Sojag Verona 10 Ft. X 14 Ft. Gazebo

INSTRUCTION MANUAL

1. Introduction

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your Sojag Verona 10 Ft. X 14 Ft. Gazebo. Please read this manual thoroughly before beginning assembly or use to ensure proper installation and safe operation. Keep this manual for future reference.

2. Safety Information

Always prioritize safety during assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Two-Person Assembly:** Assembly requires a minimum of two people for safety and ease of installation.
- **Site Selection:** Choose a level, stable surface for installation. Ensure adequate clearance from power lines, trees, and other structures.
- **Anchoring:** Securely anchor the gazebo to the ground using appropriate hardware to prevent wind uplift.
- **Snow Removal:** In areas with snow accumulation, it is crucial to regularly remove snow from the gazebo roof to prevent structural damage.
- **Inspection:** Periodically inspect all bolts, screws, and connections to ensure they are tight and secure.

3. Setup and Assembly

The Sojag Verona Gazebo is designed for straightforward assembly. All necessary parts and easy-to-follow instructions are included. It is recommended that two or more people participate in the assembly process.

1. **Unpack and Identify Parts:** Carefully unpack all components and verify against the parts list provided in the separate assembly guide.
2. **Frame Assembly:** Begin by assembling the aluminum frame components. The extruded aluminum design provides enhanced durability.
3. **Roof Panel Installation:** Install the UV-protected polycarbonate roof panels. These panels allow natural light while blocking harmful UV rays.
4. **Mosquito Netting and Curtains:** Attach the nylon mosquito netting using the double-track system. This system allows for simultaneous use of netting and optional curtains (sold separately).
5. **Final Securing:** Ensure all connections are tightened and the gazebo is securely anchored to its foundation.

