INFANS 2 in 1 Baby Stroller Instruction Manual

Model: 608564975521 | Brand: INFANS

1. INTRODUCTION

Thank you for choosing the INFANS 2 in 1 Baby Stroller. This versatile stroller is designed to provide comfort and safety for your child from newborn to toddler (0-36 months). It features a convertible bassinet, reversible seat, adjustable canopy, and a durable aluminum structure with shock absorption for a smooth ride on various terrains. Please read this manual thoroughly before assembly and use to ensure proper operation and maintenance.

2. SAFETY INFORMATION

Always prioritize your child's safety. Failure to follow these instructions could result in serious injury.

- Always use the 5-point safety harness to secure your child in the stroller. Ensure straps are adjusted snugly.
- Never leave your child unattended in the stroller.
- Engage the brakes when the stroller is stationary.
- Do not overload the storage basket or hang bags on the handle, as this can cause the stroller to tip. Maximum weight recommendation for the stroller is 55 pounds.
- Ensure the stroller is fully open and locked before placing a child in it.
- Keep children clear of moving parts when adjusting or folding the stroller.
- This stroller is suitable for children from newborn to 36 months.

3. COMPONENTS AND FEATURES

Familiarize yourself with the various parts and features of your INFANS stroller.

- **Frame:** Lightweight and durable aluminum structure.
- **Seat/Bassinet:** Convertible unit for infant bassinet mode and toddler seat mode.
- **Canopy:** Adjustable 3-stage canopy with UPF 50+ protection and a zipper peek-a-boo window.
- **Handlebar:** Ergonomic design for comfortable pushing.
- **Wheels:** Shockproof wheels with excellent shock-absorbent springs. Front wheels rotate 360° and can be locked.
- **Brake System:** One-touch brake for rear wheels.
- **Safety Harness:** 5-point harness with adjustable straps.
- **Storage Basket:** Large basket located under the seat for essentials.
- **Cup Holder:** Detachable cup holder for beverages.
- **Foot Covers:** Detachable foot covers for colder weather.
- **Removable Bumper Bar:** For child safety and easy access.

4. SETUP AND ASSEMBLY

Follow these steps to assemble your stroller. It is recommended to assemble the stroller on a clean, flat surface.

1. **Unfolding the Frame:** Release any locking mechanisms and lift the handlebar until the frame clicks into place, indicating it is fully open.
2. **Attaching the Wheels:** Insert the front and rear wheels into their respective slots until they click securely. Ensure all wheels are firmly attached.
3. **Attaching the Seat/Bassinet Unit:** Align the seat/bassinet unit with the frame connectors and push down until it locks into place. Verify it is securely attached by gently pulling upwards.
4. **Attaching the Canopy:** Secure the canopy to the designated attachment points on the seat/bassinet unit.
5. **Installing Accessories:** Attach the cup holder to the side of the handlebar and the foot covers if desired.

5. OPERATING INSTRUCTIONS

5.1 Converting Between Bassinet and Seat Mode

The 2-in-1 unit can be easily converted to suit your child's age and needs.

- To convert to bassinet mode, ensure the backrest is fully reclined to 180 degrees (sleeping mode).
- To convert to seat mode, adjust the backrest to the desired sitting or semi-reclining position.

Figure 5.1: The three versatile modes of the stroller: bassinet, forward-facing seat, and rear-facing seat.

5.2 Reversible Seat Function

The seat unit can be reversed to face either the parent or the outside world.

1. Locate the release buttons on both sides of the seat unit where it connects to the frame.
2. Press the buttons simultaneously and lift the seat unit off the frame.
3. Rotate the seat unit to the desired direction and re-attach it to the frame until it clicks securely into place.

Figure 5.2: Demonstrating the reversible seat function, allowing the child to face the parent or the environment.

5.3 Adjusting the Backrest and Canopy

The backrest offers multiple recline positions, and the canopy provides adjustable sun protection.

- **Backrest:** Use the lever or button located at the back of the seat to adjust the backrest to sitting (100°), semi-reclining (135°), or sleeping (180°) modes.
- **Canopy:** Extend or retract the canopy by pushing or pulling it along its frame. Utilize the zipper to reveal the peek-a-boo window for ventilation and observation.

5.4 Using the Brakes and Wheels

The stroller features a reliable braking system and versatile wheels.

- **Brake:** Press down on the one-touch brake pedal located near the rear wheels to engage the brakes. Lift the pedal to release. Always ensure the brake is fully engaged when stationary.
- **Front Wheels:** The front wheels can rotate 360° for easy maneuverability. To lock them in a straight position for rougher terrain, push down the locking lever on each front wheel. Lift the lever to unlock.

5.5 Folding the Stroller

The stroller can be folded quickly for compact storage and transport.

1. Ensure the seat is in the forward-facing position and the backrest is upright or slightly reclined.
2. Locate the one-click pickup design mechanism, usually on the handlebar or side of the frame.
3. Activate the mechanism and guide the stroller to fold downwards until it locks into its compact position. Two locks control body folding to prevent accidental unfolding.

ONE-HAND FOLD & PORTABLE DESIGN

6. MAINTENANCE

Regular maintenance will prolong the life of your stroller and ensure continued safe operation.

- **Cleaning Fabric:** The Oxford fabric is waterproof and washable. Spot clean with a damp cloth and mild soap. Do not use harsh detergents or bleach. Allow to air dry completely.
- **Cleaning Frame:** Wipe the aluminum frame with a soft, damp cloth. Dry thoroughly to prevent rust.
- **Wheels:** Periodically check wheels for debris and clean as necessary. Lubricate moving parts of the wheels and axles with a silicone-based lubricant if they become stiff.
- **Storage:** Store the stroller in a dry, cool place away from direct sunlight and extreme temperatures.
- **Inspections:** Regularly inspect all parts, including the harness, buckles, brakes, and locking mechanisms, for wear, damage, or proper function. Do not use the stroller if any part is damaged or missing.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Stroller does not fold/unfold easily.	Locking mechanisms engaged; debris in joints; seat not in correct position.	Ensure all locks are disengaged. Clear any obstructions. Verify seat is forward-facing and upright before folding. Lubricate joints if necessary.
Wheels squeak or are difficult to turn.	Dirt or debris in wheel axles; lack of lubrication.	Clean wheels and axles thoroughly. Apply a silicone-based lubricant to moving parts.

Problem	Possible Cause	Solution
Brake is not engaging properly.	Debris obstructing mechanism; worn brake pads.	Clear any debris from the brake mechanism. If worn, contact customer support for replacement parts.
Seat/Bassinet unit is wobbly.	Not securely attached to the frame.	Ensure the unit is fully clicked into place on both sides of the frame. Re-attach if necessary.
