TAITO HIGH SCHOOL DxD NEW: RIAS GREMORY BUNNY GIRL FIGURE

Model: NON

1. Introduction

Thank you for purchasing the Taito High School DxD New: Rias Gremory Bunny Girl Figure. This officially licensed collectible figure is designed for display and appreciation by collectors. This manual provides essential information regarding the setup, care, and maintenance of your figure to ensure its longevity and preserve its quality.

2. Safety Information

- This product is intended for collectors aged **15 years and up**. It is not a toy and may contain small parts that pose a choking hazard for young children.
- Keep the figure away from direct sunlight, high temperatures, and high humidity to prevent material degradation, discoloration, or warping.
- Avoid dropping the figure or subjecting it to strong impacts, as this may cause breakage or damage to delicate parts.
- Do not use harsh chemicals, abrasive cleaners, or solvents to clean the figure, as these can damage the paint or material.
- Handle the figure by its base or sturdy parts to avoid putting stress on delicate areas.

3. Setup and Display

Follow these steps to properly set up and display your figure:

1. **Unboxing:** Carefully remove the figure and any accessories from its packaging. Retain the original packaging for future storage or transport.
2. **Inspection:** Inspect the figure for any visible damage or manufacturing defects immediately after unboxing.
3. **Assembly (if applicable):** This figure typically comes pre-assembled. If any minor assembly is required (e.g., attaching a base), gently connect the parts as indicated by the design. Do not force parts together.
4. **Placement:** Place the figure on a stable, flat surface away from edges where it could fall. Choose a location that is

not exposed to direct sunlight, extreme temperatures, or excessive dust.

4. Operating and Handling

As a static display figure, there are no operational functions. Proper handling is key to maintaining its condition:

- Always lift the figure by its main body or base, avoiding delicate parts like hair, hands, or accessories.

- Avoid touching painted surfaces directly with bare hands for extended periods, as oils from skin can degrade the paint over time.
- Do not attempt to bend or force any parts of the figure, as this can cause irreversible damage.

5. Maintenance and Cleaning

Regular cleaning will help preserve the appearance of your figure:

- **Dusting:** Gently dust the figure regularly using a soft, dry brush (like a makeup brush or a soft paintbrush) or a

microfiber cloth.

- **Stubborn Dirt:** For more stubborn dirt, lightly dampen a soft cloth with plain water and gently wipe the affected area. Immediately dry the area with a clean, dry cloth. Do not use excessive water.
- **Avoid:** Do not use alcohol, paint thinner, benzene, or any chemical cleaners, as these can damage the paint or plastic.

6. Troubleshooting

While figures are generally low-maintenance, here are some common concerns:

- **Loose Parts:** If a part becomes loose, gently try to reattach it. If it's a peg-and-hole connection, ensure proper alignment. Do not force it.
- **Figure Won't Stand:** Ensure the figure is properly seated on its base (if applicable) and placed on a completely flat, stable surface.
- **Discoloration/Fading:** This is often caused by prolonged exposure to direct sunlight or harsh lighting. Relocate the figure to a shaded area. Damage from UV exposure is typically irreversible.
