JUTTAUTO 1672

JUTTAUTO Botanical Collection Flower Bouquet Building Set - Model 1672

Instruction Manual

Introduction

This manual provides detailed instructions for assembling your JUTTAUTO Botanical Collection Flower Bouquet Building Set, Model 1672. This set allows you to construct a beautiful and lasting display of artificial flowers using 534 mini building bricks. Please read all instructions carefully before beginning assembly.

Safety Information

- **Small Parts Warning:** This product contains small parts and is not suitable for children under 3 years of age due to choking hazards. Adult supervision is recommended during assembly.
- **Material:** The building bricks are made from recycled ABS plastic. While safe, avoid ingestion.
- **Handling:** Handle pieces with care to prevent damage or loss.

Package Contents

Your JUTTAUTO Botanical Collection Flower Bouquet Building Set, Model 1672, includes:

- 534 building bricks for various flower types (Violet, Great Masterwort, Tulip, Convallariae, and other botanical elements).
- Printed instruction booklet.

Assembly Instructions

Follow the step-by-step instructions provided in the included paper manual. The assembly process involves

connecting various mini bricks to form individual flower components and then combining them into a bouquet.

Step 1: Identify Flower Components

Before starting, familiarize yourself with the different types of flower components you will be assembling. The set includes parts for Violet, Great Masterwort, Tulip, and Convallariae flowers, along with leaves and stems.

Image: This diagram illustrates the distinct components for each flower type included in the set, such as Violet, Great Masterwort, Tulip Bud, Convallariae, Tulip, and various leaf designs. Use this as a reference during assembly.

Step 2: Assemble Individual Flowers

Refer to the instruction booklet for specific steps on how to build each flower. Each flower type has a unique construction method.

Image: Detailed view of assembled white bell-shaped flowers, showing their delicate construction.

Step 3: Adjust Stem Lengths

The stems of the flowers can be adjusted to achieve your desired bouquet height. Connect or disconnect stem segments as needed.

Image: This image demonstrates the adjustable nature of the flower stems, allowing users to customize the height of each flower by adding or removing green stem segments.

Step 4: Arrange the Bouquet

Once all individual flowers are assembled and their stems adjusted, arrange them into a bouquet. You may

place them in a vase (not included) for display.

Operating and Display

The JUTTAUTO Botanical Collection Flower Bouquet is designed for static display. Once assembled, place it in a suitable vase or container in your desired location. Ensure the display area is stable and away from direct sunlight or extreme temperatures to preserve the plastic material.

Maintenance

To maintain the appearance of your flower bouquet:

- **Cleaning:** Dust regularly with a soft, dry cloth or a soft brush. For more stubborn dirt, gently wipe with a damp cloth and mild soap, then dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss and dust accumulation.

Troubleshooting

- **Pieces not fitting:** Ensure you are using the correct pieces as indicated in the instruction manual. Apply gentle, even pressure when connecting bricks. Do not force pieces together.
- **Missing pieces:** Carefully check all packaging and sorting trays. If pieces are genuinely missing, contact customer support.
- **Bouquet instability:** Ensure all stem connections are secure. If using a vase, select one with a stable base and appropriate opening size for the bouquet.

Specifications

Brand	JUTTAUTO
Model Number	1672
Material	Recycled ABS Plastic
Number of Pieces	534
Product Dimensions (L x W x H)	22 x 10 x 6 cm (assembled, approximate)
UPC	710436627442
