MAJORITY NAP82881VXCD

MAJORITY Quadriga Internet Radio User Manual

Model: NAP82881VXCD

Introduction

The MAJORITY Quadriga is a versatile audio system designed to provide a rich listening experience through multiple sources. It features Internet Radio, DAB+, FM radio, a CD player, Bluetooth connectivity, Spotify Connect, and podcast support. With its 120W 2.1 stereo system and inbuilt subwoofer, it delivers powerful and immersive sound. This manual provides essential information for setting up, operating, and maintaining your Quadriga system.

Setup

1. **Unpacking:** Carefully remove the Quadriga unit and all accessories from the packaging.
2. **Placement:** Place the unit on a stable, flat surface, ensuring adequate ventilation around the device. Avoid placing it near heat sources or in direct sunlight.

3. **Connect Power:** Connect the supplied power cable to the DC IN port on the rear of the unit and then to a wall socket.
4. **Antenna Connection:** Extend the telescopic antenna for optimal FM and DAB+ reception.
5. **Initial Power On:** Press the Power button on the unit or remote control to turn on the Quadriga. Follow the on-screen prompts for initial setup, including language selection and network configuration.
6. **Network Setup (Wi-Fi):** For Internet Radio, Spotify Connect, and Podcasts, connect the unit to your Wi-Fi network. Navigate to the network settings menu and select your Wi-Fi network, then enter the password.

Operating Instructions

Basic Controls

The Quadriga can be operated using the front panel controls or the supplied remote control. The central display provides visual feedback for all functions.

Internet Radio

Access thousands of radio stations from around the world via your Wi-Fi connection. Use the navigation dial to browse by genre, location, or search for specific stations. You can save your favorite stations to presets for quick access.

Image: The Quadriga unit displaying radio options, highlighting its capability for FM, Internet Radio, and DAB+ with 40 radio presets.

DAB+ and FM Radio

Switch to DAB+ or FM mode to listen to local digital and analog radio broadcasts. The unit will automatically scan for available stations. Ensure the telescopic antenna is fully extended for best reception.

CD Player

Insert an audio CD, MP3 CD, or CD-RW into the disc slot. The unit will automatically detect the disc and begin playback. Use the playback controls (Play/Pause, Skip, Stop) on the unit or remote.

Bluetooth Connectivity

Pair your smartphone, tablet, or other Bluetooth-enabled device with the Quadriga to stream audio wirelessly. Select

Bluetooth mode on the unit, then search for "MAJORITY Quadriga" on your device's Bluetooth settings and pair.

Spotify Connect & Podcasts

With Spotify Connect, you can stream music directly from your Spotify account to the Quadriga over Wi-Fi. Ensure both devices are on the same network. For podcasts, navigate to the podcast section in the Internet Radio menu.

External Audio Inputs (AUX, RCA, Optical, USB)

The Quadriga offers multiple input options for connecting external devices:

- **AUX Input:** Connect devices with a 3.5mm audio jack.
- **RCA Input:** Connect devices using RCA stereo cables.
- **Optical Input:** For high-quality digital audio from TVs or other compatible devices.
- **USB Port:** For media playback from USB storage devices (playback only).

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the unit. Do not use abrasive cleaners or solvents.
- **Disc Care:** Handle CDs by the edges. Clean discs with a soft, lint-free cloth, wiping from the center outwards.
- **Ventilation:** Ensure the ventilation openings are not blocked to prevent overheating.

- **Storage:** If storing the unit for an extended period, disconnect it from power and store in a cool, dry place.

Troubleshooting

Problem	Possible Cause	Solution
No power	Power cable not connected; power outlet faulty.	Check power cable connection; try a different outlet.
No sound	Volume too low; incorrect input selected; speakers disconnected.	Increase volume; select correct input source; ensure speakers are connected (if external).
Cannot connect to Wi-Fi	Incorrect password; router too far; network issue.	Verify Wi-Fi password; move unit closer to router; restart router.
Poor radio reception (DAB+/FM)	Antenna not extended; weak signal area.	Fully extend antenna; try repositioning the unit.
CD not playing	Disc inserted incorrectly; disc scratched/dirty; incompatible disc format.	Reinsert disc correctly; clean or replace disc; ensure it's an audio CD, MP3 CD, or CD-RW.
