

AMTIFO A3

AMTIFO Baby Car Camera System User Manual

Model: A3

1. INTRODUCTION

Thank you for choosing the AMTIFO Baby Car Camera System. This system is designed to provide parents with a clear and convenient way to monitor their child in the backseat while driving, enhancing safety and peace of mind. This manual provides detailed instructions for setup, operation, and maintenance of your new device.

2. PRODUCT OVERVIEW

The AMTIFO Baby Car Camera System features a 1080P HD camera and a monitor, offering a clear view of your child. Key features include:

- **Effortless Installation:** Designed for quick and easy setup, typically within 3 minutes.
- **360-Degree Rotation:** The camera can be flexibly adjusted to achieve the optimal viewing angle for various car models and safety seat sizes.
- **Super Clear 1080P Image:** Equipped with upgraded chip technology and 940nm IR LEDs for crystal-clear day and night vision.
- **Multi-function & Wide Viewing Angle:** Allows monitoring of multiple children simultaneously and supports mirror/normal image display, brightness, contrast, and color adjustments.
- **Durable Design:** Built for long-lasting performance.

3. WHAT'S IN THE BOX

Upon opening your AMTIFO Baby Car Camera System package, you should find the following items:

- 4.3 Inch Baby Car Monitor
- Baby Car Camera + Straps
- Cigarette Lighter Plug
- Video Cable
- Suction Cup Mount

4. SETUP INSTRUCTIONS

The AMTIFO Baby Car Camera System is designed for quick and easy installation. Follow these steps for a successful setup:

1. **Install the Camera:** Securely strap the baby car camera to a fixed headrest in your vehicle. Ensure it has a clear view of your child in the car seat.
2. **Connect Camera to Monitor:** Run the video cable from the camera to the baby car monitor.

3. **Power the System:** Plug the cigarette lighter adapter into your car's cigarette lighter socket. Alternatively, a USB power cord can be used if available (contact support if a USB cable is needed).
4. **Turn On:** Press the power button on the monitor to turn on the system. The image from the camera should appear on the screen.

Easy installation, plug and play

Anyone can install the system in 5 minutes

Figure 4.1: Step-by-step guide for quick installation.

4.1 Camera and Monitor Placement

The camera is designed to attach to the headrest. The monitor offers two primary mounting options:

- **Dashboard Mount:** Use the provided suction cup mount to secure the monitor to your dashboard.
- **Windshield Mount:** Use the provided suction cup mount to secure the monitor to your windshield.

Two Installation Methods

Mount the monitor on the dashboard or windshield

Bright and Clear LCD Screen

Screen is the perfect size, not too big or small

4.2 Adjusting Camera View

The camera features a 360-degree rotation capability, allowing you to adjust the angle to perfectly fit your car model and the position of the safety seat. This ensures you always have the best view of your child.

A3 Car Baby System's Advantage

360° Rotation

A3 baby car camera with the latest design can flexibly adjust the direction

Wide View Angle

The wide angle lens gives clear view of both back seats when the camera is mounted on either car seat headrest

