

Targus AMP06804AMGL

Targus Dual Mode Wireless Laser Presenter with Timer

Model: AMP06804AMGL

INTRODUCTION

Thank you for choosing the Targus Dual Mode Wireless Laser Presenter with Timer. This device is designed to enhance your presentations with intuitive controls, a red laser pointer, and an integrated LCD timer with vibrating alerts. It offers dual-mode connectivity via a USB receiver or Bluetooth, ensuring a secure and reliable connection up to 20 meters (65 feet).

This manual provides detailed instructions on how to set up, operate, maintain, and troubleshoot your presenter. Please read it carefully to ensure proper use and to maximize the lifespan of your device.

Targus®

Control Max EcoSmart™ Laser Presenter with Timer

Deliver effortless presentations on time with this sleek wireless presenter with dual connectivity, red laser pointer, and timer.

PRODUCT OVERVIEW

Key Features:

- **Intuitive Controls:** Easily navigate slides and manage your presentation flow.
- **Red Laser Pointer:** Highlight key content with precision.
- **LCD Timer with Vibrating Alerts:** Keep track of presentation time discreetly.
- **Dual-Mode Connectivity:** Connect via 2.4GHz USB receiver or Bluetooth.
- **AES 128-bit Encryption:** Secure connection when using the USB dongle.
- **Ergonomic Design:** Comfortable fit for various hand sizes.
- **Antimicrobial Protection:** Infused finish helps prevent bacteria growth.
- **Low Battery Alert:** LED indicator for timely battery replacement.

Components:

Familiarize yourself with the main components of your Targus Presenter:

- **Presenter Body:** The main unit with control buttons and LCD screen.
- **USB Receiver:** Stores securely within the presenter for 2.4GHz wireless connection.
- **Laser Aperture:** Emits the red laser beam.
- **Battery Compartment:** Located at the rear, holds two AAA batteries.
- **Control Buttons:** Include Next/Previous Slide, Laser, Black Screen, and Volume controls.

SETUP

1. Battery Installation:

1. Locate the battery compartment cover on the back of the presenter.

2. Slide the cover open.
3. Insert two AAA batteries, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

2. Connecting via USB Receiver (2.4GHz Wireless):

1. Remove the USB receiver from its storage slot within the presenter.
2. Plug the USB receiver into an available USB port on your computer (PC, Mac, or Chrome OS device).
3. The computer should automatically detect and install the necessary drivers.
4. The presenter is now ready for use.

