# Sojag Sanibel 8' x 8' Hardtop Gazebo Instruction Manual

## INTRODUCTION

---

This manual provides essential information for the safe assembly, operation, and maintenance of your Sojag Sanibel 8' x 8' Hardtop Gazebo. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## SAFETY INFORMATION

---

## General Safety Guidelines

- Always ensure the gazebo is assembled on a level and stable surface.
- Two or more people are recommended for assembly to ensure safety and proper installation.
- Securely anchor the gazebo to the ground or a solid surface to prevent movement due to wind.
- Regularly inspect all connections and fasteners to ensure they remain tight.
- Do not hang heavy objects from the gazebo frame.
- Keep children and pets away from the assembly area.

## Weather Considerations

**Important: Any accumulation of snow should always be removed from the roof to preserve the durability and stability of your gazebo. Failure to do so may result in structural damage and void the warranty.**

In strong winds or severe weather conditions, it is recommended to remove the mosquito netting and secure any loose components to prevent damage.

## PACKAGE CONTENTS

---

Before beginning assembly, verify that all parts listed in the product packaging are present and undamaged. If any parts are missing or damaged, contact Sojag customer support.

Key components typically include:

- Aluminum Frame Components
- Galvanized Steel Roof Panels
- Nylon Mosquito Netting
- Assembly Hardware (bolts, screws, washers, etc.)

## Visual Guide to Components

# SANIBEL WOOD

## SERIES

### REINFORCED CONSTRUCTION

Frame features an extruded aluminum design that produces enhanced durability.

### DURABLE ROOF

The galvanized steel panels provide maximum protection from the elements.

### PROTECTIVE FINISH

Featuring premium Interpon AkzoNobel powder coating for maximum protection against rust, corrosion and color fading.

### WOOD FINISH

Premium wood grain gives Sanibel its warm, organic look.

### SIMPLE ASSEMBLY

Do it yourself with pre-drilled parts, easy-to-follow instructions, and hardware.

### EASY ANCHORING

Pre-drilled base for anchoring to multiple surfaces as required for safety and warranty coverage

### PEST PREVENTION

Includes 4 walls of nylon mosquito netting to keep pests out of the gazebo. Includes tiebacks for each corner.

## ASSEMBLY INSTRUCTIONS

Assembly of the Sojag Sanibel gazebo requires two or more people. Follow the detailed, illustrated instructions provided in your product packaging. The frame features pre-drilled parts for straightforward assembly.

### Step 1: Frame Assembly

Begin by assembling the main aluminum frame structure. Ensure all connections are secure but do not fully tighten bolts until the entire frame is upright and aligned.

**1 YEAR  
LIMITED  
WARRANTY**

*Image: A person assembling a metal gazebo frame, demonstrating the DIY nature of the assembly process.*

## **Step 2: Roof Panel Installation**

Carefully install the galvanized steel roof panels. These panels provide robust protection from the elements. Ensure they are correctly aligned and secured to prevent leaks.

*Image: A close-up view of the gazebo's roof structure and frame, highlighting the wood-effect finish and dark roof panels.*

### **Step 3: Anchoring the Gazebo**

Once the frame and roof are assembled, securely anchor the gazebo to your chosen surface. Pre-drilled bases are provided for this purpose, ensuring stability and safety.

*Image: A close-up of the gazebo's base plate anchored to a wooden deck, showing the secure attachment point.*

#### **Step 4: Mosquito Netting Installation**

Install the nylon mosquito netting using the double-track system. This system allows for simultaneous use of netting and optional curtains (sold separately).

# DOUBLE-TRACK SYSTEM

allows for  
simultaneous use of  
mosquito netting and curtains

*Image: A diagram illustrating the double-track system on the gazebo frame, designed for hanging both mosquito netting and curtains simultaneously.*

*Image: A close-up of the mosquito netting tied back to a gazebo post, showing the fabric and the wood-effect finish of the post.*

## OPERATION

---

The Sojag Sanibel gazebo provides a shaded outdoor area and protection from insects with its integrated mosquito netting. The netting can be drawn closed to enclose the space or tied back to the posts for an open feel.

Image: The Sojag Sanibel gazebo set up in a backyard, with its mosquito netting fully closed, providing an enclosed outdoor space.

Image: The Sojag Sanibel gazebo in a backyard setting, with the mosquito netting completely open or removed, showcasing the open structure.

