onerbl DV6X-619

onerbl AC/DC Adapter Instruction Manual for DeVilbiss IntelliPAP 2 AutoAdjust Auto Machine

Model: DV6X-619

Introduction

This manual provides essential instructions for the safe and effective use of your onerbl AC/DC Adapter, designed for compatibility with DeVilbiss IntelliPAP 2 AutoAdjust Auto Machines. Please read this manual thoroughly before use and retain it for future reference.

Safety Information

To prevent electric shock, fire, or damage to the adapter or connected device, observe the following safety precautions:

- Ensure the adapter's voltage and current ratings match the requirements of your device.
- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to severe impact.
- Do not attempt to open, modify, or repair the adapter. Refer servicing to qualified personnel.
- Unplug the adapter from the power outlet when not in use for extended periods.
- Keep out of reach of children.
- Ensure proper ventilation around the adapter during operation.

Image: The adapter features a smart chip providing multiple layers of protection, including short-circuit, over-voltage, and over-current safeguards to ensure electrical safety.

Package Contents

Verify that all items are present in the package:

- 1 x onerbl AC/DC Adapter
- 1 x AC Power Cord

Image: The complete onerbl AC/DC adapter unit, including the main adapter block and the detachable AC power cord, coiled neatly.

Specifications

- **Input:** AC 100-240V, 50/60Hz (Worldwide AC Input)
- **Cable Length:** Approximately 10 feet (3 meters) total
- **Protections:** Over Voltage Protection, Over Heat Protection, Short-circuit Protection, Over-current Protection
- **Weight:** Approximately 8 ounces (227 grams)
- **Model Number:** DV6X-619
- **Brand:** onerbl
- **Manufacturer:** Shenzhen Waweis Technology Co., Ltd