Multi Function Menu Key

You can adjust brightness/contrast/color/hue/zoom/english/reset

Great Quality and Picture

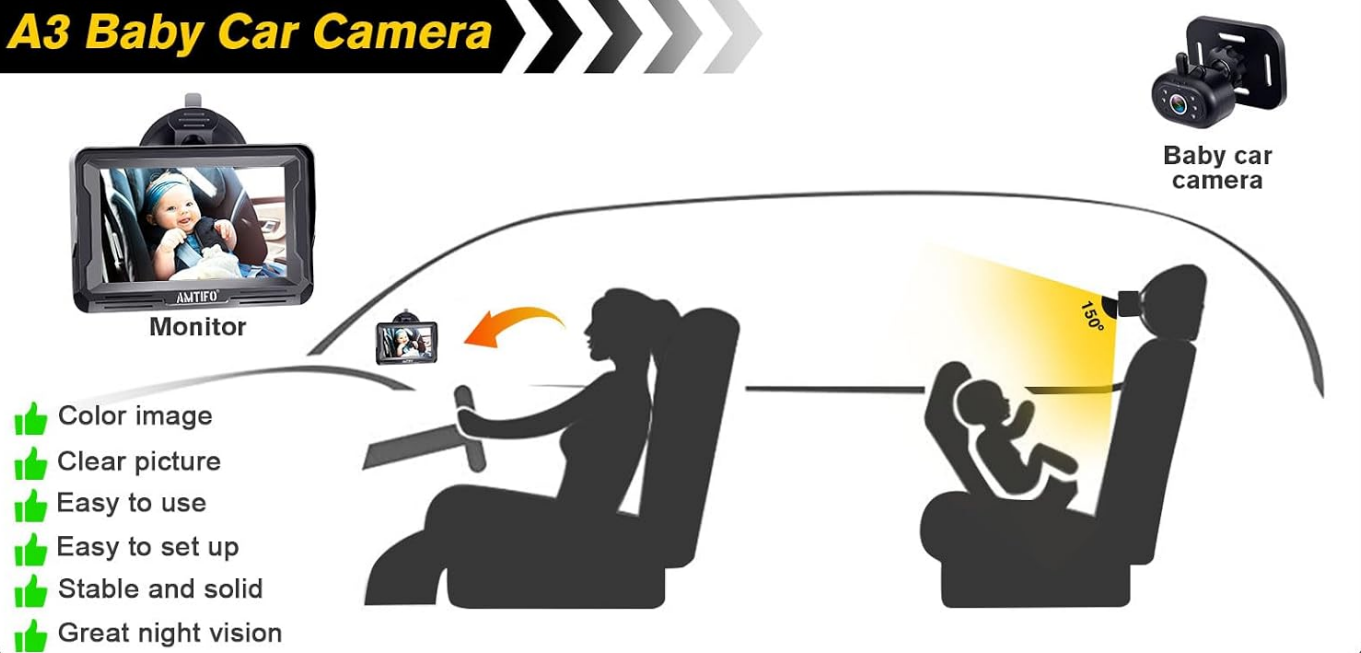

Superior clear HD 1080P image, excellent 6-layer glass lens & powerful processor

Figure 4.3: Camera rotation and wide view angle capabilities.

4.3 Mirror and Normal Image Modes

The system supports both mirror image and normal facing image modes. This is particularly useful when your child transitions from rear-facing to forward-facing car seats. You can switch between modes as needed.

5. OPERATING INSTRUCTIONS

5.1 Monitor Functions

The monitor features a multi-function menu that allows you to adjust various display settings:

- **Brightness:** Adjust the screen brightness for optimal viewing in different lighting conditions.
- **Contrast:** Modify the contrast level of the image.
- **Color:** Adjust the color saturation of the display.
- **Language:** Select your preferred language for the menu.
- **Reset:** Restore all settings to their factory defaults.

6. MAINTENANCE

To ensure the longevity and optimal performance of your AMTIFO Baby Car Camera System, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the camera lens and monitor screen. Avoid abrasive cleaners or solvents that could damage the surfaces.
- **Cable Management:** Ensure all cables are neatly tucked away and not pinched or exposed to excessive wear.
- **Storage:** When not in use for extended periods, store the system in a cool, dry place away from direct sunlight and extreme temperatures.
- **Adhesion:** If using the suction cup mount, ensure the surface is clean and dry before application for maximum adhesion. For optimal performance, wait 24 hours after using 3M stickers before heavy use. The system is IP69 waterproof.

7. TROUBLESHOOTING

If you encounter any issues with your AMTIFO Baby Car Camera System, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No image on monitor	Power cable not connected; Camera cable loose; Monitor not powered on.	Ensure cigarette lighter plug is fully inserted. Check all cable connections. Press the monitor's power button.
Image is blurry or unclear	Camera lens dirty; Poor lighting; Camera not focused.	Clean the camera lens with a soft cloth. Ensure sufficient lighting or check night vision activation. Adjust camera angle.
Image is reversed	Mirror image mode activated.	Refer to Section 4.3 for instructions on switching between mirror and normal image modes.
Monitor not staying attached	Suction cup not properly applied; Surface is dirty or uneven.	Clean the mounting surface thoroughly. Reapply the suction cup, ensuring no air bubbles. Allow 24 hours for 3M stickers to adhere if used.

If the problem persists after trying these solutions, please contact AMTIFO customer support for further assistance.

8. SPECIFICATIONS

Feature	Detail
Brand	AMTIFO
Model Name	A3
Item Model Number	A3
