TARMAK SHOE-001899

TARMAK Protect 120 Basketball Shoes User Manual

Introduction

This manual provides essential information for the proper use, care, and maintenance of your TARMAK Protect 120 Basketball Shoes. Designed for beginners in recreational or club basketball, these shoes offer comfort and support. Please read this manual thoroughly to ensure optimal performance and longevity of your footwear.

Product Features

- **Cushioned Sole:** Features an injection-moulded foam (EVA) sole for enhanced comfort and shock absorption.
- **Heel Cushioning:** Extra cushioning at the heel provides additional support during play.
- **High-Rise Upper:** Offers ankle support and stability.
- **Ventilation Zones:** Integrated mesh areas promote airflow to keep feet comfortable.
- **Material:** Constructed with a durable mesh upper and Ethylene Vinyl Acetate (EVA) sole.
- **Water Resistance:** Designed with a waterproof level for protection against moisture.
- **Closure Type:** Pull-On design for easy wear.

Setup: Wearing Instructions

1. **Preparation:** Ensure your feet are clean and dry. Wear appropriate athletic socks for comfort and moisture wicking.
2. **Putting On:** Due to the pull-on closure, gently slide your foot into the shoe. Use the heel tab, if present, to assist in pulling the shoe up.
3. **Adjustment:** Once your foot is fully inside, ensure the shoe fits snugly but comfortably around your foot and ankle. There should be enough room for your toes to wiggle slightly.
4. **Lacing (if applicable):** If your specific model includes laces, ensure they are tied securely to provide optimal support without being too tight, which could restrict circulation.

Operating: Usage Guidelines

The TARMAK Protect 120 Basketball Shoes are specifically designed for basketball activities. Adhering to these

guidelines will help maintain their performance and extend their lifespan:

- **Intended Use:** Use these shoes exclusively for basketball on appropriate court surfaces (indoor or outdoor basketball courts).
- **Avoid Misuse:** Do not use these shoes for activities they are not designed for, such as heavy-duty hiking, construction work, or prolonged use on abrasive surfaces, as this can lead to premature wear and damage.
- **Break-in Period:** Allow for a short break-in period during initial uses to adapt the shoes to your foot shape and movement patterns.
- **Fit Check:** Regularly check the fit. If shoes feel too loose or too tight, it can affect performance and comfort.

Maintenance

Proper maintenance is crucial for preserving the quality and extending the life of your basketball shoes.

Cleaning

- **Surface Cleaning:** For mesh and synthetic surfaces, use a soft brush or cloth with mild soap and lukewarm water to gently scrub away dirt.
- **Sole Cleaning:** Clean the EVA sole with a brush to remove dirt and debris, which helps maintain traction.
- **Avoid Harsh Chemicals:** Do not use harsh detergents, bleach, or abrasive cleaners, as these can damage the materials.
- **Machine Washing:** Machine washing is not recommended as it can damage the shoe's structure and materials.

Drying

- **Air Dry:** Always air dry your shoes at room temperature.
- **Avoid Direct Heat:** Do not place shoes near direct heat sources (e.g., radiators, direct sunlight, tumble dryers) as this can cause materials to shrink, crack, or deform.
- **Stuffing:** You may stuff the shoes with newspaper or paper towels to absorb moisture and help maintain their shape during drying.

Storage

- **Cool, Dry Place:** Store shoes in a cool, dry, and well-ventilated area away from direct sunlight.
- **Avoid Compression:** Do not store heavy objects on top of your shoes, as this can deform their shape.

Troubleshooting

Here are some common issues and general advice:

- **Uncomfortable Fit:** Ensure you have the correct size. Try different types of athletic socks. If discomfort persists, consult a footwear specialist.
- **Reduced Traction:** Clean the sole regularly to remove dirt and debris that can reduce grip. If the sole is worn smooth, it may be time to replace the shoes.
- **Odor:** Ensure shoes are thoroughly dried after each use. Use shoe deodorizers or baking soda to absorb odors. Allow shoes to air out between uses.
- **Premature Wear:** Ensure shoes are used for their intended purpose (basketball). Avoid dragging feet or excessive friction on abrasive surfaces.

Specifications

Model Number	SHOE-001899
Brand	TARMAK
Material Type	Mesh
Sole Material	Ethylene Vinyl Acetate (EVA)
Closure Type	Pull-On
Heel Type	Flat
Water Resistance Level	Waterproof
Sport Type	Basketball
Product Dimensions (LxWxH)	12 x 20 x 30 cm
Color	Black Red
