed efficiently.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|--|--|--|
| Difficulty during assembly | Incorrect alignment of panels or connectors. | Refer to the detailed instruction sheet. Ensure all joints and clips are correctly oriented and fully engaged. Assembly may require careful alignment. |
| Cracked panels upon arrival | Shipping damage. | Inspect all panels upon receipt. If damaged, contact Ferplast customer support immediately for replacement parts. |
| Cage feels unstable after assembly | Panels or clips not fully secured. | Double-check all connection points. Ensure every clip and joint is firmly in place. The cage should be stable once fully assembled. |
| Water bottle leaking | Improper seal or faulty nozzle. | Ensure the bottle is filled completely to create a vacuum seal. Check the rubber stopper and nozzle for damage or blockages. |

SPECIFICATIONS

The following specifications apply to the Ferplast Multipla Hamster Large Cage (Model 57007417):

Model Name: MULTIPLA HAMSTER

• Brand: Ferplast

• Material: Recycled plastic and iron

• Item Model Number: 57007417

· Color: Black

• Overall External Dimensions: 107.5 x 37.5 x h 42 cm (approximately 42.32" L x 14.76" W x 16.54"

H)

- Living Space: 0.52 square meters
- Item Weight: 8.7 Kilograms (approximately 19.17 pounds)
- **Included Components:** 75 cc drinking bottle, 65 cc bowl, house, hamster wheel, shelves with ladders, hamster tubes.
- Target Audience: Rodents, small-animal-pets
- Specific Uses: Indoor
