Hyperice Normatec 3 Legs

Hyperice Normatec 3 Recovery System User Manual

Model: Normatec 3 Legs

Brand: Hyperice

PRODUCT OVERVIEW

The Normatec 3 uses dynamic air compression to create a restorative massage that helps you feel refreshed faster. Normatec Legs are available only in Standard size on Amazon. Standard size: 31" - 35" inseam. Maximum thigh circumference is 30".

It features 7 levels of compression and patented Pulse technology to deliver precise treatment to 5 overlapping zones with ZoneBoost, replicating the natural muscle pumps and one-way valves of the legs.

The refreshed system design includes an intuitive interface, reduced weight, and the ability to unlock next-level features and customization through the Bluetooth connected Hyperice App. Simply zip in and power up the most advanced dynamic air compression system on the planet. The Power Button is located on the side of the device.

Designed by an MD, PhD, Normatec is the original, most tested, and most scientifically backed dynamic air compression system on the market. It is designed to provide improved mobility and profound restorative healing results, trusted by top athletes and consumers globally.

Compression therapy benefits more than just your legs. Normatec is also available for the hips and arms so your whole body gets to feel refreshed and revived.

SAFETY GUIDELINES

Consult your physician before use.

SETUP GUIDE

Follow these steps to set up your Normatec 3 Legs system:

1. Prepare the Device: Ensure the control unit is charged or connected to power.
2. Wear the Leg Attachments: Slip your legs into the compression boots and zip them up securely.
3. Connect the Hose: Attach the hose from the control unit to the leg attachments.
4. Power On: Locate the power button on the side of the device and turn it on.
5. Connect via Bluetooth (Optional): For advanced features and customization, connect the device to the Hyperice App on your smartphone.

OPERATING YOUR NORMATEC 3 SYSTEM

Once set up, you can begin your recovery session. Use the intuitive interface on the control unit or the Hyperice App to customize your experience.

- **Select Settings:** Choose your desired session time (in 15-minute increments up to an hour) and pressure level (1-7).
- **ZoneBoost:** Utilize the ZoneBoost feature to apply extra time and pressure to specific areas (Zones 1-5) that require more attention.
- **Patented Pulse Technology:** The system uses biomimicry to replicate the natural muscle pumps and one-way valves of the legs, delivering precise and effective treatment.

CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your Normatec 3 system, follow these general care and maintenance guidelines:

- Keep the device and attachments clean by wiping them with a damp cloth.
- Store the system in a cool, dry place away from direct sunlight.
- Avoid exposing the device to extreme temperatures or moisture.

TROUBLESHOOTING
