mompush T3500M

Mompush Lithe V2 Lightweight Stroller Instruction Manual

Model: T3500M

1. INTRODUCTION

Thank you for choosing the Mompush Lithe V2 Lightweight Stroller. This manual provides essential information for the safe and proper assembly, operation, and maintenance of your stroller. Please read it thoroughly before use and keep it for future reference.

The Mompush Lithe V2 is designed for convenience and comfort, featuring an ultra-compact fold, near-flat recline, and durable construction, making it ideal for daily use and travel.

2. SAFETY INFORMATION

WARNING: Failure to follow these instructions could result in serious injury or death.

- Always use the 5-point harness system to secure your child.
- Never leave your child unattended in the stroller.
- Ensure the stroller is fully unfolded and locked before placing a child in it.
- Always engage the brakes when the stroller is stationary.
- Do not overload the storage basket (maximum 4.4 lbs).
- This stroller is suitable for children from 0 to 36 months, with a maximum weight recommendation of 40 lbs.
- Keep children clear of moving parts when adjusting the stroller.
- This product is JPMA certified, meeting the highest safety standards.

3. COMPONENTS OVERVIEW

Familiarize yourself with the main components of your Mompush Lithe V2 stroller:

- Full-grain leather handlebar

- Extendable UPF 50+ canopy with peek-a-boo window
- 3-position reclining seat with lie-flat mode
- Detachable snack tray
- Storage basket
- Front and rear wheels with shock absorption
- Included accessories: Raincover, Travelbag, Cup Holder

4. SETUP

4.1. Unfolding the Stroller

1. Place the folded stroller on a flat surface.
2. Locate the small clasp on the side of the stroller frame. Release this clasp.
3. Lift the handlebar upwards until the stroller frame fully extends and locks into place. You should hear an

audible click.

4. Ensure all locking mechanisms are securely engaged before use.

Figure 4.1: The Mompush Lithe V2 Stroller fully unfolded and ready for use.

4.2. Attaching the Snack Tray

1. Align the connectors on the snack tray with the corresponding slots on the stroller's frame.
2. Push firmly until the snack tray clicks securely into place.
3. To remove, press the release buttons on either side of the tray and pull upwards.

4.3. Attaching the Cup Holder

The included cup holder can be attached to the side of the handlebar. Simply slide it onto the designated attachment point until it is secure.

5. OPERATING INSTRUCTIONS

5.1. Adjusting the Seat Recline

The stroller features a 3-position reclining backrest, easily adjusted with one hand. It can convert to a near-flat 175° position, suitable for newborns, and upright for toddlers.

1. To recline, locate the recline lever on the back of the seat. Squeeze the lever and gently push the seat back to the desired position.
2. To bring the seat upright, squeeze the lever and pull the seat forward.

Figure 5.1: The stroller seat can be adjusted to multiple recline positions, including a near-flat 175° angle for infants.

5.2. Using the Harness System

The 5-point safety harness ensures your child is securely fastened. Always use the harness when your child is in the stroller.

1. Place your child in the seat.
2. Bring the shoulder straps over your child's shoulders and the waist straps around their hips.
3. Insert the buckle prongs into the buckle housing until they click.
4. Adjust the straps to ensure a snug, secure fit without being too tight.
5. To release, press the button on the center of the buckle.

5.3. Engaging the Brakes

The stroller features a foot-operated brake system on the rear wheels.

1. To engage the brakes, press down firmly on the brake pedal located near the rear wheel until it locks.
2. To release the brakes, lift the brake pedal upwards.

5.4. Folding the Stroller

The Mompush Lithe V2 features an ultra-compact, one-second fold mechanism.

1. Ensure the seat is in the upright position and the canopy is retracted.
2. Locate the two release levers on the sides of the handlebar. Pull both levers simultaneously.
3. Push the handlebar forward and down, allowing the stroller to fold compactly.
4. Once folded, the stroller will automatically lock into a compact position.

Figure 5.2: The Mompush Lithe V2 Stroller folded for ultra-compact storage and transport.

5.5. Using the Canopy

The extendable UPF 50+ canopy provides ample shade and sun protection. It also includes a peek-a-boo window for easy viewing of your child.

5.6. Storage Basket

The expandable underseat basket can hold up to 4.4 lbs, perfect for carrying essentials. Ensure items do not protrude and interfere with the wheels or folding mechanism.

Size Wise Solutions

Perfect fit for any adventure

6. MAINTENANCE

6.1. Cleaning Instructions

- Fabric:** The fabric components are machine washable. Refer to the care label for specific washing instructions.
- Frame:** Wipe the stroller frame with a damp cloth and mild soap. Dry thoroughly.
- Wheels:** Regularly clean the wheels and axles to remove dirt and debris. Lubricate moving parts with a silicone-based lubricant if necessary.

6.2. General Care

- Store the stroller in a dry place away from direct sunlight when not in use.
- Periodically check all screws, nuts, and fasteners to ensure they are tight and secure.
- Inspect the harness system for any signs of wear or damage.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Stroller does not unfold/fold smoothly	Locking mechanisms are stuck or obstructed.	Ensure all release levers are fully engaged. Check for debris in the folding mechanism.
Wheels are stiff or squeaky	Dirt or debris in wheel axles; lack of lubrication.	Clean wheels and axles. Apply a silicone-based lubricant to moving parts.
Brakes not engaging/disengaging	Brake mechanism obstructed or misaligned.	Check for debris around the brake pedal. Ensure the brake mechanism is clear.
