KUZOR AZ3003-B

KUZOR Single Handle Bathroom Faucet Instruction Manual

Model: AZ3003-B

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before installation and use. Failure to follow these instructions may result in property damage or personal injury. Retain this manual for future reference.

- Always turn off the main water supply before beginning any plumbing work.
- Wear appropriate personal protective equipment, such as safety glasses.
- If you are unsure about any part of the installation process, consult a qualified plumber.
- Do not overtighten connections, as this may cause damage.

2. PACKAGE CONTENTS

Verify that all components are present before beginning installation.

- Single Handle Bathroom Faucet (SUS 304 body)
- Metal Pop-Up Drain with Built-in Strainer
- Hot & Cold Water Supply Hoses (23.6-inch, standard 3/8-inch compression threads)
- Fixing Part (Mounting Hardware)
- Deck Plate (for 3-hole installations)
- Instruction Manual

Enjoy your wash Right now

KUZOR®

A good mood starts with your washing

3. SPECIFICATIONS

Feature	Specification
Brand	KUZOR
Model Name	AZ3003-B (SUS-short-B)
Material	304 Stainless Steel

Feature	Specification
Finish Type	Matte Black
Mounting Type	Deck Mount
Number of Handles	1
Installation Type	Single Hole (or 3-Hole with included deck plate)
Maximum Flow Rate	1.2 Gallons Per Minute (GPM)
Hose Length	23.6 Inches
Item Weight	2 Pounds
Product Dimensions	10"D x 22"W x 18"H (Overall)
Spout Design	Straight, Vertical Detachable
Special Feature	Pop Up Drain, Drip-free Ceramic Cartridge

Figure 3.1: Detailed dimensions of the KUZOR faucet and pop-up drain, along with pre-drilled hole size requirements (1.3"-1.85" diameter) and maximum countertop thickness (1.41").

4. SETUP (INSTALLATION)

The KUZOR faucet is designed for easy installation, suitable for both single-hole and 3-hole bathroom sinks. The design is largely pre-installed, requiring only three main steps.

Tools Required (Not Included):

- Adjustable Wrench
- Phillips Head Screwdriver
- Plumber's Putty or Silicone Sealant (optional, for drain seal)

- Safety Glasses

Installation Steps:

1. **Prepare the Sink:** Ensure the sink hole is clean and free of debris. For 3-hole sinks, place the included deck plate over the holes. For single-hole sinks, the deck plate is optional.
2. **Install the Faucet:** Insert the faucet body through the hole(s) in the sink/deck plate. From underneath the sink, secure the faucet using the provided fixing part (washer and nut). Hand-tighten first, then use an adjustable wrench to snug it securely without overtightening.
3. **Connect Water Supply Lines:** Connect the pre-installed hot and cold water supply hoses to your angle stops (water supply valves). The hoses feature standard 3/8-inch compression threads. Ensure connections are tight to prevent leaks.
4. **Install the Pop-Up Drain:** Place the pop-up drain into the sink's drain opening. From underneath, secure it with the provided nuts and washers. Apply plumber's putty or silicone sealant around the top flange of the drain before inserting it into the sink for a watertight seal, if desired.
5. **Test for Leaks:** Once all connections are secure, slowly turn on the main water supply. Check all connections for any signs of leaks. Operate the faucet to ensure proper function.

OUR ADVANTAGE

Detachable
Easy to clean

Free Operation
Handle

Eco-Friendly Aerator

Provides a steady and splash-free
stream (1.2 GPM Flow Rate)

METAL POP UP DRAIN

Build-in Strainer
Prevent dirt, hair, ring from
clogging up

5. OPERATING INSTRUCTIONS

The KUZOR faucet features a single handle for precise control over water flow and temperature.

- **Water Flow Control:** Lift the handle upwards to increase water flow. Push the handle downwards to decrease or stop water flow.
- **Temperature Control:** Move the handle to the left for hot water and to the right for cold water. The handle allows for smooth adjustment between hot and cold to achieve your desired temperature.
- **Non-Splash Spout:** The vertical detachable water spout is designed to direct water flow precisely into the sink, minimizing splashing.

- **Pop-Up Drain:** Press the top of the pop-up drain to open or close the drain. The built-in strainer helps prevent clogs.

6. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your KUZOR faucet.

- **Cleaning the Finish:** Clean the matte black finish with a soft, damp cloth and mild soap. Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the finish. Rinse thoroughly and dry with a soft cloth to prevent water spots.
- **Aerator Maintenance:** The spout features a detachable aerator. If water flow decreases or becomes irregular, unscrew the aerator from the spout, clean any mineral deposits or debris, and then reattach it.

- **Pop-Up Drain Cleaning:** Periodically remove the pop-up drain to clean the built-in strainer and remove any accumulated hair or debris to maintain proper drainage.

7. TROUBLESHOOTING

Refer to the following table for common issues and their solutions.

Problem	Possible Cause	Solution
Low Water Flow	Clogged aerator; partially closed shut-off valves; debris in supply lines.	Clean the aerator. Ensure shut-off valves are fully open. Flush supply lines.
Leaks at Connections	Loose connections; damaged washers/O-rings.	Tighten connections (do not overtighten). Inspect and replace damaged washers/O-rings.
Water Drips from Spout	Worn ceramic cartridge.	Contact KUZOR customer support for a replacement cartridge.
Pop-Up Drain Not Sealing	Improper installation; debris preventing seal.	Reinstall drain, ensuring proper alignment and use of plumber's putty/sealant. Clean any debris.
Water Tastes Unusual	New plumbing components; water quality issue.	Flush the faucet with cold water for several minutes. If taste persists, consult a plumber or local water authority.

8. WARRANTY AND SUPPORT

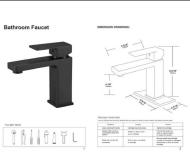

Your KUZOR faucet is backed by a **1-year limited warranty** covering manufacturing defects. Additionally, a **180-day limited warranty** specifically covers quality defects and provides installation guidance.

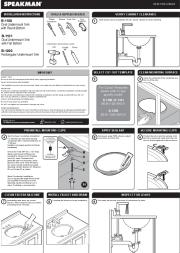

For warranty claims, technical assistance, or any questions regarding your product, please contact KUZOR customer support. Provide your model number (AZ3003-B) and proof of purchase for expedited service.

You can find contact information on the KUZOR official website or through your retailer.