## MAINTENANCE

---

- **Roof Care:** Regularly remove any snow accumulation from the roof to prevent structural damage.
- **Cleaning:** Clean the aluminum frame and steel roof panels with mild soap and water. Avoid abrasive cleaners. The mosquito netting can be hand-washed with mild detergent and air-dried.
- **Inspection:** Periodically check all bolts, screws, and connections for tightness. Tighten as necessary.
- **Winter Storage:** While designed for all-season use, consider removing the mosquito netting during winter months to prolong its lifespan.

## TROUBLESHOOTING

---

### Gazebo Instability

Ensure the gazebo is properly anchored to a solid, level surface. Check all frame connections and tighten any loose bolts.

### Water Leaks from Roof

Verify that all roof panels are correctly installed and overlap as per the assembly instructions. Check for any gaps or misalignments.

### Mosquito Netting Issues

If netting does not slide smoothly, inspect the double-track system for obstructions or damage. Ensure the netting is

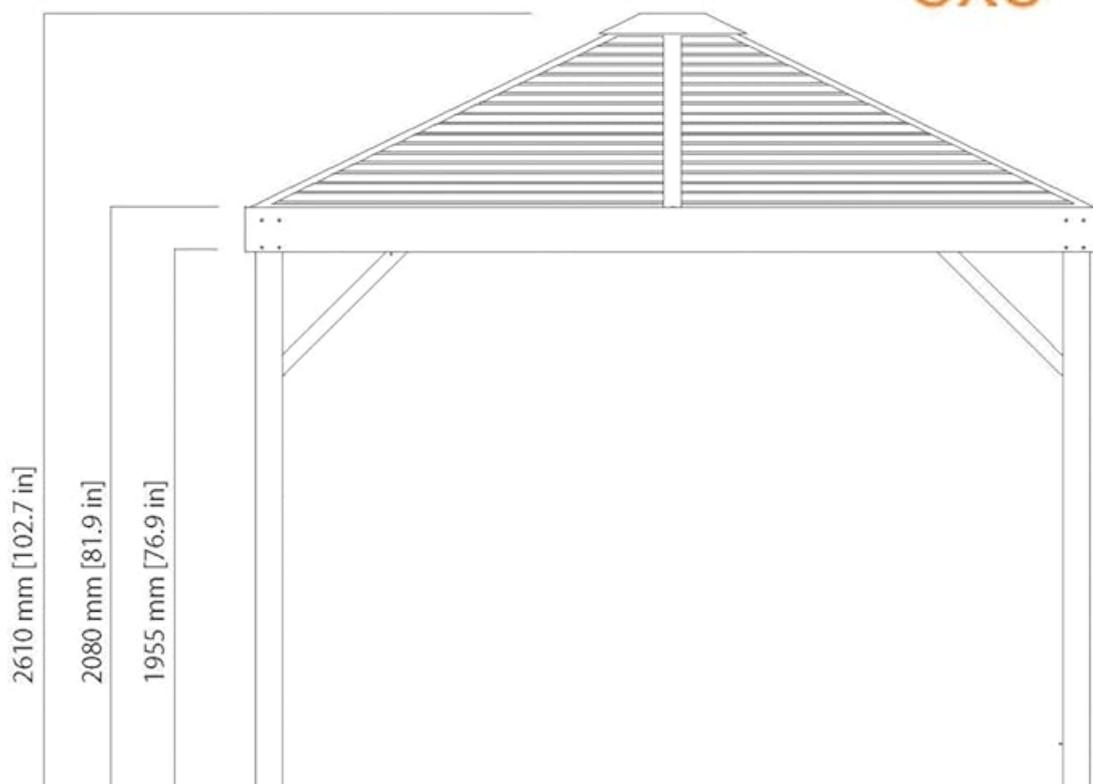

properly hung on the tracks.

