## INFANS B0B68R899L

# INFANS 2-in-1 Baby Stroller Instruction Manual

Model: B0B68R899L | Brand: INFANS

## PRODUCT OVERVIEW

The INFANS 2-in-1 Baby Stroller is designed to adapt to the evolving needs of children from newborn to toddler (0-36 months). It features a convertible bassinet that can be adjusted to face parents for interaction or face outwards for exploration. The stroller is built with a durable aluminum frame and breathable Oxford fabric, ensuring both stability and comfort.

## WHAT'S IN THE BOX

- Stroller Frame with Seat/Bassinet
- Detachable Foot Covers
- Extra Cup Holder
- Wheels (2 large, 2 small)
- Instruction Manual

## SETUP INSTRUCTIONS

Follow these steps to assemble your INFANS 2-in-1 Baby Stroller. Refer to the accompanying video for visual guidance.

Our browser does not support the video tag.

Video: Unboxing and initial assembly of the stroller components. This video demonstrates how to unpack the main frame, attach the wheels, and unfold the primary structure.

- 1. Unpack Components:** Carefully remove all parts from the packaging. Ensure all protective coverings are removed from the frame and handles.
- 2. Unfold the Frame:** Locate the release mechanism on the stroller frame. Press the necessary buttons (as shown in the video) to unfold the frame until it locks into place. Ensure all locking mechanisms are securely engaged.
- 3. Attach Wheels:**
  - Attach the two larger rear wheels by pushing them onto the axles until they click securely.
  - Attach the two smaller front wheels in the same manner. Ensure they can swivel freely.

4. **Install Seat/Bassinet:** Place the convertible seat/bassinet onto the frame. Ensure it clicks into place securely. Verify that it can be reversed to face either direction.
5. **Attach Accessories:** Install the cup holder onto the designated attachment point on the handle. Attach the detachable foot covers if desired.

## OPERATING INSTRUCTIONS

### Reversible Seat Function

The stroller's seat can be easily reversed to allow your child to face you or face forward, adapting to their developmental stage and your preference.

## Reversible Baby Stroller

### Face Inside

Convenient to Communicate  
with Babies

### Face Outside

Encourage Baby to Observe  
the Outside World

Image: Demonstrates the reversible seat feature, allowing the child to face either the parent or the outside world.

1. To reverse the seat, locate the release buttons on both sides of the seat unit, usually near the attachment points to the frame.
2. Press and hold these buttons simultaneously while lifting the seat unit off the frame.
3. Rotate the seat to the desired direction (parent-facing or forward-facing).

4. Align the seat unit with the frame's attachment points and push down firmly until it clicks securely into place. Always ensure both sides are locked before use.

### Adjustable Canopy & Backrest

The stroller features a multi-position canopy for sun protection and a reclining backrest to ensure your child's comfort for sitting, resting, or sleeping.

Image: Details of the adjustable canopy, highlighting its UPF 50+ protection and a convenient zipper peek-a-boo window for ventilation and viewing.

# 3 MODES

Suitable for toddlers 0–36 months

Forward Facing

Lay Flat Bassinet

Rear Facing

Image: Illustrates the three recline positions of the backrest: sitting (100°), semi-recline (135°), and a flat sleeping bassinet mode (180°).

1. **Canopy Adjustment:** Grasp the front edge of the canopy and push or pull to adjust it to the desired position. The canopy offers multiple stages of coverage, including a UPF 50+ section and a zippered mesh peek-a-boo window for ventilation.
2. **Backrest Recline:** Locate the recline lever or button on the back of the seat. Press or lift it and gently push or pull the backrest to the desired angle (sitting, semi-reclining, or sleeping mode). Release the lever/button to lock the position.

## Folding and Storage

The stroller is designed for easy, one-step folding for convenient storage and transport.

# Adjustable Canopy

UPF 50+ Canopy

Zipper Peek-A-Boo Window

Image: Step-by-step visual guide demonstrating the one-step quick folding mechanism of the stroller, showing its compact size when folded.

1. Ensure the seat is in the forward-facing position and the backrest is upright.
2. Locate the folding mechanism, typically on the handlebar or near the frame joints.
3. Activate the release and folding triggers (often a button and a lever) and push the handlebar forward and down. The stroller will collapse into a compact, self-standing unit.
4. Secure any locking latches to prevent accidental unfolding.

## Wheels and Brake System

The stroller features shock-absorbing wheels for smooth rides and a one-touch brake system for quick stops.

## One-step Brake

Easily stop and start motion  
in an instant.

## 360° Rotating Wheels

Suitable for different road  
surface

Image: Highlights the one-step brake pedal for easy stopping and the 360° rotating front wheels, suitable for various terrains.

- **Brake Engagement:** To engage the brake, firmly press down on the brake pedal located near the rear wheels. Ensure the stroller is stationary before releasing your grip.
- **Brake Release:** To release the brake, lift the pedal upwards.
- **Front Wheel Lock:** The front wheels can swivel 360° for maneuverability. For stability on uneven terrain or when jogging, locate the lock mechanism on each front wheel and engage it to keep the wheels straight.

### Safety Harness

The stroller is equipped with a 5-point safety harness to keep your child secure.

Image: Detailed view of the 5-point safety harness, emphasizing its adjustable straps for a secure fit.

1. Place your child in the seat.
2. Fasten the shoulder straps, waist straps, and crotch strap into the central buckle.
3. Adjust the straps to ensure a snug but comfortable fit around your child.

## MAINTENANCE

- **Cleaning:** The Oxford fabric can be wiped clean with a damp cloth and mild soap. Do not use harsh detergents or bleach.
- **Frame Care:** Wipe the aluminum frame with a soft, damp cloth. Avoid abrasive cleaners.
- **Wheel Maintenance:** Regularly check wheels for debris and clean as needed. Lubricate moving parts of the wheels and folding mechanism periodically with a silicone-based lubricant.
- **Storage:** Store the stroller in a dry, cool place away from direct sunlight to prevent fading and material degradation.

## TROUBLESHOOTING

- **Stroller is difficult to fold/unfold:** Ensure all locking mechanisms are disengaged. Apply light pressure evenly when

folding/unfolding. Refer to the setup video for correct technique.

- **Wheels are stiff or squeaky:** Clean any debris from the wheel axles. Apply a small amount of silicone lubricant to the moving parts of the wheels.
- **Seatbelt straps come apart easily:** Ensure the buckle is fully engaged. Check for any obstructions or damage to the buckle mechanism.
- **Stroller feels unstable:** Verify that all frame joints are securely locked in place after unfolding. Ensure wheels are properly attached.
