Earto JP-T83-BK-B

Earto iPad Mini 6/7 Keyboard Case User Manual

Model: JP-T83-BK-B

1. Introduction

Thank you for choosing the Earto Keyboard Case for iPad Mini 6th and 7th Generation. This manual provides essential information for setting up, operating, and maintaining your new keyboard case. Designed to enhance your iPad experience, this case combines robust protection with the functionality of a laptop, featuring an integrated keyboard and touchpad.

Figure 1.1: Earto Keyboard Case with iPad Mini and Apple Pencil

This image displays the Earto keyboard case with an iPad Mini securely inserted, showcasing its integrated keyboard and trackpad. An Apple Pencil is shown magnetically attached to the top edge of the iPad, indicating compatibility with the case's design.

2. Compatibility

This keyboard case is specifically designed for the following iPad Mini models:

- **iPad Mini 6th Generation (2021 Model):** A2567, A2568, A2569
- **iPad Mini 7th Generation (2024 Model):** A2993, A2995, A2996

Please verify your iPad Mini model number before use. The model number is typically found on the back of your iPad or in the iPad's settings under 'About'.

Figure 2.1: Compatible iPad Mini Models

This chart visually confirms compatibility with iPad Mini 6th and 7th generations, while indicating incompatibility with older models like the 4th and 5th generations. It highlights the specific model numbers for each compatible generation.

3. Key Features

3.1 Integrated Touchpad

The keyboard case features a high-precision touchpad, allowing for accurate control and navigation of your iPad. This enables a laptop-like experience, supporting multi-touch gestures for efficient document editing, app operation, and presentation creation.

Figure 3.1: User Interacting with the Touchpad

A user is depicted operating the integrated touchpad on the Earto keyboard case, demonstrating its functionality for precise cursor control and navigation on the iPad screen.

3.2 7-Color LED Backlight with 3 Brightness Levels

Enhance your typing experience in various lighting conditions with the adjustable LED backlight. Choose from 7 different colors and 3 brightness levels to suit your preference, making it convenient to work or browse in dimly lit environments.

Figure 3.2: Keyboard Backlight in Use

The keyboard case is shown with its keys illuminated by the colorful LED backlight, highlighting the visual appeal and functionality of the adjustable lighting feature.

3.3 360-Degree Rotation and 180-Degree Flip Stand

The robust hinge design allows for versatile viewing angles. You can rotate the screen 360 degrees and flip it 180 degrees, transforming your iPad into a laptop, tablet, or presentation display. This flexibility maximizes usability for various tasks and environments.

Figure 3.3: Case in Tablet Mode

This image illustrates the keyboard case folded back, allowing the iPad to be used in a tablet-like configuration, showcasing the 360-degree rotation and flip capabilities of the stand.

3.4 Type-C Charging and Long Battery Life

The keyboard uses a common Type-C interface for charging. A full charge takes approximately 2-3 hours. With the backlight off, the keyboard can operate continuously for up to 60 hours. With the backlight on, continuous operation is possible for up to 3 hours.

Figure 3.4: Type-C Charging Port

A detailed view of the Type-C charging port located on the side of the keyboard case, indicating the connection point for the charging cable.

3.5 Auto-Sleep Function

To conserve battery life, the keyboard case features an auto-sleep function. If the keyboard is not used for an extended period, it will automatically enter sleep mode. To reactivate, simply press any key.

3.6 Apple Pencil Charging Support

The case is designed with a precise cutout on the top side to allow for magnetic attachment and charging of your Apple Pencil while the iPad is in the case.

Figure 3.5: Apple Pencil Charging Compatibility

This image demonstrates the Apple Pencil magnetically attached to the side of the iPad while it is housed within the Earto keyboard case, confirming the case's design accommodates Apple Pencil charging.

4. Setup Guide

4.1 Inserting Your iPad

1. Gently align your iPad Mini with the case's frame.
2. Press firmly around the edges of the iPad until it clicks securely into place. Ensure all corners are properly seated.

4.2 Bluetooth Pairing

1. **Charge the Keyboard:** Before first use, fully charge the keyboard using the provided Type-C cable. The charging indicator light will turn off when fully charged.
2. **Turn On the Keyboard:** Locate the power switch on the keyboard and slide it to the 'ON' position. The indicator light will briefly flash.

3. **Activate Pairing Mode:** Press the 'Connect' button (often labeled with a Bluetooth symbol or 'PAIR') on the keyboard. The Bluetooth indicator light will start blinking, indicating it's ready for pairing.
4. **Enable Bluetooth on iPad:** On your iPad, go to **Settings** > **Bluetooth** and turn Bluetooth 'ON'.
5. **Select the Keyboard:** Your iPad will search for nearby Bluetooth devices. Look for 'Bluetooth Keyboard' or a similar name in the 'Other Devices' list and tap on it to connect.
6. **Confirm Connection:** Once connected, the Bluetooth indicator light on the keyboard will stop blinking and remain solid, and your iPad will show the keyboard as 'Connected'.

5. Operating Instructions

5.1 Keyboard Functions

- **Typing:** Use the QWERTY layout for standard typing.
- **Function Keys:** The top row of keys provides quick access to iPad functions (e.g., Home, Search, Volume, Play/Pause). These are typically accessed by pressing the 'Fn' key in combination with the desired function key.
- **Language Switching:** To switch between keyboard languages on your iPad, press **Control + Spacebar** or the globe icon key if available.

5.2 Touchpad Gestures

The touchpad supports various gestures for efficient navigation:

- **Single Finger Tap:** Left-click.
- **Two Finger Tap:** Right-click (context menu).
- **Two Finger Scroll:** Drag two fingers up or down to scroll content.
- **Pinch to Zoom:** Pinch two fingers together or spread them apart to zoom in or out.
- **Swipe Up with Three Fingers:** Go to the Home screen.
- **Swipe Left/Right with Three Fingers:** Switch between open apps.

5.3 Backlight Control

- **Change Color:** Press the **RGB** key (often located near the function keys) to cycle through the 7 available backlight colors.
- **Adjust Brightness:** Press the **Sun icon** key (often located near the function keys) to cycle through the 3 brightness levels or turn the backlight off.

6. Maintenance

- **Cleaning:** Use a soft, lint-free cloth to wipe the keyboard and case. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid excessive moisture.
- **Storage:** When not in use for extended periods, store the keyboard case in a cool, dry place. Ensure the keyboard is turned off to preserve battery life.
- **Battery Care:** To prolong battery lifespan, avoid fully discharging the battery frequently. Charge the keyboard regularly, even if not in constant use.
- **Avoid Extreme Conditions:** Do not expose the case to extreme temperatures, direct sunlight, or high humidity.

7. Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Keyboard not connecting via Bluetooth.	Keyboard is off, low battery, or not in pairing mode. iPad Bluetooth is off.	Ensure keyboard is charged and turned on. Press the 'Connect' button to enter pairing mode. Check iPad Bluetooth settings. Forget device on iPad and re-pair.
Keys are not responding.	Keyboard is disconnected or battery is critically low.	Check Bluetooth connection. Recharge the keyboard. Restart both iPad and keyboard.
Backlight is not working.	Backlight is off or battery is low.	Press the backlight brightness key to cycle through levels. Charge the keyboard.
Touchpad is unresponsive.	Touchpad is disabled or connection issue.	Ensure touchpad is enabled (some keyboards have a toggle). Reconnect Bluetooth.
iPad does not fit correctly.	Incorrect iPad model.	Verify your iPad model number against the compatibility list in Section 2.

8. Specifications
