Storage:

- Store the massager in a cool, dry place away from direct sunlight and moisture.
- Avoid contact with sharp edges or pointed objects that could damage the massager.

7. Troubleshooting Guide

Problem	Possible Cause	Solution
Massager does not turn on.	Not plugged in correctly; Power outlet malfunction.	Ensure power adapter is securely plugged into both the massager and a working wall outlet. Try a different outlet.

Problem	Possible Cause	Solution
Massage intensity feels too strong/weak.	Incorrect intensity setting.	Adjust the Knead, Air, or Vibration buttons to cycle through different intensity levels (Low, Medium, High) until comfortable.
Heat function is not working.	Heat function is off or on low setting.	Press the Heat button to turn on or increase the heat level. Allow a few minutes for the heat to build up.
Massager automatically turns off.	15-minute auto-shutoff activated.	This is a normal safety feature. You can restart the massager by pressing the Power button again.