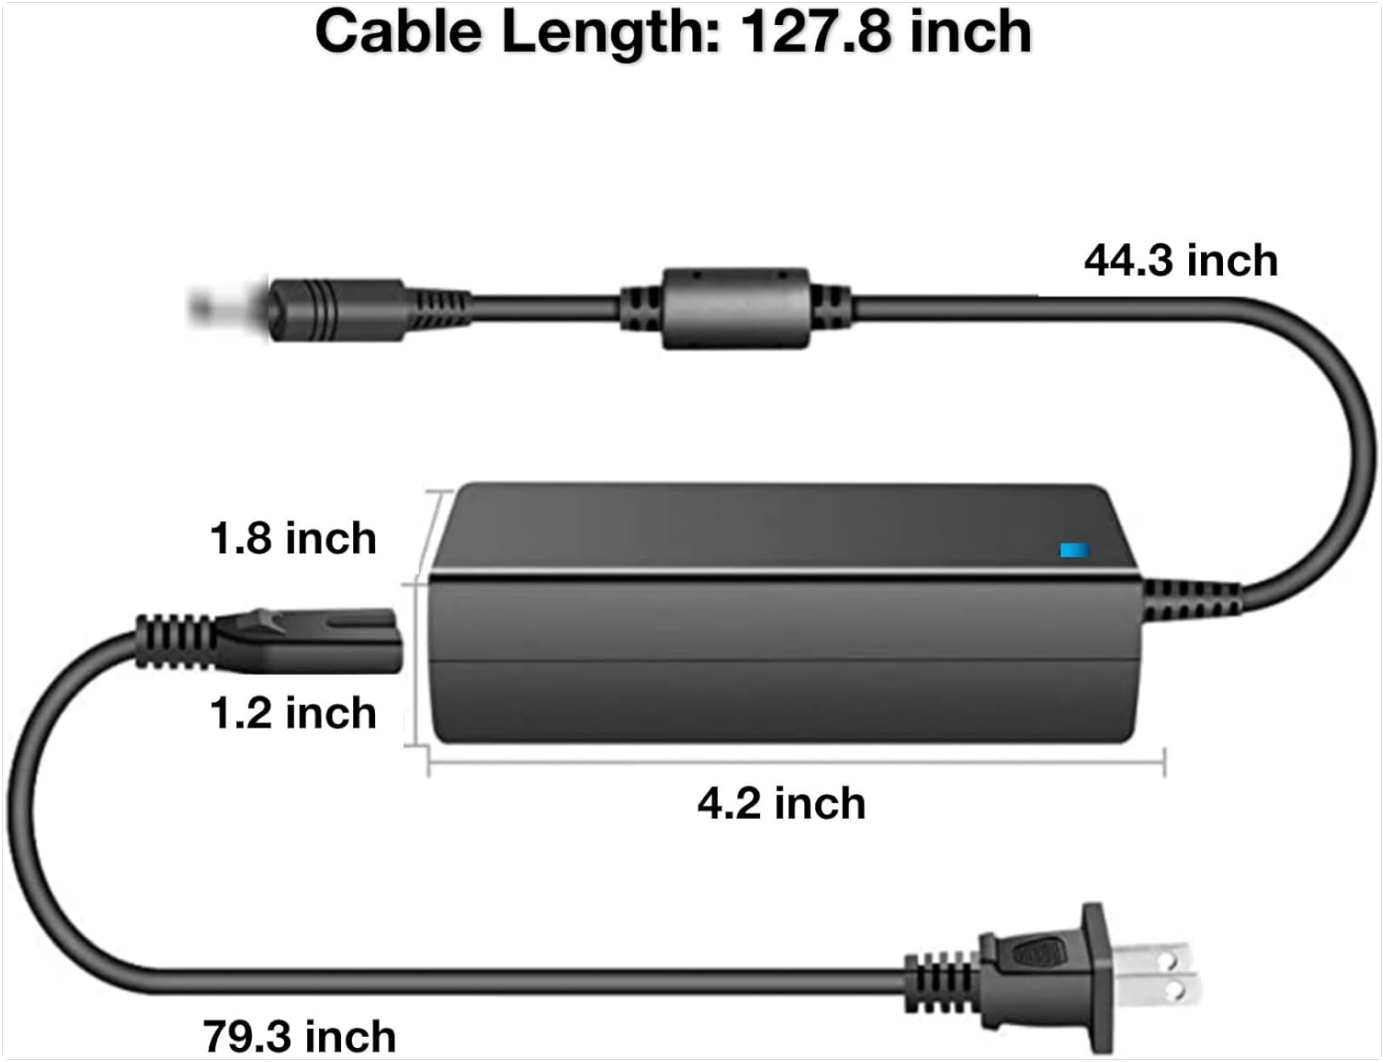

Image: A diagram illustrating the dimensions of the adapter block and the lengths of its integrated and detachable cables. The total cable length is approximately 127.8 inches (3.25 meters).

