Aoodor 12'x 16' Wooden Grain Coated Aluminum Gazebo Hardtop

Aoodor 12'x 16' Wooden Grain Coated Aluminum Gazebo Hardtop Instruction Manual

Model: B0B71DTGF6

1. SAFETY INFORMATION

Please read and understand all instructions and safety warnings before assembly and use of this gazebo. Failure to follow these instructions may result in injury or damage to the product.

- Always follow the assembly instructions carefully.
- Secure the gazebo to a stable foundation to prevent it from tipping over in windy conditions.
- Be cautious when handling the steel roof and wooden frame components to avoid injury.
- Do not use the gazebo in thunderstorms or high winds. Disassemble or secure properly during severe weather.
- Keep the gazebo clean and free of debris to prevent fire hazards.
- Ensure all connections are tight and secure after assembly and periodically check for loosening.
- This product is intended for outdoor use only.

2. PRODUCT OVERVIEW

The Aoodor 12'x 16' Wooden Grain Coated Aluminum Gazebo features a durable construction designed for outdoor living spaces. Key features include:

- **Wooden-Like Frame:** Constructed from sturdy powder-coated aluminum with a natural wooden print finish, offering resistance to rot and cracking.
- **Stable Canopy:** A 12' x 16' rust-resistant powder-coated black steel roof provides ample shade, UV protection, and withstands harsh weather.
- **Vented Double Top:** A two-tier design promotes accelerated airflow to dissipate heat and includes a hook for hanging items.
- **Double Protection:** Includes breathable netting and high-quality polyester curtains for privacy and insect protection, operating on a double track system.

3. SETUP AND ASSEMBLY

Assembly of the Aoodor Gazebo requires careful attention to detail and typically involves two or more people. It is recommended to have at least one 6-foot and one 8-foot ladder available for roof assembly.

3.1 Before You Begin

- Unpack all components and verify against the parts list provided in your package.
- Ensure you have all necessary tools, typically including an Allen wrench (often provided), a screwdriver, and a ladder.
- Choose a level and stable location for your gazebo.

3.2 Assembly Steps

1. **Frame Assembly:** Begin by assembling the main support posts and crossbeams according to the illustrated instructions. Ensure all bolts are finger-tightened initially.
2. **Roof Structure:** Construct the roof frame, paying close attention to the orientation of parts. This step often

requires multiple people to lift and secure sections.

3. **Roof Panels:** Install the steel roof panels. It is advisable to use additional washers if the provided screw heads appear insufficient to secure the panels, especially in areas prone to high winds.
4. **Curtains and Netting:** Install the netting and curtains onto the double track system.
5. **Final Tightening:** Once all components are in place, systematically tighten all bolts and screws. Do not overtighten.
6. **Anchoring:** Securely anchor the gazebo to your chosen foundation using appropriate ground nails, expansion screws, or other anchoring methods suitable for your surface.

Refer to the detailed, illustrated instruction manual included in your package for specific step-by-step guidance.

4. OPERATING INSTRUCTIONS

The Aoodor Gazebo is designed for ease of use and enjoyment of your outdoor space.

4.1 Curtains and Netting

- The gazebo is equipped with a double track system, allowing independent operation of the mosquito netting and privacy curtains.
- Slide the netting to protect against insects while maintaining airflow.
- Slide the curtains for privacy or additional shade. Use the integrated tie-backs to secure them when open.

4.2 Airflow Management

- The two-tier vented roof design naturally promotes air circulation, helping to dissipate heat and maintain a comfortable temperature beneath the canopy.

5. MAINTENANCE

Regular maintenance will extend the life and appearance of your Aoodor Gazebo.

- **Cleaning the Frame:** Wipe the aluminum frame with a damp cloth and mild soap. Avoid abrasive cleaners that could damage the finish.
- **Cleaning the Roof:** Periodically clean the steel roof to remove leaves, debris, and dirt. Use a soft brush or cloth and water. Ensure gutters are clear for proper drainage.
- **Curtains and Netting:** The polyester curtains and netting can be spot cleaned with mild soap and water. For deeper cleaning, follow care instructions on the fabric tags.
- **Hardware Check:** Annually, or after severe weather, inspect all bolts, screws, and connections to ensure they remain tight. Tighten any loose hardware.
- **Winter Storage:** While the hardtop roof is designed for durability, consider removing curtains and netting during winter months or severe weather to prevent damage and prolong their lifespan.

6. TROUBLESHOOTING

This section addresses common issues that may arise during assembly or use.

- **Missing or Damaged Parts:** If you find any missing or damaged components upon unpacking, contact Aoodor customer service immediately for assistance.

- **Assembly Difficulties:** If instructions seem vague or parts do not align perfectly, review the manual carefully. Some minor adjustments or a 'handy' approach may be required due to manufacturing tolerances. Ensure you have at least two people for assembly.
- **Roof Panel Security:** If roof panels feel insecure or screws pull through, consider using additional flat washers with the screws to provide a larger surface area for retention.
- **Curtain Hooks Breaking:** The plastic curtain hooks may be prone to breakage. Handle curtains gently. If replacements are needed, contact customer service.
- **Water Accumulation on Roof:** Ensure the pitched roof and gutters are clear of debris to allow proper water drainage.

7. SPECIFICATIONS

Feature	Specification
Brand	Aoodor
Model	12'x 16' Wooden Grain Coated Aluminum Gazebo Hardtop
Material	Alloy Steel, Aluminum, Wood (frame), Metal (roof)
Product Dimensions (L x W x H)	191"L x 144"W x 118"H (approx. 15.9'L x 12'W x 9.8'H)
Item Weight	337.3 Pounds
Water Resistance Level	Waterproof
Ultraviolet Light Protection	UV Protection
Assembly Required	Yes
Color	Black / Wood Like Frame
UPC	671716580249

8. WARRANTY AND SUPPORT

For warranty information, please refer to the documentation included with your purchase or contact the retailer directly. Aoodor is committed to customer satisfaction.

If you require assistance with missing parts, assembly issues, or have any questions regarding your gazebo, please contact Aoodor customer service. Contact details can typically be found on your purchase receipt or the Aoodor official website.
