besrey 7-in-1 Toddler Bike Instruction Manual

Model: BR-C7185

Brand: besrey

INTRODUCTION

Thank you for choosing the besrey 7-in-1 Toddler Bike. This versatile product is designed to adapt to your child's growth, offering multiple riding modes from 1 to 5 years old. It combines the functionality of a parent-steered push trike, a traditional tricycle, a balance bike, and a baby walker, providing a comprehensive solution for your child's developmental stages.

Key features include:

- 5-height adjustable push handle for comfortable parent steering.
- Innovative steering linkage for synchronized handle and wheel turning.
- Easy-switch clutch to transition between child-controlled pedaling and parent control.
- Shock-absorbing 9-inch front wheel and 6 sturdy wheel bearings for a smooth ride.
- Durable aviation-grade aluminum construction.
- Height-adjustable seat (11.8-15 inches) and adjustable handlebar.
- Foldable design for easy storage and portability.

SAFETY INFORMATION

No specific warnings are applicable beyond general product safety guidelines. Always ensure your child wears appropriate safety gear, such as a helmet, when riding. Adult supervision is required at all times. Do not use the product near stairs,

hills, or busy roads. Regularly inspect the product for any loose parts or damage before each use.

SETUP AND ASSEMBLY

Before assembly, please ensure all components listed in the packing list are present. Refer to the diagram below for component identification.

1-2 YEARS

Baby Walker Mode

Suitable for babies under 91cm in height, it can be used as a walking bike to help your little one to learn walk.

Assembly Steps:

- 1. Attach the Front Wheel:** Insert the front wheel assembly into the main frame. Ensure it clicks securely into place.
- 2. Install the Handlebar:** Slide the T-bar handlebar into the front wheel stem. Adjust to the desired height and secure with the locking mechanism.
- 3. Attach the Saddle (Seat):** Insert the saddle post into the designated slot on the frame. Adjust the seat height and position as needed for your child's comfort and secure it.
- 4. Install Pedals (if applicable):** For tricycle mode, attach the pedals to the front wheel crank arms. Ensure they are tightened securely. For balance bike or walker modes, pedals can be removed.
- 5. Assemble the Parent Push Handle:** Connect the bottom, middle, and upper sections of the push handle. Insert the assembled handle into the rear receiver on the bike frame. Adjust the height using the quick-release mechanism.
- 6. Final Check:** Before first use, double-check all connections, bolts, and locking mechanisms to ensure they are secure.

OPERATING MODES AND FEATURES

The besrey 7-in-1 Toddler Bike offers multiple configurations to support your child's development at different ages.

1. Parent Steering Push Mode (2-5 Years)

Ideal for younger children or when parents need to maintain control. The adjustable push handle allows you to steer the bike while your child learns to balance and pedal. The unique steering linkage ensures the front wheel turns in sync with the push handle.

Extra-long Push Handle for Ease of Use

Parent-controlled steering offers the
ultimate way for kids to start learning to ride

2. Tricycle Mode (2-5 Years)

Once your child is ready to pedal independently, the parent push handle can be removed, and the wheel clutch unlocked. This allows your child to fully control the tricycle.

Image: A child enjoying the besrey toddler bike in tricycle mode, demonstrating independent pedaling.

Folds Up for Easy Portability

22cmx13.1cmx17.3cm
Folding Trike (Patent pending)

3. Balance Bike Mode (4-5 Years)

For older toddlers ready to develop balance, remove the pedals and close the rear wheels tightly. This transforms the tricycle into a balance bike, helping them transition to a two-wheeled bicycle.

Image: A child confidently riding the besrey toddler bike in balance bike mode, demonstrating the development of balance skills.

4. Baby Walker Mode (1-2 Years)

For the youngest users, the bike can be configured as a baby walker, providing stability and support as they learn to walk and push themselves along.

Additional Features:

- **Adjustable Seat and Handlebar:** The seat height can be adjusted from 11.8 to 15 inches, and the handlebar can be adjusted forward/backward to accommodate growing children up to 55 lbs.

Fully Adjustable

MAINTENANCE

- **Cleaning:** Wipe down the frame and components with a damp cloth and mild soap. Avoid harsh chemicals.
- **Lubrication:** Periodically check and lubricate moving parts such as wheel bearings and pedal mechanisms if they become stiff.

- **Storage:** Store the bike in a dry, cool place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Inspection:** Regularly inspect all bolts, screws, and connections to ensure they are tight. Check tires for wear and tear.

TROUBLESHOOTING

- **Difficulty Steering:** Ensure the parent push handle is securely attached and the steering linkage is properly engaged. Check for any obstructions around the front wheel.
- **Pedals Not Engaging:** Verify that the easy-switch wheel clutch is in the unlocked position for child-controlled pedaling.
- **Unstable Ride:** Confirm that all wheels are securely attached and that the seat and handlebar are properly tightened to the correct height for the child.
- **Folding Issues:** Ensure all locking mechanisms are disengaged before attempting to fold the bike. Do not force the folding mechanism.

If you encounter issues not covered here or if problems persist, please contact besrey customer support for assistance.

SPECIFICATIONS

Feature	Detail
Brand Name	besrey
Model Name	727
Model Number	BR-C7185
Color	Pink
Material	Alloy Steel
Item Dimensions (LxWxH)	30.7 x 17.7 x 41.3 inches
Item Package Dimensions (LxWxH)	16.93 x 12.6 x 9.06 inches
