

KOWSI SanJioaLong + HeiSe

KOWSi® 1.4 LB Weighted Stuffed Triceratops Plush Instruction Manual

Model: SanJioaLong + HeiSe

INTRODUCTION

Thank you for choosing the KOWSi® 1.4 LB Weighted Stuffed Triceratops Plush. This product is designed to provide soothing comfort and companionship. Please read this manual carefully to ensure proper use and care of your new plush toy.

PRODUCT FEATURES

- Animal weighted throw pillow design for a cute addition to any collection.
- 1.4 LB weighted construction for enhanced snuggly comfort.
- Aids in creating a cozy corner for relaxation.
- Constructed from soft, hugging material.
- Designed to restore its cute appearance with a few taps after vacuum packaging.

SETUP AND FIRST USE

Your KOWSi® Weighted Stuffed Triceratops Plush is transported under vacuum packaging to ensure its pristine condition. Upon receiving the package, carefully open it. The plush may appear compressed. To restore its original shape and fluffiness, gently tap and knead the plush several times. Allow it a short period to fully expand.

Product Interaction Video

Video: This official KOWSi® video demonstrates children interacting with the 1.4 LB Weighted Stuffed Triceratops, showcasing its comforting and playful aspects.

CARE AND MAINTENANCE

To maintain the quality and longevity of your KOWSi® Weighted Stuffed Triceratops Plush, please follow these care instructions:

- **Spot Cleaning:** For minor spills or stains, gently spot clean with a damp cloth and mild soap. Allow to air dry completely.
- **Hand Washing:** For deeper cleaning, hand wash the plush with cold water and a gentle detergent. Avoid harsh scrubbing. Rinse thoroughly and gently squeeze out excess water.
- **Drying:** Air dry the plush in a well-ventilated area. Do not use a machine dryer, as this may damage the material or the weighted filling.
- **Avoid Bleach:** Do not use bleach or harsh chemicals, as they can discolor and damage the fabric.

- **Reshaping:** After washing and drying, gently fluff and reshape the plush to restore its original form.

Weighted Plush Demonstration Video

Video: This seller video demonstrates the weighted and soft nature of a similar dinosaur plush, showing how it can be squished and handled, which is relevant for understanding its texture and care.

TROUBLESHOOTING

Most issues with plush toys are minor and can be resolved with simple steps:

- **Loss of Fluffiness:** If the plush loses some of its fluffiness over time, gently pat and knead it to redistribute the filling and restore its volume.
- **Minor Tears/Loose Stitching:** For small tears or loose stitching, a simple hand stitch with a needle and thread can often repair the damage.
- **Unpleasant Odor:** If the plush develops an odor, try airing it out in a well-ventilated space for a few days. For persistent odors, a gentle hand wash as described in the Care and Maintenance section may be necessary.
