

One Fire YYBSDSPUS

One Fire Sound Machine Baby Night Light User Manual

Model: YYBSDSPUS | Brand: One Fire

INTRODUCTION

Thank you for choosing the One Fire Sound Machine Baby Night Light. This versatile device combines a smart night light, a sound machine with 14 natural sounds, a Bluetooth speaker, and an alarm clock, all controllable via touch or a dedicated mobile application. Designed to create a soothing environment for babies and children, it also offers features beneficial for adults, such as customizable RGB lighting and a wake-up alarm with sunrise simulation.

The One Fire Sound Machine Baby Night Light, featuring app control and charging capabilities, designed to create a peaceful environment.

WHAT'S IN THE BOX

Upon unboxing your One Fire Sound Machine Baby Night Light, please ensure all components are present:

- One Fire Sound Machine Baby Night Light Unit
- USB Charging Cable
- User Manual
- Remote Control (Note: Primary control is via touch or app, but a remote may be included for convenience.)
- Built-in Lithium Ion Battery (pre-installed)

SETUP

1. Charging the Device

Before first use, fully charge the One Fire Sound Machine. Connect the provided USB charging cable to the charging port on the device and plug the other end into a compatible USB power adapter (not included). The built-in 3000mAh battery provides extended use, up to 200 hours in dimmest mode or 10 hours in brightest mode on a single charge.

2. Downloading the Mobile Application

For full control and customization features, download the dedicated mobile application. Search for "One Fire" or refer to the QR code in the included user manual to find the app on your device's app store (iOS/Android).

3. Bluetooth Pairing

1. Ensure Bluetooth is enabled on your smartphone or tablet.
2. Power on the One Fire Sound Machine.
3. Open the One Fire mobile application. The app will guide you through the pairing process.
4. Alternatively, you can pair directly from your device's Bluetooth settings by selecting "One Fire" from the list of available devices.

APP & Touch Control

Make Life Easier~

Touch Control

App Control

The One Fire Sound Machine can be controlled via intuitive touch gestures on the device or through the comprehensive mobile

OPERATING INSTRUCTIONS

Touch Control

The top surface of the night light is touch-sensitive, allowing for quick adjustments:

- **Tap:** Tap the top to cycle through different light colors and sound modes.
- **Press and Hold:** Press and hold the top to adjust brightness or turn the light on/off.

Mobile Application Control

The mobile app provides extensive control and customization options:

- **Light Customization:** Choose from 48 RGB colors and 10 brightness levels. Create custom lighting effects.
- **Sound Selection:** Select from 14 built-in white noises and lullabies, including Cradlesong, Music Box Sounds, Little Star, White Noise, Pink Noise, Brown Noise, Fan, Shush, Heart Beat, Drizzling, Chirp, Night Sounds, Twitter, and Streams.
- **Bluetooth Speaker:** Play your favorite music or audio content via the high-quality Bluetooth speaker.
- **Alarm Clock:** Set multiple alarms with customizable light and sound combinations. Utilize the sunrise simulation feature for a gentle wake-up.
- **Auto Timer:** Set a timer for 30, 60, or 90 minutes for the light and/or sound to automatically turn off, ideal for sleep routines.

MAINTENANCE

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, especially if it will be stored for an extended period.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on.	Low battery or no power.	Ensure the device is fully charged using the provided USB cable.

Problem	Possible Cause	Solution
Bluetooth connection issues.	Device not in pairing mode, out of range, or interference.	Ensure the device is powered on and within Bluetooth range (approx. 33 feet). Turn Bluetooth off and on again on your mobile device. Forget the device in your phone's Bluetooth settings and re-pair. Restart both the night light and your mobile device.
Light or sound changes unexpectedly.	Accidental touch, app settings conflict, or minor software glitch.	Check the settings in the mobile application for any scheduled changes or conflicting presets. Ensure no objects are accidentally touching the top sensor. Restart the device.
Sound quality is poor or distorted.	Volume too high, poor Bluetooth connection, or audio source issue.	Adjust the volume on both the device and your connected audio source. Ensure a stable Bluetooth connection. Try a different audio source or white noise setting.