WIDE DIAMETER COLUMNS

improved
strength and durability

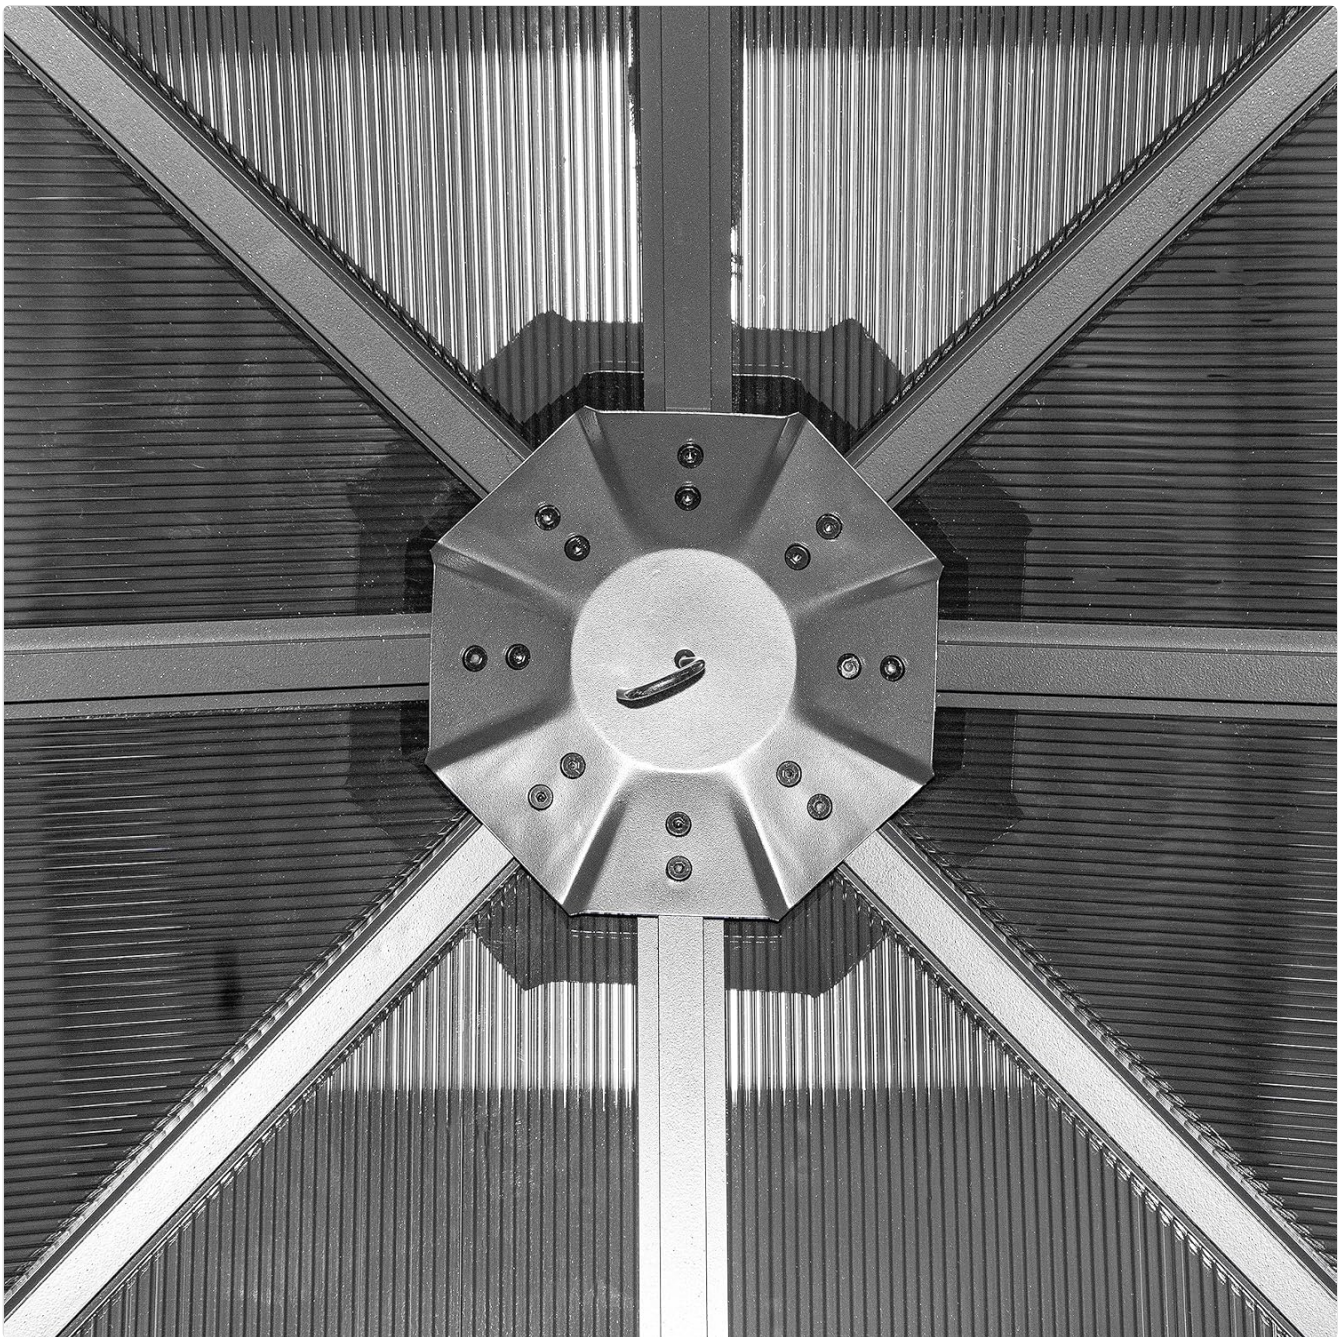

Image 3.2: Close-up view of the gazebo's wide diameter column and base plate, highlighting the robust construction designed for improved strength and durability.

4. Operating Instructions

The Sojag Verona Gazebo is designed to enhance your outdoor living space, providing shade and protection throughout the year.

- **Shade and UV Protection:** The polycarbonate roof panels provide effective shade and block harmful ultraviolet rays, making it comfortable for daytime use.
- **Pest Control:** Utilize the integrated nylon mosquito net to keep insects out, ensuring an enjoyable outdoor experience. The double-track system allows the netting to be easily deployed or retracted.
- **All-Season Use:** The robust aluminum frame with AkzoNobel's Interpon Powder Coating is built to withstand various weather conditions, allowing for year-round enjoyment.

Image 4.1: Detail of the double-track system, which allows for the simultaneous use of mosquito netting and privacy curtains, offering versatile protection and comfort.

Image 4.2: Close-up of the hook mechanism for securing the mosquito netting, demonstrating the ease of use for pest prevention.

5. Maintenance

Regular maintenance will prolong the life and appearance of your Sojag Verona Gazebo.

- **Snow Accumulation:** Sojag strongly recommends removing any significant snow accumulation from the gazebo roof. Heavy snow can put excessive stress on the structure and lead to damage.
- **Cleaning:** Clean the aluminum frame and polycarbonate panels with a mild soap and water solution. Avoid abrasive cleaners or harsh chemicals that could damage the AkzoNobel's Interpon Powder Coating or the polycarbonate. Rinse thoroughly with clean water.
- **Frame Protection:** The AkzoNobel's Interpon Powder Coating provides protection from fading, scratching, and corrosion. Avoid sharp objects that could scratch the coating.
- **Netting Care:** The nylon mosquito net can be gently cleaned with mild soap and water. Ensure it is completely dry before storing or retracting for extended periods.

DOUBLE-TRACK SYSTEM

6. Troubleshooting

If you encounter issues with your Sojag Verona Gazebo, refer to the following common problems and solutions:

- **Missing Parts:** If any components are missing upon delivery, carefully re-check all packaging. If parts are still missing, contact Sojag customer support with your product model number and a detailed description of the missing items.
- **Assembly Difficulties:** Ensure you are following the step-by-step instructions provided in the separate assembly guide. Verify that all parts are oriented correctly. Do not force components together.
- **Wobbly Structure:** Check that all bolts and screws are securely tightened. Ensure the gazebo is installed on a completely level surface. Re-anchor if necessary.
- **Water Leakage:** Inspect roof panels for proper seating and ensure all seals are intact. Check for any cracks or damage to the polycarbonate.

7. Specifications

Detailed specifications for the Sojag Verona 10 Ft. X 14 Ft. Gazebo:

Specification	Value
Brand	Sojag
Model Number	314-9168488
Product Dimensions	166.33"L x 117.44"W x 102.75"H
Material	Aluminum, Polycarbonate
Frame Material	Aluminum
Color	Charcoal
Item Weight	142.2 Pounds
Water Resistance Level	Waterproof
Ultraviolet Light Protection	Yes
Assembly Required	Yes
Shape	Rectangular
UPC	772830168488
