FUNLIO Wooden 7-in-1 Indoor Playground Instruction Manual

MODEL: FL-003

1. Introduction

Thank you for choosing the FUNLIO Wooden 7-in-1 Indoor Playground. This versatile play structure is designed to provide a safe and engaging environment for children aged 2 to 5 years, promoting physical development and imaginative play. It combines seven different activities into one compact unit, making it an ideal addition to any indoor play area.

Please read this manual thoroughly before assembly and use to ensure proper installation, safe operation, and optimal enjoyment of the product.

2. Safety Information

- **Adult Supervision Required:** Always ensure children are supervised by an adult while using the playground.
- **Age Range:** Suitable for children aged 2 to 5 years.
- **Weight Capacity:** The maximum recommended weight is 150 lbs (68 kg).
- **Certifications:** This product has been tested and certified as safe by CPC (USA) and CE (EU) standards.
- **Material Safety:** Constructed from high-quality pine wood with rounded corners for child safety. The water-based paint is ecological, easy to clean, and protects the wood from moisture.
- **Stability:** Four sandbags are included to enhance the stability of the playground. Fill them with sand, pebbles, or bottled water and attach them to the base as instructed.
- **Placement:** Place the playground on a flat, stable surface. Ensure adequate clear space around the structure to prevent collisions.

3. Product Components and Features

The FUNLIO 7-in-1 Indoor Playground integrates the following play elements:

1. **Climbing Net:** A sturdy net for developing climbing skills.
2. **Climbing Rock:** A board with colorful holds for rock climbing practice.
3. **Gymnastic Rings:** Rings for upper body strength and coordination.
4. **Trapeze:** A bar for swinging and acrobatic play.
5. **Ladder:** Traditional rungs for climbing.

6. **Slide:** A smooth surface for sliding fun.
7. **Swing:** A comfortable and secure swing seat.

This diagram illustrates the seven distinct play features integrated into the FUNLIO indoor playground, highlighting each component such as the slide, monkey bars, climbing rock, gymnastic rings, swing, ladder, and climbing net.

4. Assembly Instructions

The FUNLIO playground is designed for straightforward assembly. The package includes all necessary components and clear instructions. Please follow these guidelines:

- **Unpack Components:** Carefully unpack all parts and verify against the included parts list.
- **Follow Instructions:** Refer to the detailed assembly manual provided in the box. Pay close attention to diagrams and step-by-step instructions.
- **Two-Person Assembly:** While some initial steps can be done alone, it is recommended to have two adults for assembling the main structure to ensure stability and ease.
- **Secure Fasteners:** Ensure all screws, bolts, and connectors are tightened securely. Periodically check and re-

tighten fasteners as needed.

This image displays the complete FUNLIO Wooden 7-in-1 Indoor Playground, showcasing its various components including the slide, climbing rock, and climbing net, designed for active play.

5. Operating Guidelines

Encourage children to explore the various features of the playground safely:

- **Climbing Elements:** Guide children on how to use the climbing net, rock, and ladder. Ensure they maintain a secure grip.
- **Slide Usage:** Instruct children to slide down feet first, one at a time. Ensure the landing area is clear.
- **Swing Safety:** Ensure the swing is securely fastened with appropriate knots to prevent sliding during use. Teach children to swing gently and avoid excessive height.
- **Gymnastic Rings & Trapeze:** These are for developing strength and coordination. Ensure children can reach and hold them securely before attempting to use them.

6. Maintenance and Care

Regular maintenance will extend the life of your FUNLIO playground:

- **Cleaning:** The water-based coating makes the wood easy to clean. Use a damp cloth with mild soap and water. Avoid harsh chemicals or abrasive cleaners.

- **Wood Protection:** The coating helps protect the pine wood from moisture. However, avoid prolonged exposure to excessive humidity or direct water.
- **Regular Inspection:** Periodically inspect all components for signs of wear, damage, or loose fasteners. Pay particular attention to ropes, nets, and joints.
- **Tighten Fasteners:** Re-tighten any loose screws or bolts to maintain structural integrity.
- **Storage:** If storing for an extended period, ensure the playground is clean and dry. Store in a cool, dry place away from direct sunlight.
