Yaheetech 68.5in Multi-Level Cat Tree User Manual

Model: YT-00116299-69

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Yaheetech 68.5in Multi-Level Cat Tree. Designed to offer a safe and engaging environment for your feline companions, this cat tree features multiple levels, cozy resting spots, and ample scratching surfaces.

2. PRODUCT COMPONENTS

The Yaheetech 68.5in Multi-Level Cat Tree is constructed from E1-compliant particle board, soft plush fabric, and natural sisal rope. It includes the following key components:

- **Three Top Perches:** Featuring an adorable cat ear design and raised edges for comfort.
- **Two Fan-Shaped Condos:** Providing private and cozy retreats for resting.
- **One Plush Basket:** A soft spot for lounging.
- **Seven Sisal-Covered Scratching Posts:** To satisfy natural scratching instincts and promote healthy claws.
- **One Scratching Board:** An additional surface for scratching.
- **Three Dangling Balls:** Plush balls attached to the perches for interactive play, which can be removed or replaced.
- **Anti-Toppling Kit:** For enhanced stability and secure wall-mounting.

3. SETUP AND ASSEMBLY

Assembly of the Yaheetech 68.5in Multi-Level Cat Tree is required. Please follow the included instructions carefully. An anti-toppling kit is provided to secure the cat tree to a wall, ensuring maximum stability and safety for your pets.

3.2 Stability and Safety

To enhance stability, place the cat tree on a flat, level surface, ideally in a corner or against a wall. Utilize the provided anti-toppling kit to securely mount the cat tree to the wall. This measure is crucial to prevent accidental tipping, especially with active cats or multiple pets.

4. OPERATING INSTRUCTIONS

This multi-level cat tree is designed to cater to the natural instincts of cats, providing spaces for climbing, jumping, scratching, and resting. It is suitable for two to three normal-sized cats or several kittens.

- **Climbing and Jumping:** The various platforms and levels encourage active play and exploration.
- **Scratching:** Sisal-covered posts and the scratching board offer designated areas for claw maintenance, helping to protect your furniture.
- **Resting and Hiding:** The cozy condos and plush basket provide secure and comfortable spots for naps and privacy.
- **Play:** Dangling balls stimulate hunting instincts and provide entertainment.

Image 4.4: A cat using the scratching ramp.

5. MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your cat tree.

- **Cleaning:** The plush material is recommended for hand washing only. Spot clean any soiled areas with a mild detergent and damp cloth. Avoid harsh chemicals that could irritate your cat.
- **Sisal Rope:** Regularly inspect sisal scratching posts for wear and tear. While durable, heavy use may require eventual replacement of the rope or the entire post.
- **Structural Integrity:** Periodically check all screws and connections to ensure they remain tight and secure. Retighten as necessary to maintain stability.

PET-FRIENDLY MATERIALS

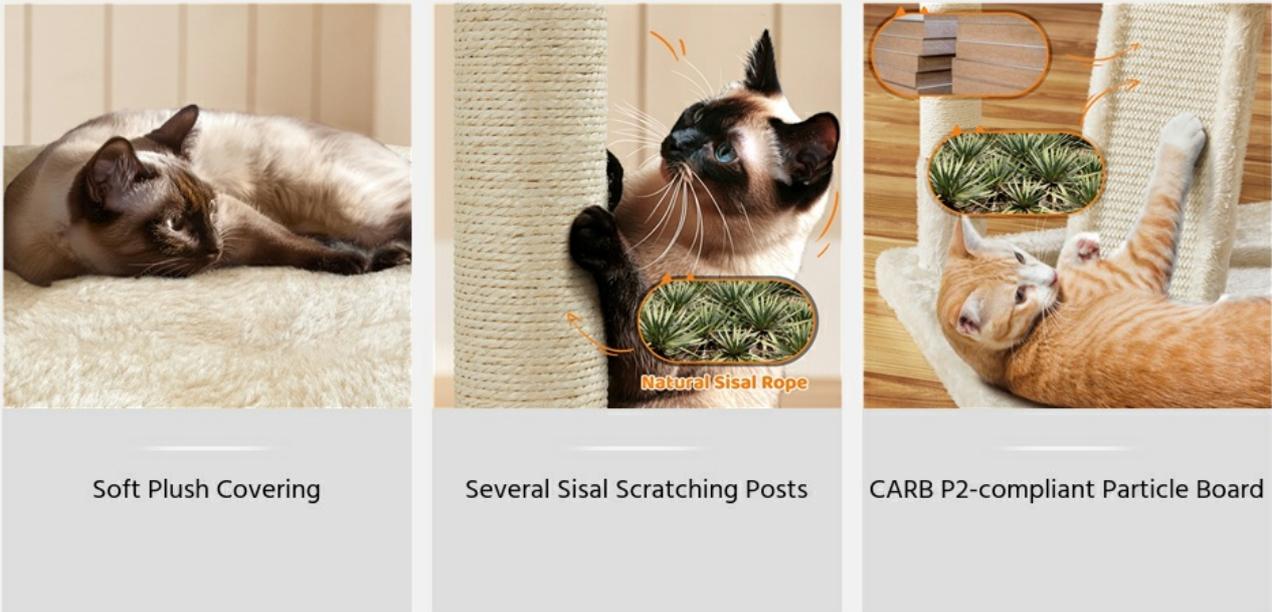

Image 5.1: Details of the pet-friendly materials used in the cat tree.

6. TROUBLESHOOTING

If you encounter any issues with your cat tree, consider the following:

- **Wobbling:** Ensure all connections are tightened. Verify the cat tree is on a flat surface. If wobbling persists, ensure the anti-toppling kit is correctly installed and secured to a sturdy wall stud.
- **Initial Odor:** New cat trees may have a slight manufacturing odor. This is normal and typically dissipates within a few days in a well-ventilated area.
- **Cat Disinterest:** Encourage your cat to use the tree by placing treats, toys, or catnip on different levels. Spend time playing with them around the tree to help them explore and feel comfortable.

7. SPECIFICATIONS

Feature	Detail
Brand	Yaheetech
Model Name	cat-trees
Item Model Number	YT-00116299-69
Color	Beige
Material	Engineered Wood (E1-compliant particle board), Plush, Sisal
Product Dimensions (L x W x H)	22" x 22" x 68.5"
