5. OPERATING INSTRUCTIONS

5.1. Using the Foil Shaver

The foil shaver is ideal for achieving a close shave on the face or head, especially for bald styles. Its ultra-thin blade mesh is designed to pre-trim longer hairs before the final close shave.

1. Ensure the shaver is charged.
2. Press the power button to turn on the shaver.
3. Gently press the shaver against your skin, moving it in short, circular motions or straight strokes against the direction of hair growth.
4. For best results on bald heads, ensure hair is trimmed short before using the foil shaver.
5. Use the integrated side knife for precise detailing around sideburns or for body hair.

5.2. Using the Hair Trimmer

The hair trimmer is suitable for various hair lengths and for creating precise edges and designs.

1. Ensure the trimmer is charged.
2. Attach the desired comb attachment if you wish to trim to a specific length.
3. Press the power button to turn on the trimmer.
4. Guide the trimmer through your hair, moving against the direction of hair growth for an even cut.
5. For precise edging, remove the comb attachment and use the bare blade.

6. MAINTENANCE

6.1. Cleaning the Device

Regular cleaning ensures optimal performance and extends the lifespan of your shaver and trimmer. Both devices are IPX7 waterproof and can be rinsed under water.

1. Turn off the device before cleaning.
2. For the shaver, press the foil frame release buttons to open the cutter head.
3. Use the provided cleaning brush to remove hair from the blade net and inner blades.
4. Rinse the cutter head and the main body under running tap water.
5. For the trimmer, remove any comb attachments and brush away hair from the blade. Rinse the blade under water.
6. Allow all parts to air dry completely before reassembling or storing.

7. TROUBLESHOOTING

If you encounter any issues with your Hatteker Foil Shaver & Hair Trimmer Kit, please refer to the following common solutions:

- **Device not turning on:** Ensure the device is fully charged. Check the charging cable and power source.
- **Reduced performance:** Clean the blades and foil thoroughly. Hair buildup can affect cutting efficiency.
- **Unusual noise:** Ensure the cutter head is properly attached and free of debris.
- **Battery not holding charge:** Ensure you are using the original charging cable. If the issue persists, the battery may need replacement.

If the problem cannot be resolved with the above steps, please contact Hatteker customer support for assistance.
