## TPOB Slime2

# TPOB Slime 2 Barber Hair Clippers User Manual

Model: Slime2

## INTRODUCTION

This manual provides essential information for the safe and effective operation, maintenance, and troubleshooting of your TPOB Slime 2 Barber Hair Clippers. Designed for professional use, these clippers feature DLC blades for superior performance and a powerful 6800 RPM motor.

## SAFETY INFORMATION

Please read all safety instructions carefully before using the product.

- Always unplug or remove batteries before cleaning or replacing parts.
- Keep blades away from eyes and face to prevent injury.
- Do not use on infants or children without adult supervision.
- Keep blades clean and dry to prevent skin irritation or infection.
- Always follow the manufacturer's instructions for use, cleaning, and maintenance.

## PACKAGE CONTENTS

Verify that all items are present in your package:

- TPOB Slime 2 Hair Clipper with X Fade Blade
- Charging Stand
- Color-Coded Guide Combs (various sizes)
- Charging Cable (USB)
- Cleaning Brush
- Blade Oil

Figure 1: TPOB Slime 2 Hair Clipper in its charging stand, showcasing its matte green case and clear housing.

Figure 2: Overview of all included accessories: the clipper, charging stand, and a full set of color-coded guide combs.

## SETUP

### 1. Initial Charging

Before first use, fully charge the clipper. Connect the charging cable to the charging stand or directly to the clipper. Plug the USB end into a compatible power adapter (not included). The battery indicator will show charging progress.

### 2. Attaching Guide Combs

Select the desired length guide comb. Align the comb with the clipper blade and push firmly until it clicks into place. The guide combs are color-coded for easy identification of lengths.

Figure 3: The TPOB Slime 2 clipper in hand, highlighting its premium DLC blades and the 3-hour cordless battery life.

## OPERATING INSTRUCTIONS

### 1. Powering On/Off

To turn the clipper on, slide the power switch upwards. To turn it off, slide the switch downwards.

### 2. Adjusting Blade Lever

The clipper features a 5-clicking lever arm for precise blade adjustment. Move the lever up or down to change the cutting length without a guide comb, or to fine-tune the length when a comb is attached, ideal for fading.

Figure 4: Detailed view of the X Fade Blade with deep teeth, designed for professional hair cutting.

### 3. General Usage Tips

- Ensure hair is clean and dry before cutting for best results.
- Always start with a longer guide comb and gradually reduce the length if needed.
- Use smooth, overlapping strokes for an even cut.

## MAINTENANCE

### 1. Cleaning the Blades

After each use, turn off and unplug the clipper. Use the provided cleaning brush to remove loose hairs from the blades. For thorough cleaning, the X Fade Blade can be carefully detached.

### 2. Oiling the Blades

Regularly apply a few drops of the provided blade oil to the teeth of the blades. Turn the clipper on for a few seconds to distribute the oil evenly. This ensures smooth operation and extends blade life.

Figure 5: An angled view of the clipper's blade, showing the precision and design of the cutting edge.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Clipper not turning on	Low battery; Power switch off	Charge the clipper; Ensure switch is fully in the 'ON' position
Poor cutting performance	Dull/dirty blades; Incorrect guide comb; Hair not clean/dry	Clean and oil blades; Use appropriate guide comb; Ensure hair is clean and dry
Excessive noise/vibration	Lack of lubrication; Loose blade screws	Oil blades; Tighten blade screws (do not overtighten)