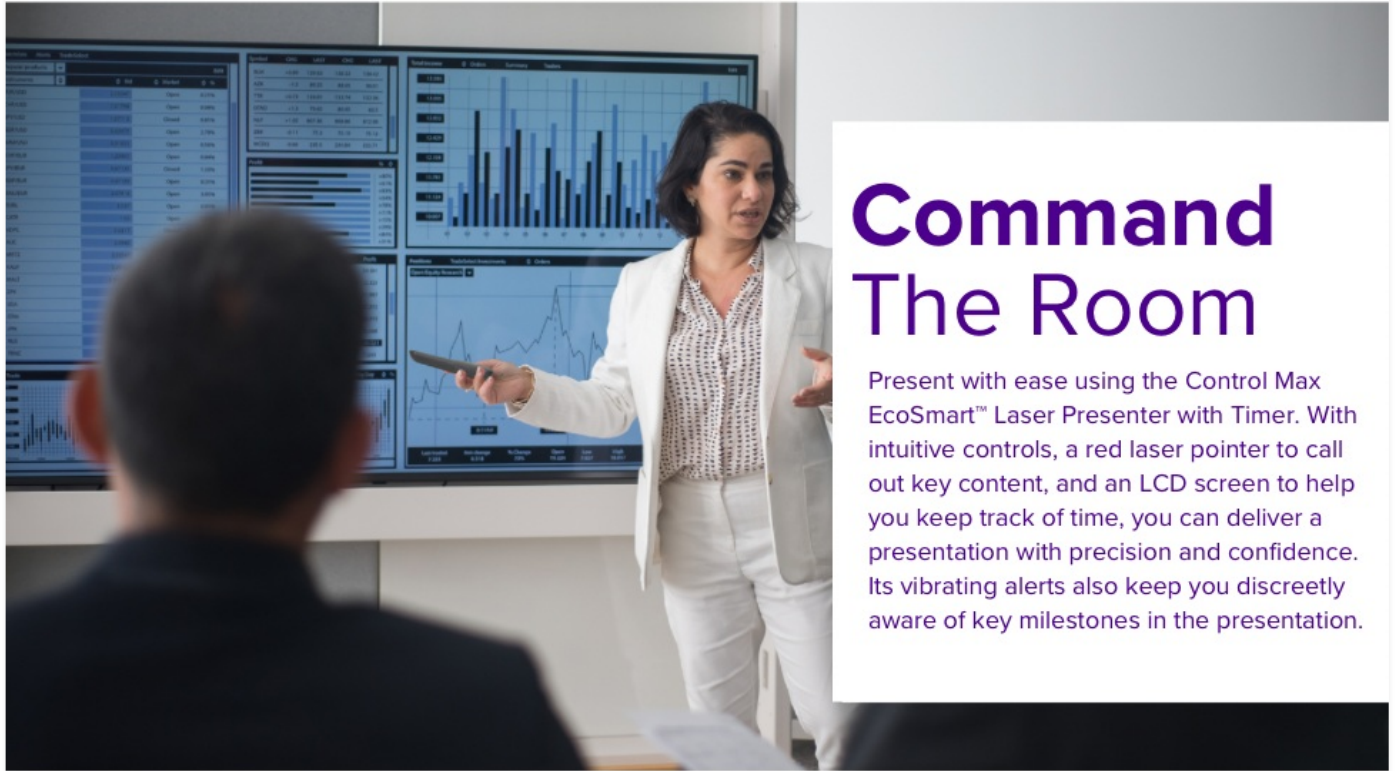

3. Connecting via Bluetooth:

1. Ensure your computer's Bluetooth is enabled.
2. On the presenter, activate Bluetooth pairing mode (refer to the device's specific button combination, usually holding a dedicated Bluetooth button or a combination of navigation buttons).
3. On your computer, go to Bluetooth settings and search for new devices.
4. Select "Targus Presenter" (or similar name) from the list of available devices and follow any on-screen prompts to complete pairing.
5. Once paired, the presenter is ready for use.

OPERATING INSTRUCTIONS

Basic Presentation Controls:

- **Next Slide:** Press the **Forward** button (usually indicated by a right arrow).
- **Previous Slide:** Press the **Backward** button (usually indicated by a left arrow).
- **Laser Pointer:** Press and hold the **Laser** button to activate the red laser. Release to turn off.
- **Black Screen:** Press the **Black Screen** button to temporarily black out the presentation screen. Press again to resume.
- **Volume Control:** Use the dedicated volume up/down buttons (if present) to adjust audio output from your computer.

Command The Room

Present with ease using the Control Max EcoSmart™ Laser Presenter with Timer. With intuitive controls, a red laser pointer to call out key content, and an LCD screen to help you keep track of time, you can deliver a presentation with precision and confidence. Its vibrating alerts also keep you discreetly aware of key milestones in the presentation.

Using the Timer and Vibration Alerts:

The integrated LCD timer helps you manage your presentation time effectively.

- **Setting the Timer:** Consult the presenter's on-screen menu or dedicated buttons to set your desired presentation duration.
- **Monitoring Time:** The LCD screen will display the remaining time.
- **Vibration Alerts:** The presenter will vibrate discreetly at pre-set intervals (e.g., 5 minutes remaining, 1 minute remaining, time expired) to remind you of key milestones without distracting your audience.

Timer & Vibration Alerts

Stay in control of your presentation with the LCD timer and vibration alerts. The convenient timer visibly aids in keeping you on track of how long you have left in your presentation, while the vibration alerts subtly remind you of those key milestones.

Tailored Design

Designed to fit comfortably and naturally in the hand, it's designed in a way that accommodates nearly any sized hands and where the range of buttons can be easily navigated without repositioning the presenter.

AES 128-bit Encryption

With AES 128-bit Encryption, you'll receive a secure connection - when using the 2.4GHz USB dongle - preventing anyone from taking control of your presentation or trying to download viruses onto your device.

MAINTENANCE

Battery Replacement:

When the LED low battery alert illuminates, it's time to replace the batteries. Follow the battery installation steps outlined in the Setup section.

Cleaning:

The Targus presenter features DefenseGuard™ Antimicrobial Protection. To maintain a clean surface:

- Wipe the surface with a soft, dry, or slightly damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these may damage the finish or internal components.

DefenseGuard™ Properties

For an added benefit, the features Targus DefenseGuard™ Protection*, which creates a cleaner surface and works continuously to protect the presenter with coating that does not wear off and lasts for the life of the product. This creates a cleaner touchpoint surface and works continuously to keep your presenter safe.

****DefenseGuard protection is limited to the device itself. Active ingredient: Silver Phosphate Glass (nano-). EPA Est/ 99234-CA**

Image: An explanation of the DefenseGuard properties, emphasizing the continuous antimicrobial protection infused into the material of the presenter.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Presenter not responding.	Low batteries; USB receiver not connected; Bluetooth not paired; out of range.	Replace batteries; ensure USB receiver is fully inserted; re-pair Bluetooth; move closer to the computer (within 20m/65ft).
Laser pointer not working.	Presenter not powered on; laser button not pressed; low batteries.	Ensure presenter is active; press and hold the laser button; replace batteries.
Timer not displaying or vibrating.	Timer not set; feature disabled; low batteries.	Set the timer duration; check device settings for timer/vibration; replace batteries.
Connection drops frequently.	Interference; too far from receiver/device; low batteries.	Avoid obstacles between presenter and receiver; move closer; replace batteries; try a different USB port.