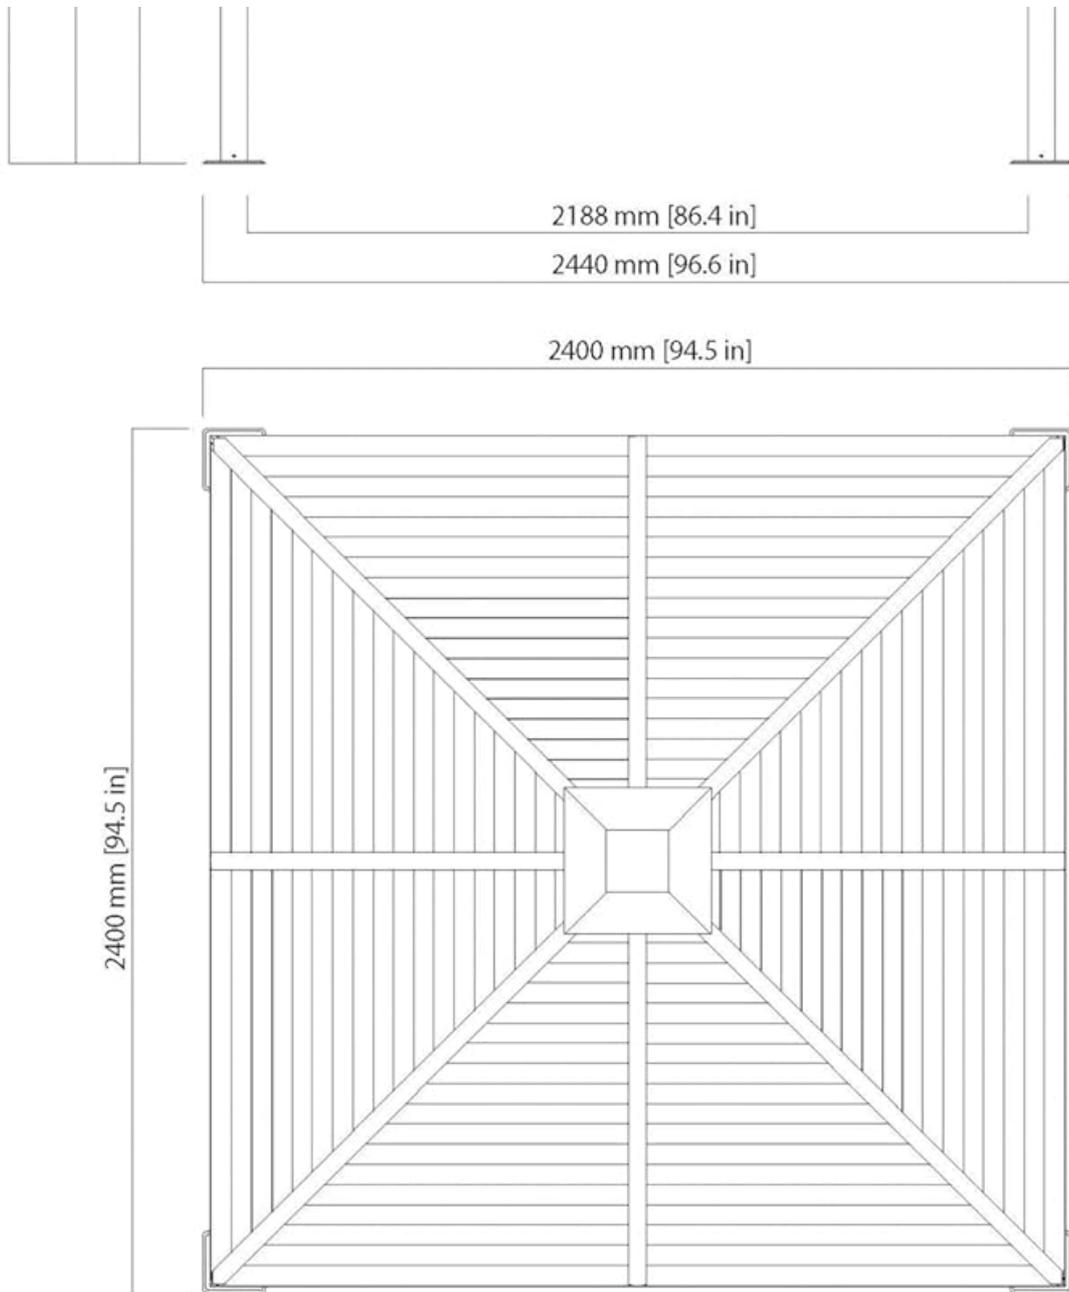

## SPECIFICATIONS

Feature	Detail
Brand	Sojag
Model Number	500-9168181
Product Dimensions	94.49"L x 94.49"W x 102.76"H
Material	Alloy Steel, Aluminum
Frame Material	Aluminum
Roof Material	Galvanized Steel
Color	Wood Effect
Item Weight	152.12 Pounds
Water Resistance Level	Waterproof
UV Protection	Yes
Assembly Required	Yes
