## 3. Setup

### 3.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case. The charging case provides additional charges for extended use.

- A single charge provides approximately 4 hours of playtime.
- The charging case offers up to 6 additional charges, totaling up to 24 hours of use.
- A full charge for the earbuds takes approximately 2 hours.

## Enjoy Sweet Dreams with Wedoking Sleep Earbuds

Bluetooth 5.2

### 3.2 Pairing with Your Device

The earbuds feature true wireless Bluetooth 5.3 for a stable connection with Apple and Android devices.

1. Take both earbuds out of the charging case simultaneously. The earbud status lights will glow for a few seconds.
2. Once you hear the indicated voice prompt, open the Bluetooth settings on your device.
3. Locate and select the Bluetooth device named "SLEEP" to connect.
4. The earbuds will automatically power off when placed back in the charging case and automatically connect to the last paired device upon removal.

# 24-Hour Playtime

Earbuds last 4 hours of play time per charge and a maximum of 24 hours on 6 additional charges with the charging case

## 3.3 Wearing the Earbuds

The earbuds are designed to be tiny, lightweight, and comfortable for extended wear, especially for side sleepers.

- Select the appropriate size of silicone ear tips and earbud caps (L/M/S) for a snug and secure fit.
- The ultra-soft silicone tips mold to your ears, ensuring pressure-free comfort.
- Their invisible design makes them suitable for discreet use.
- The ergonomic design ensures stability and noise blocking, even without music.

## **Designed Specially for Sleeping**

Without any touch controls, much flatter for the side sleepers

## 4. Operating Instructions

### 4.1 Audio Playback

The earbuds are designed without touch controls to prevent accidental interruptions during sleep. All audio playback functions, such as adjusting volume, pausing, playing, or skipping tracks, must be controlled directly from your connected device (e.g., smartphone, tablet, laptop).

### 4.2 Call Handling

The earbuds include an inline microphone, allowing you to handle calls conveniently. To pick up or reject calls, use the controls on your connected device.

Video 4.1: Illustrates the use of earbuds for sleep and daily activities, emphasizing the absence of touch controls and call handling via the device.

## 5. Maintenance

To ensure the longevity and optimal performance of your wedoking Sleep Earbuds, follow these

maintenance guidelines:

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry cloth. For ear tips, remove them and gently wipe with a damp cloth, then allow them to air dry completely before reattaching.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage. Keep the case in a cool, dry place.
- **Avoid Extreme Conditions:** Do not expose the earbuds or charging case to extreme temperatures, humidity, or direct sunlight.
- **Water Resistance:** The earbuds are waterproof. However, avoid submerging them in water for extended periods or exposing them to high-pressure water jets. Ensure they are dry before placing them back in the charging case.

## 6. Troubleshooting

If you encounter issues with your wedoking Sleep Earbuds, refer to the following common problems and solutions:

- **Earbuds not pairing:** Ensure both earbuds are fully charged and removed from the case simultaneously. Check that Bluetooth is enabled on your device and that "SLEEP" is selected. Try forgetting the device on your phone and re-pairing.
- **No sound:** Check the volume level on your connected device. Ensure the earbuds are properly seated in your ears and connected via Bluetooth.
- **Low battery alerts:** The earbuds are designed without low battery alerts to avoid disturbing sleep. Monitor battery levels via your connected device or charge regularly.
- **Uncomfortable fit:** Experiment with the different sizes of ear tips and earbud caps provided to find the most comfortable and secure fit for your ears.

If the issue persists, please contact customer support for further assistance.
