2. SETUP AND SIZING

Sizing Your Dog:

To ensure the best fit, measure your dog's neck width, chest girth, and body length. Refer to the size chart below. If your dog's measurements fall between two sizes, it is recommended to choose the larger size for comfort.

Putting on the Coat:

- Step 1 (Neck):** Place the coat over your dog's back. Secure the Velcro closure around the neck, ensuring it is snug but not too tight.
- Step 2 (Back/Chest):** Wrap the chest strap around your dog's belly and secure the Velcro closure on the back. Adjust for a comfortable fit that allows for movement.
- Step 3 (Leg Loops - Optional):** For a more secure fit, especially for active dogs, gently guide your dog's hind legs through the elasticated loops.

4. MAINTENANCE

Proper care will extend the life of your dog's winter coat.

Cleaning Instructions:

- The coat is machine washable. Use a gentle cycle with cold water.
- Alternatively, hand wash with mild detergent.
- Do not bleach.
- Air dry or tumble dry on low heat. Avoid high heat to preserve the waterproof properties and fabric integrity.

5. TROUBLESHOOTING

Common Issues and Solutions:

- **Coat does not fit properly:** Double-check your dog's measurements against the size chart (Figure 3). If between sizes, consider sizing up. Ensure all Velcro closures are adjusted for a snug but comfortable fit.
- **Velcro not holding securely:** Ensure the Velcro is clean and free of debris (e.g., dog hair). Press firmly along the entire length of the Velcro strips to ensure full engagement.
- **Water repellency seems reduced:** Ensure the plain, water-repellent side is facing outwards for outdoor use. Follow proper washing instructions to maintain the fabric's properties.