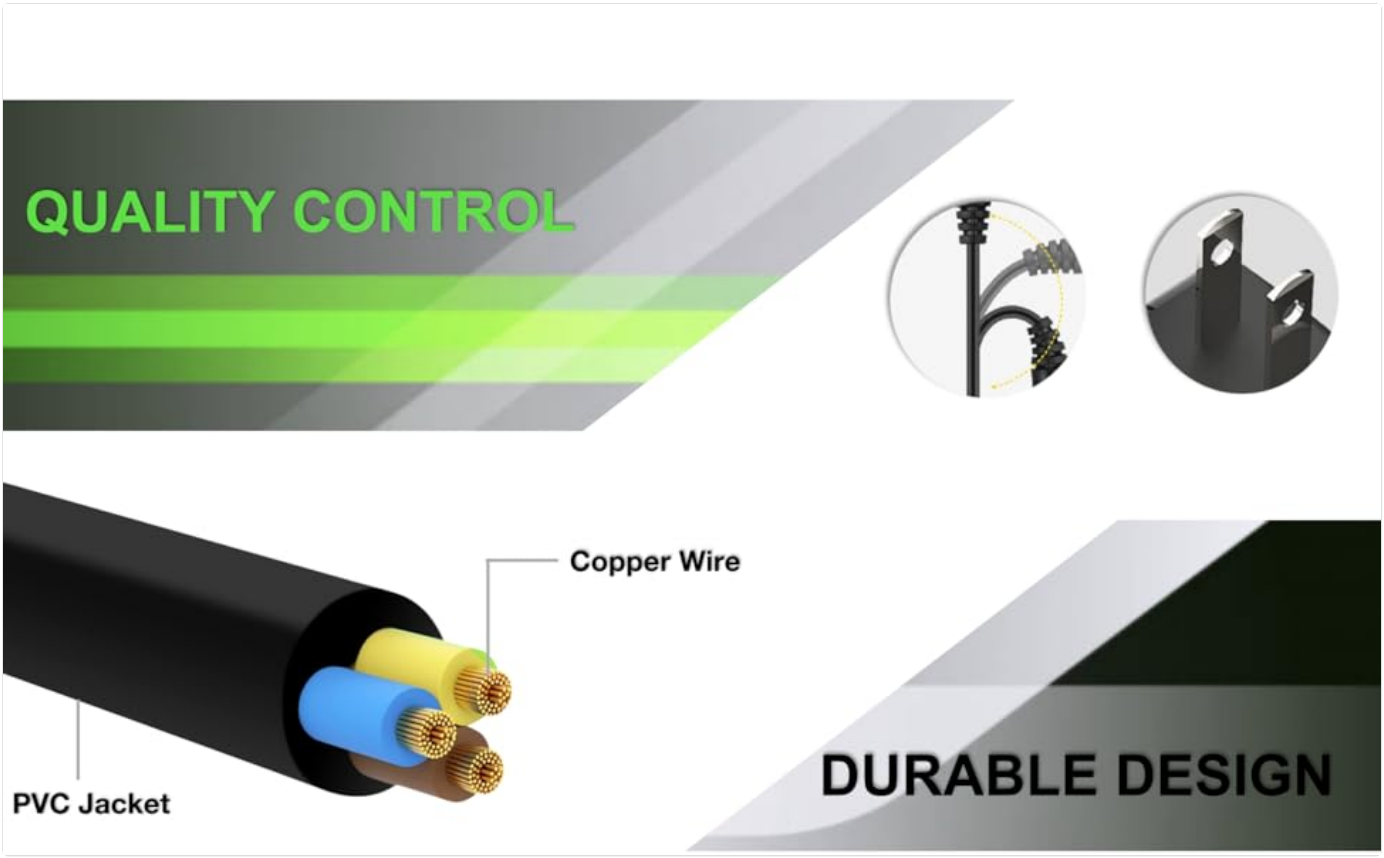

Image: An illustration detailing the durable design of the power cable, featuring a PVC jacket and copper wire for reliable performance and quality control.

Image: A visual comparison highlighting the extended 10-foot cable length of this adapter, offering greater flexibility compared to shorter 6.6-foot alternatives.

Setup

1. **Connect the AC Power Cord:** Insert the 2-prong end of the AC power cord into the corresponding receptacle on the onerbl AC/DC Adapter.
2. **Connect to Wall Outlet:** Plug the standard wall plug end of the AC power cord into a functional electrical wall outlet (AC 100-240V).
3. **Connect to Device:** Insert the DC output connector of the onerbl AC/DC Adapter into the power input port of your DeVilbiss IntelliPAP 2 AutoAdjust Auto Machine.
4. **Verify Connection:** Ensure all connections are secure. A blue indicator light on the adapter may illuminate, indicating power is supplied.

Operating Instructions

Once properly connected, the onerbl AC/DC Adapter will supply power to your DeVilbiss IntelliPAP 2 AutoAdjust Auto Machine. The adapter is designed for continuous operation within its specified voltage and current limits.

- Always ensure the adapter is connected to a stable power source.
- Do not overload the adapter by connecting it to devices that exceed its power output capabilities.
- If the adapter feels excessively hot, disconnect it immediately and check for proper ventilation or potential issues with the connected device.

Maintenance

To ensure the longevity and optimal performance of your adapter:

- **Cleaning:** Disconnect the adapter from the power source and device before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and moisture. Avoid tightly coiling the cables to prevent damage.
- **Inspection:** Periodically inspect the adapter and cables for any signs of damage, such as frayed wires, cracked casing, or bent pins. If damage is found, discontinue use and replace the adapter.

Troubleshooting

If you encounter issues with your onerbl AC/DC Adapter, refer to the following common solutions:

- **No Power Indicator Light:**
  - Ensure the AC power cord is securely plugged into both the adapter and the wall outlet.
  - Test the wall outlet with another device to confirm it is functional.
  - Check for any visible damage to the adapter or cables.
- **Device Not Powering On/Charging:**
  - Confirm the DC output connector is fully inserted into your DeVilbiss IntelliPAP 2 machine.
  - Verify that your machine is compatible with this adapter model (DV6X-619, DV63D-613, etc.).
  - Ensure the machine itself is functioning correctly.
- **Adapter Overheating:**
  - Disconnect the adapter immediately.
  - Ensure the adapter is in a well-ventilated area and not covered.
  - Confirm the connected device is not drawing excessive power.

If problems persist, discontinue use and consider replacing the adapter.

Compatible Models

This onerbl AC/DC Adapter is compatible with the following DeVilbiss IntelliPAP 2 AutoAdjust Auto Machine models:

- DV6X-619
- DV63D-613
- DV51D-613
- DV51D-606
- DV51D-608
- DV51D-607
- DV51D-609

Warranty and Support

This product is typically covered by a standard return policy. For specific details regarding returns or exchanges, please refer to the retailer's policy where the product was purchased. Extended protection plans may also be available for purchase.

- **Return Policy:** 30-day return window from the date of purchase.
- **Protection Plans:** Optional 2-Year or 3-Year protection plans may be available. Refer to your purchase details for

more information.

For further assistance, please contact the seller or retailer directly.
