Kuulaa KL-YD42-L2

Kuulaa Small Portable Charger Instruction Manual

Model: KL-YD42-L2 | Brand: Kuulaa

1. INTRODUCTION

Thank you for choosing the Kuulaa Small Portable Charger. This compact and powerful 5000mAh power bank is designed to provide convenient and fast charging for your iPhone and other compatible devices on the go. Its built-in Lightning cable and digital LED display make it an essential travel companion.

Image: The Kuulaa portable charger in black, featuring its built-in Lightning connector and digital display indicating full charge.

2. PRODUCT FEATURES

- **Built-in Lightning Cable:** Direct plug-and-play charging for iPhones without extra cables.
- **5000mAh Capacity:** Provides approximately one full charge for an iPhone or multiple charges for AirPods.
- **Fast Charging & Recharging:** 12W output for quick device charging (e.g., iPhone 13 from 20% to 60% in 30 minutes). Supports QC 2.0/3.0, FCP, AFC protocols. Recharges fully in 1.5 hours with a 9V-2A charger via USB-C input.
- **Ultra Compact & Lightweight:** Designed for portability, fitting easily into pockets or purses.
- **Digital LED Display:** Real-time battery level indicator accurate to 1%. Displays a lightning icon during fast charging.
- **Airplane Approved:** Safe for travel.

5000mAh Capacity for iPhone

Equivalent to another large-capacity battery for your iPhone

iPhone 13	iPhone 12 Pro	iPhone 12
≈ 1.0 times	≈ 1.2 times	≈ 1.2 times

Image: Visual representation of the 5000mAh capacity, showing it can charge an iPhone 13 approximately 1.0 times, iPhone 12 Pro 1.2 times, and iPhone 12 1.2 times.

LED Digital Display

Real-time power display accurate to 1%, lightning icon is displayed in fast charging state, no more guessing

3. PACKAGE CONTENTS

Upon opening your package, you should find the following items:

- 1 x Kuulaa 5000mAh Portable iPhone Charger
- 1 x User Manual (this document)
- 1 x USB-A to USB-C Charging Cable

4. SETUP

4.1 Charging the Power Bank

Before first use, or when the power bank's battery is low, fully charge the device. The digital LED display will show the current battery level.

1. Connect the provided USB-A to USB-C charging cable to the USB-C input port on the side of the power bank.
2. Plug the USB-A end of the cable into a compatible USB wall adapter (9V-2A adapter recommended for fast recharging, not included).
3. The LED display will show the charging progress. It takes approximately 1.5 hours for a full charge.

Type C Port Fast Charging & Recharging

NOTE: Fast recharging requires 18W adapter and cable (3.3ft USB A to C cable is included).

Image: Diagram illustrating the fast charging and recharging capabilities via the Type-C port, showing input and output power flows.

5. OPERATING INSTRUCTIONS

5.1 Charging Your iPhone

The Kuulaa portable charger features a built-in Lightning cable for direct charging of your iPhone.

1. Flip open the protective cap to reveal the built-in Lightning connector.
2. Plug the Lightning connector directly into your iPhone's charging port.
3. The power bank will automatically begin charging your device. The LED display will show the remaining battery percentage of the power bank.
4. Once charging is complete or you wish to stop, simply unplug the power bank from your iPhone. Replace the protective cap over the Lightning connector.

Mini and Cordless Enjoy Life without Constrains

Mini & Cordless

Bulky & Easy to Entangle

Small & Easy to Carry

Incovenient to Carry

5.2 Charging Other Devices (via USB-C Output)

The power bank also features a USB-C port that can be used as an output to charge other compatible devices, such as Android phones or other USB-C powered gadgets.

1. Connect a USB-C to USB-C cable (not included, unless for recharging the power bank itself) to the USB-C port on the side of the power bank.
2. Connect the other end of the USB-C cable to your device's charging port.
3. The power bank will begin charging the connected device.

6. MAINTENANCE

- Keep the power bank away from extreme temperatures, direct sunlight, and moisture.
- Avoid dropping or subjecting the device to strong impacts.
- Clean the surface with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Ensure the Lightning connector and USB-C port are free from dust and debris. Use the protective cap when the Lightning connector is not in use.

7. TROUBLESHOOTING

- **Power bank not charging:**
 - Ensure the charging cable is securely connected to both the power bank's USB-C input and the wall adapter.
 - Verify that the wall adapter and power outlet are functioning correctly.
 - Try a different USB-C charging cable.
- **Device not charging from power bank:**
 - Ensure the power bank has sufficient charge (check the LED display).
 - Confirm the Lightning connector is fully inserted into your device's port.
 - If using the USB-C output, ensure the cable is securely connected to both the power bank and your device.
 - Check if your device's charging port is clean and free of debris.
- **Slow charging:**
 - For fast recharging of the power bank, use a 9V-2A compatible wall adapter.
 - Ensure your device supports fast charging protocols (QC 2.0/3.0, FCP, AFC) to benefit from the power bank's fast output.
 - Avoid using your device heavily while charging.

8. SPECIFICATIONS

Attribute	Detail
Brand	Kuulaa
Model Number	KL-YD42-L2

Battery Capacity	5000 Milliamp Hours (mAh)
Connector Type	Built-in Lightning, USB-C (Input/Output)
Product Dimensions	3.15 x 1.1 x 1.97 inches
Item Weight	3.46 ounces
Special Features	Digital Display, Auto Shut-Off, Pocket Size, Built-in Cable
Battery Type	1 Lithium Polymer battery (included)

9. WARRANTY AND SUPPORT
