

XTREME DIGITAL LIFESTYLE ACCESSORIES XWC8-1022-BLK

Xtreme 10W Fast Wireless Charger User Manual

Model: XWC8-1022-BLK

1. INTRODUCTION

Thank you for purchasing the Xtreme 10W Fast Wireless Charger. This device is designed to provide convenient and efficient wireless charging for all Qi-enabled smartphones, including popular models from Apple, Samsung, Google, and Huawei. Please read this manual carefully before using the product to ensure proper operation and to maximize its lifespan.

2. SAFETY INFORMATION

To prevent damage to the product or injury to yourself and others, please observe the following safety precautions:

- Do not expose the charger to water, moisture, or extreme temperatures.
- Do not disassemble, repair, or modify the device. This will void the warranty.
- Keep the charger away from strong magnetic fields.
- Do not place metal objects, credit cards, or other foreign objects on the charging pad during use, as this may interfere with charging or cause damage.
- Ensure the power adapter used is compatible with the charger's input voltage (5 Volts).
- Unplug the charger from the power source when not in use or during electrical storms.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Xtreme 10W Fast Wireless Charger
- 1 x Power Cord (USB cable)
- 1 x USB Wall Adapter
- 1 x User Manual (this document)

4. PRODUCT OVERVIEW

The Xtreme 10W Fast Wireless Charger is a sleek and compact charging pad designed for convenience. It features a built-in LED indicator to show charging status and is compatible with a wide range of Qi-enabled devices.

Image: A close-up of the wireless charger, showing its minimalist design and the blue LED indicator light, which signifies power or charging status.

Key Features:

- **10W Fast Charging:** Delivers efficient power to compatible devices.
- **Qi-Enabled Device Compatibility:** Works with iPhones, Samsung Galaxy, Google Pixel, LG, Huawei, and other Android smartphones that support Qi wireless charging.
- **Built-in LED Light Indicator:** Provides visual feedback on charging status.
- **Lightweight and Compact Design:** Occupies minimal space, ideal for any desk or nightstand.
- **3ft Power Cord:** Offers flexible placement options.

5. SETUP

1. **Connect the Power Cord:** Insert the small end of the included power cord (USB cable) into the input port on the back or side of the wireless charger.
2. **Connect to Power Source:** Insert the USB-A end of the power cord into the included USB Wall Adapter.
3. **Plug into Outlet:** Plug the USB Wall Adapter into a standard wall outlet.
4. **Power On:** The LED indicator on the charger may briefly illuminate or flash upon receiving power, indicating it is ready for use.

6. OPERATING INSTRUCTIONS

1. **Place Your Device:** Carefully place your Qi-enabled smartphone or other compatible device directly onto the center of the wireless charging pad. Ensure the device is centered for optimal charging.
2. **Observe LED Indicator:**
 - When a device is placed correctly and charging begins, the built-in LED light indicator will flash blue.
 - If the LED does not flash blue, reposition your device until charging initiates.
 - A solid blue light may indicate standby or full charge depending on the device. Refer to your device's charging indicators for confirmation.
3. **Charging Complete:** Once your device is fully charged, remove it from the charging pad. The charger will return to standby mode.

Image: A smartphone is placed on the wireless charging pad, with the phone's screen indicating it is charging and the charger's LED glowing blue, demonstrating active charging.

Image: A hand is shown positioning a smartphone onto the wireless charger, illustrating the correct placement for initiating the charging process, with visual cues of the charging field.

7. MAINTENANCE

To ensure the longevity and optimal performance of your wireless charger, follow these maintenance guidelines:

- **Cleaning:** Disconnect the charger from the power source before cleaning. Use a soft, dry, lint-free cloth to wipe the surface of the charging pad. Do not use harsh chemicals, cleaning solvents, or strong detergents.
- **Storage:** When not in use for extended periods, store the charger in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or crimping the power cord excessively, as this can damage the internal wires.

8. TROUBLESHOOTING

If you encounter issues with your Xtreme 10W Fast Wireless Charger, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Charger LED is off / No power.	Not connected to power; faulty power adapter/cable; power outlet issue.	Ensure the power cord is securely connected to both the charger and the USB wall adapter. Try a different power outlet. Verify the USB wall adapter is functioning correctly.
Device is not charging / LED not flashing blue.	Device not Qi-enabled; device not centered; phone case too thick; foreign object on pad; faulty cable connection.	<ul style="list-style-type: none">◦ Confirm your device supports Qi wireless charging.◦ Reposition your device to the exact center of the charging pad.◦ Remove any thick phone cases (e.g., cases thicker than 5mm or those with metal/magnets).◦ Remove any metal objects or foreign materials from the charging pad.◦ Ensure the power cable is fully inserted into the charger's port. <i>(Note: Some users reported a tight fit for the micro USB cable. Ensure it is fully seated.)</i>
Slow charging.	Device not optimally placed; background apps running; non-fast charging adapter.	Ensure optimal placement. Close unnecessary background applications on your device. Use the included USB Wall Adapter for best performance.
