### TheraGun G4-PRO-PKG-US

## TheraGun Pro Handheld Deep Tissue Massage Gun

Model: G4-PRO-PKG-US

### INTRODUCTION

The TheraGun Pro is a professional-grade percussive therapy device designed for deep muscle treatment. It features QuietForce Technology for powerful yet quiet operation, a customizable speed range, and smart app integration for personalized wellness routines. This manual provides essential information for the safe and effective use of your device.

### PRODUCT FEATURES

- **Powerfully Quiet:** Patented brushless QX150 motor with QuietForce technology delivers professional deep muscle

treatment with minimal noise.

- **Extended Battery Life:** Includes two rechargeable lithium-ion batteries, each providing 150 minutes of use, for a total of 300 minutes of continuous operation. Batteries can be swapped for continuous use.
- **Customizable Speed & OLED Display:** Monitor current speed and power on the integrated OLED screen. Adjust speed between 1750-2400 Percussions Per Minute (PPMs) via the Therabody app.
- **Rotating Arm & Ergonomic Multi-Grip:** Designed to allow various holding positions, reducing strain on hands and arms during use.
- **Smart App Integration:** Connects via Bluetooth to the Therabody app, enabling personalized wellness routines based on user behavior and preferences.

## WHAT'S IN THE Box

Your TheraGun Pro package includes the following components:

- TheraGun Pro Device
- 2 Rechargeable Lithium-ion Batteries
- Battery Charger
- 6 Easy-to-Clean Attachments:
  - Dampener
  - Standard Ball
  - Thumb
  - Wedge
  - Cone
  - Supersoft
- Attachment Pouch
- Travel Case

*Image: All components included in the TheraGun Pro package, neatly arranged.*

## SETUP

---

- 1. Charge Batteries:** Fully charge both lithium-ion batteries before the first use. Insert a battery into the charging dock or directly into the device.
- 2. Insert Battery:** Slide a charged battery into the battery compartment at the base of the device until it clicks into place.
- 3. Attach Percussion Head:** Select the desired attachment and firmly press it into the percussive arm until it is securely seated.

# 2 Interchangeable Lithium-ion Batteries

150 min. battery life each

## OPERATING INSTRUCTIONS

---

Follow these steps for effective use of your TheraGun Pro:

- 1. Power On:** Press and hold the power button on the device to turn it on. The OLED screen will illuminate.
- 2. Select Speed:** Use the plus (+) and minus (-) buttons on the device to adjust the percussion speed. Alternatively, connect to the Therabody app via Bluetooth for precise speed control and personalized routines.
- 3. Apply to Muscle:** Hold the massager firmly using the ergonomic multi-grip handle. Gently apply the percussive head to the desired muscle group.
- 4. Move Slowly:** Move the massager slowly over the muscle in circular or back-and-forth motions. Apply light to moderate pressure, allowing the device to do the work.
- 5. Session Duration:** Use for 5-10 minutes per session on a specific area, as needed. Avoid prolonged use on a single spot.
- 6. Power Off:** Press and hold the power button to turn off the device when finished.

## Connects to app via Bluetooth®

- Access personalized routines
- Control customizable speed range
- See responsive force meter
- Save app presets on device

## MAINTENANCE

---

Proper maintenance ensures the longevity and hygiene of your TheraGun Pro:

- **Cleaning:** After each use, wipe down the device and attachments with a damp cloth or an alcohol-free wipe. Ensure the device is powered off before cleaning.
- **Storage:** Store the device and its attachments in the provided travel case in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** Do not fully discharge the batteries before recharging. Store batteries with a partial charge if not used for extended periods.

## TROUBLESHOOTING

---

If you encounter issues with your TheraGun Pro, refer to the following common solutions:

- **Device Not Turning On:** Ensure the battery is fully charged and properly inserted. Try using the second battery if available.
- **No Percussion/Weak Percussion:** Check that the attachment is securely fastened. Ensure the battery has sufficient charge.
- **App Connectivity Issues:** Ensure Bluetooth is enabled on your mobile device and the TheraGun Pro is within range. Restart both the device and the app.
- **Unusual Noise/Vibration:** Power off the device and inspect the percussive arm and attachments for any obstructions or damage. If the issue persists, contact customer support.
