Outre Loretta

Outre HD Lace Front Wig Loretta User Manual

Model: Loretta

1. PRODUCT OVERVIEW

The Outre HD Lace Front Wig Loretta is a synthetic wig designed for a natural and comfortable fit. It features HD Lace for an undetectable finish, pre-plucked hairline, and natural baby hairs. The wig is made from heat-resistant fiber, allowing for styling up to 400°F.

Please note: The color of the actual product may vary slightly from images due to screen resolution and lighting. Model images are for style reference; the specific product variant is color 613 (blonde).

Image 1.2: Close-up view of the synthetic hair texture in color 613 (blonde), highlighting the quality of the fiber.

2. SETUP AND WEARING INSTRUCTIONS

Follow these steps for proper placement and adjustment of your Outre HD Lace Front Wig Loretta:

1. **Preparation:** Gently remove the wig from its packaging. If desired, you may trim the excess lace around the hairline before wearing.
2. **Hairline Adjustment:** The wig features a pre-plucked hairline and natural baby hairs for a realistic appearance. Adjust the wig to align with your natural hairline.
3. **Secure Placement:** Use the adjustable straps and combs inside the wig cap to secure it firmly to your head. Ensure a snug but comfortable fit.
4. **Styling:** The synthetic fiber is heat-resistant up to 400°F. You may use heat styling tools on a low to medium setting to customize the style, if necessary. Always perform a strand test first.

Image 2.2: Back view of the wig on a model, showing the overall coverage and curly texture from behind.

3. MAINTENANCE AND CARE

Proper care extends the life and maintains the appearance of your wig. Follow these guidelines for optimal maintenance:

3.1 Detangling

- Before washing or sleeping, gently detangle the hair using your hands or a wide-tooth comb.
- For curly hair, use your fingers to gently comb through from top to end.**Do not brush curly hair**, as this can disrupt the curl pattern and cause frizz.

3.2 Washing

1. Fill a basin with cool water. Add a small amount of mild shampoo.
2. Immerse the wig and gently swirl it in the water. Avoid scrubbing or twisting the hair.
3. Rinse thoroughly under cool running water until all shampoo is removed.
4. Apply a hair conditioner, focusing on the ends. Let it sit for a few minutes, then rinse thoroughly.
5. Deep condition the wig once a week for best results.

3.3 Drying

- Gently blot out excess water with a clean towel. Do not rub or wring the wig.
- Allow the wig to air dry naturally on a wig stand.
- **Do not use a hair dryer**, as excessive heat can damage synthetic fibers and cause tangling.
- Avoid direct sunlight during drying.

3.4 General Tips

- Wash the wig approximately twice per week, depending on usage.
- Store the wig on a wig stand or mannequin head when not in use to maintain its shape.

4. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Tangling:** Synthetic wigs can tangle over time. Always detangle gently with your fingers or a wide-tooth comb before and after wear, and before washing. Avoid excessive friction.
- **Shedding:** Minimal shedding is normal. To minimize shedding, avoid harsh brushing, especially with fine-tooth combs. Always detangle from the ends upwards.
- **Loss of Curl Pattern:** If curls become loose, gently mist with water and scrunch the hair. Avoid over-brushing.
- **Frizz:** Frizz can occur with synthetic hair. Use a wig-specific leave-in conditioner or anti-frizz spray. Avoid rubbing the hair vigorously with a towel.

5. SPECIFICATIONS

Feature	Detail
Brand	Outre
Model	Loretta
Color (Current Variant)	613 (Blonde)
Material	Synthetic Fiber
Heat Resistance	Safe up to 400°F
Hair Type	Curly, Natural Curly
