- **Coffee Table Use:** The coffee table provides a stable surface for drinks, books, or small decorative items. Avoid placing excessively heavy objects on the table.

Maintenance

Proper maintenance will extend the life and appearance of your SUNCROWN patio furniture.

- **Cleaning the Frame:** Wipe the steel frame with a dry cloth to remove dust and dirt. For stubborn stains, use a mild soap solution and a soft cloth, then rinse thoroughly and dry immediately to prevent rust.
- **Cushion Care:** The Olefin fabric cushions are durable and breathable. Spot clean with a mild soap and water solution. Allow to air dry completely. For prolonged life, store cushions indoors during inclement weather or when not in use for extended periods.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten as necessary. Inspect the frame for any signs of rust or damage and address them promptly.
- **Winter Storage:** During winter months or periods of heavy rain/snow, it is recommended to cover the furniture or store it in a dry, sheltered area to protect it from harsh elements.

Troubleshooting

If you encounter any issues with your furniture set, refer to the following common solutions:

- **Wobbly Furniture:** Ensure all bolts are securely tightened. Check that the furniture is placed on a level surface.
- **Rust Spots:** Small rust spots on the steel frame can be gently cleaned with a rust remover and then touched up with outdoor-grade paint to prevent further corrosion.
- **Cushion Stains:** For persistent stains, consult a professional upholstery cleaner or use a fabric-specific stain remover suitable for Olefin fabric. Always test on an inconspicuous area first.
- **Missing Parts:** If any parts were missing upon delivery, please contact SUNCROWN customer support immediately for assistance.
