Drsaec J52

Drsaec Wireless Earbuds J52 User Manual

Model: J52

INTRODUCTION

Thank you for choosing the Drsaec J52 Wireless Earbuds. These earbuds are designed to provide a superior audio experience with advanced features such as Bluetooth 5.3 connectivity, ENC Noise Cancelling for clear calls, HiFi Stereo sound, and IP7 waterproof rating. This manual will guide you through the setup, operation, and maintenance of your new earbuds to ensure optimal performance and longevity.

WHAT'S IN THE BOX

- Drsaec J52 Wireless Earbuds (Left and Right)
- Charging Case
- USB Type-C Charging Cable
- User Manual

PRODUCT OVERVIEW

The Drsaec J52 Wireless Earbuds in their charging case, showcasing the LED digital display on the front of the case.

The charging case features an LED digital display indicating the battery percentage of the case and individual earbud charge levels (L/R).

ENHANCED BLUETOOTH 5.3

Dual-channel transmission creates an unbreakable connection

Equipped with Bluetooth 5.3 for a more stable connection, lower power consumption, longer transmission range, and lower latency.

SUPERIOR HI-FI STEREO SOUND QUALITY

Experience superior Hi-Fi stereo sound quality thanks to the 13mm dynamic drivers, providing rich audio and enhanced bass.

CRYSTAL-CLEAR CALLS

Confidently take meetings and calls anywhere

The earbuds feature ENC (Environmental Noise Cancelling) technology, reducing ambient noise by up to 40dB for crystal-clear calls in various environments.

With an IP-X7 waterproof rating, these earbuds are resistant to sweat and rain, making them ideal for sports. Their ultra-lightweight design (3g per earbud) ensures comfortable all-day wear.

SETUP

1. Initial Charging

Before first use, ensure the earbuds and charging case are fully charged. Place both earbuds into the charging case. Connect the USB Type-C charging cable to the case and a power source. The LED display on the case will show the charging progress. A full charge takes approximately 1 hour for the earbuds and 1 hour 15 minutes for the case.

Important: When using for the first time, please remove the protective film from the charging contacts on the earbuds to allow them to charge properly.

The LED display on the charging case shows the battery level of the case and the charging status of each earbud.

2. Pairing with Your Device

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for "J52" in the list of available Bluetooth devices.
4. Select "J52" to connect. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.

The earbuds will automatically reconnect to the last paired device when taken out of the case, provided Bluetooth is enabled on the device.

Long Tap 2s	Previous Song	L
Long Tap 2s	Next Song	R
Click once	Volume Up	R
Click once	Volume Down	L

MAINTENANCE

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or solvents.
- **Water Resistance:** The earbuds are IP7 waterproof, meaning they are protected against temporary immersion in water (up to 1 meter for 30 minutes). However, the charging case is not waterproof. Avoid exposing the charging case to liquids. Always ensure earbuds are dry before placing them back in the charging case.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the earbuds and charging case frequently. Charge them regularly, even if not in constant use.

TROUBLESHOOTING

Common Issues and Solutions:

1. **Earbuds not pairing or connecting:**
 - Ensure both earbuds are charged and removed from the charging case.
 - Turn off and on Bluetooth on your device.
 - Forget "J52" from your device's Bluetooth list and try pairing again.
 - Place earbuds back in the case, close the lid, wait a few seconds, then open again to reset.
2. **Only one earbud working:**
 - Ensure both earbuds are charged.
 - Place both earbuds back into the charging case, close the lid, and then take them out together.
 - If the issue persists, try resetting the earbuds by following the pairing instructions again.
3. **No sound or low volume:**
 - Check the volume level on both your device and the earbuds.
 - Ensure the earbuds are properly connected to your device.
 - Clean any debris from the earbud speaker mesh.
4. **Charging case not charging:**
 - Ensure the USB Type-C cable is securely connected to both the case and the power source.
 - Try a different charging cable or power adapter.
