Cecotec Flow ViscoLuxe Fresh&Clean 7900 Viscoelastic Mattress 105x200 cm Instruction Manual

Model: Flow ViscoLuxe Fresh&Clean 7900 | Brand: Cecotec

1. PRODUCT OVERVIEW

The Cecotec Flow ViscoLuxe Fresh&Clean 7900 is a multi-layer viscoelastic mattress designed for optimal rest and hygiene. It features a medium-high firmness and a total height of 28 cm, providing a comfortable and supportive sleeping surface. The mattress incorporates advanced technologies to adapt to your body, maintain spinal alignment, and ensure a fresh sleeping environment.

- **Medium-High Firmness:** Provides balanced support for various body types.
- **28 cm Height:** Ideal dimensions for a comfortable rest.
- **HR Foam Core (28 Kg/m³):** Offers resistance and overall firmness.
- **Viscoelastic Layer:** Adapts to your body, maintaining the spine in a neutral position.
- **MovingSpring Technology:** Facilitates movement and getting out of bed effortlessly.
- **EasyClean Removable Cover:** Features a perimeter zipper for complete removal and washing, ensuring perfect hygiene.
- **Fresh Inner Cover:** Promotes a cooler sleeping experience.
- **Hypoallergenic:** Protects against mites, bacteria, and fungi.

2. SETUP AND FIRST USE

Your Cecotec Flow ViscoLuxe Fresh&Clean 7900 mattress is delivered rolled and vacuum-packed for convenient transport. Follow these steps for proper setup:

1. **Unpack:** Carefully remove the mattress from its packaging. Avoid using sharp objects that could damage the fabric.
2. **Unroll:** Place the rolled mattress on a flat, clean surface, preferably on the bed base where it will be used. Unroll the mattress.
3. **Allow to Expand:** The mattress will begin to expand immediately. Allow it to fully recover its shape and firmness for at least 24 to 48 hours before use. This process ensures the materials settle correctly and provide optimal support.
4. **Ventilation:** Ensure the room is well-ventilated during the expansion period to dissipate any initial odors from the new materials.

3. USAGE AND FEATURES

The Flow ViscoLuxe Fresh&Clean 7900 mattress is engineered to provide a superior sleep experience through its innovative design and materials.

3.1 Multi-Layer Construction

This mattress features a sophisticated multi-layer design, including a viscoelastic layer and a profiled HR foam core, working together to offer balanced support and comfort.

3.2 Viscoelastic Adaptation

The viscoelastic layer adapts precisely to your body's contours, distributing pressure evenly and maintaining your spine in a neutral, healthy position. This helps alleviate pressure points and promotes restful sleep.

Image: A hand pressing into the surface of the mattress, demonstrating the adaptive quality of the viscoelastic material.

3.3 MovingSpring Technology

The integrated MovingSpring technology, combined with the profiled core, provides responsive support that makes it easier to move and get out of bed without effort, enhancing overall sleep mobility.

4. MAINTENANCE AND CARE

Proper maintenance will extend the life and performance of your Cecotec mattress.

4.1 Removable Cover (EasyClean)

The mattress features an EasyClean removable outer cover with a perimeter zipper. This allows for complete removal and

washing, ensuring optimal hygiene.

- **Washing Instructions:** Refer to the care label on the cover for specific washing temperatures and instructions. Typically, machine wash on a gentle cycle with mild detergent.
- **Drying:** Air dry or tumble dry on low heat. Ensure the cover is completely dry before reattaching it to the mattress.
- **Reattaching:** Carefully zip the cover back onto the mattress, ensuring it is properly aligned.

4.2 General Care

- **Rotation:** Rotate the mattress head-to-foot every 3-6 months to ensure even wear and prolong its lifespan. This mattress is not designed to be flipped.
- **Protection:** Use a mattress protector to shield against spills, stains, and allergens.
- **Ventilation:** Regularly air out your mattress by removing bedding to allow moisture to evaporate.
- **Cleaning the Core:** The inner core of the mattress should not be washed. If spills occur, spot clean with a mild

detergent and allow to air dry completely.

5. TROUBLESHOOTING

If you encounter any issues with your mattress, please refer to the following common concerns:

Problem	Possible Cause	Solution
Mattress not fully expanded	Insufficient time for expansion after unpacking.	Allow 24-48 hours for the mattress to fully expand. Ensure it is on a flat surface.
Initial odor	Common with new foam products (off-gassing).	Ensure good ventilation in the room for the first few days. The odor will dissipate naturally.
Perceived firmness differs	Personal preference, or mattress not fully settled.	Allow full expansion time. Firmness perception can be subjective and may adjust over a few weeks of use. Ensure the bed base is suitable.

6. SPECIFICATIONS

Feature	Detail
Model Number	06686
Dimensions (L x W x H)	200 x 105 x 28 cm
Weight	24 kg
Firmness	Medium-High
Core Material	Profiled HR Foam (28 Kg/m ³)
