2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- Always ensure the cabinet is placed on a stable, flat surface to prevent tipping.
- Do not overload the cabinet beyond its specified weight capacity. Refer to the "Specifications" section for details.
- Exercise caution when handling bamboo components to avoid splinters or other injuries during assembly.
- Keep the cabinet away from direct heat sources and prolonged direct sunlight to prevent warping, discoloration, or damage to the bamboo material.
- Ensure all screws and fasteners are securely tightened during assembly and periodically check for looseness.
- Keep small parts and packaging materials away from children to prevent choking hazards.

3. PARTS LIST

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Top Panel
- Middle Shelf
- Bottom Panel
- Side Panels (2)
- Back Panel
- Door Panel
- Legs (4)
- Hardware Pack (screws, magnetic catch, hinges, groove handle)
- Instruction Manual (this document)

4. ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Please follow these steps carefully. It is recommended to assemble the cabinet on a soft, clean surface to prevent scratches.

1. **Step 1: Attach Legs to Bottom Panel.** Secure the four bamboo legs to the designated corners of the bottom panel using the provided screws. Ensure they are firmly attached.
2. **Step 2: Connect Side Panels to Bottom Panel.** Attach the two side panels to the bottom panel, aligning the pre-drilled holes. Fasten them with screws.
3. **Step 3: Insert Middle Shelf.** Slide the middle shelf into the grooves or attach it to the designated supports on the side panels. Secure if necessary.
4. **Step 4: Attach Top Panel.** Place the top panel onto the assembled structure, aligning it with the side panels. Secure it with screws.
5. **Step 5: Install Back Panel.** Carefully slide or attach the back panel into the rear grooves of the cabinet. Secure with small nails or screws if provided.
6. **Step 6: Attach Door.** Mount the door panel to one of the side panels using the hinges. Ensure the door swings freely.
7. **Step 7: Install Magnetic Catch and Handle.** Attach the magnetic catch to the inside of the cabinet frame and the corresponding plate to the door. Install the groove handle on the door for easy opening.

5. OPERATION

The Giantex Bamboo Floor Cabinet is designed for versatile storage in various rooms.

- **Open Shelves:** Utilize the upper open shelves for items requiring easy access, such as towels, toiletries, or decorative items.
- **Storage Cabinet:** The lower cabinet with a door provides concealed storage for items you wish to keep out of sight, such as cleaning supplies, extra toilet paper, or personal belongings. The groove handle and magnetic catch ensure easy opening and secure closing.
- **Versatile Placement:** This cabinet is suitable for bathrooms, kitchens, living rooms, and bedrooms, offering additional storage without occupying excessive floor space due to its slender design.

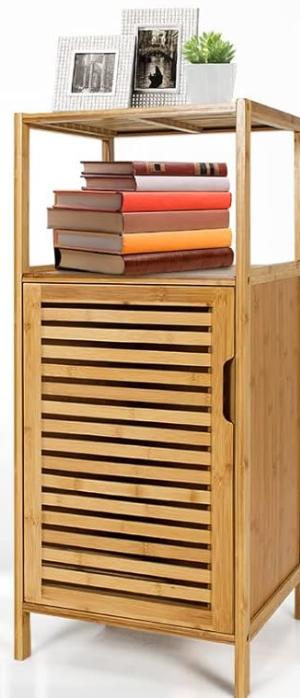

Meet Different Needs in Different Areas

Bathroom Cabinet

Kitchen Cupboard

Side Organizer

Bathroom

Living Room

Kitchen

Bedroom

6. MAINTENANCE

Proper care will extend the life and appearance of your bamboo cabinet.

- **Cleaning:** Wipe the cabinet surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as they can damage the painted bamboo finish.
- **Spills:** Promptly wipe up any spills to prevent water damage or staining, especially on the bamboo surfaces.
- **Humidity:** While bamboo is naturally resistant, avoid prolonged exposure to excessive humidity to prevent warping or mold growth. Ensure good ventilation in humid environments like bathrooms.
- **Inspection:** Periodically check all fasteners and connections to ensure they remain tight. Retighten if necessary.

7. TROUBLESHOOTING

If you encounter any issues with your cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cabinet is wobbly.	Uneven floor or loose fasteners.	Ensure the cabinet is on a flat surface. Check and tighten all assembly screws.
Door does not close properly.	Misaligned hinges or magnetic catch.	Adjust hinges or reposition the magnetic catch and its plate. Ensure no obstructions.
Scratches on surface.	Rough handling or abrasive cleaning.	Use a soft cloth for cleaning. For minor scratches, a bamboo-safe furniture polish may help.
