1. INTRODUCTION

This manual provides instructions for the suddus Globe String Lights, 50 LED USB Warm White (Model 323671). These lights are designed for both indoor and outdoor use, featuring a convenient USB power source, remote control functionality, and an IP44 waterproof rating. Please read this manual carefully before installation and use to ensure proper operation and longevity of your product.

2. WHAT'S IN THE BOX

Verify that all components are present upon unpacking:

- 1 x USB Plug
- 1 x Instruction Manual
- 1 x Remote Control
- 1 x LED Globe String Lights

3. SETUP

Follow these steps to set up your suddus Globe String Lights:

1. **Unpack the Lights:** Carefully uncoil the string lights from the packaging. Avoid tangling the wire.
2. **Power Connection:** Connect the USB plug of the string lights to a compatible USB power source. This can be a power bank, laptop, power adaptor, or a USB wall socket.
3. **Remote Control Preparation:** Remove the plastic insulation tab from the remote control's battery compartment to activate it.
4. **Positioning:** Arrange the string lights in your desired location. The lights are flexible and can be hung, draped, or twisted around objects.

4. OPERATION

The suddus Globe String Lights can be operated using the included remote control or the button on the USB port.

4.1 Remote Control Functions

Point the remote control directly at the USB port for optimal functionality.

- **ON/OFF:** Press the green 'ON' button to turn the lights on, and the red 'OFF' button to turn them off.
- **MODE:** Cycle through 8 different lighting modes using the 'MODE' button or the numbered buttons (1-8).
- **Brightness Adjustment:** Use the 'DIM -' and 'DIM +' buttons to adjust between 4 brightness levels.
- **TIMER:** Press the 'TIMER' button to activate the 6 hours ON / 18 hours OFF cycle. The lights will automatically turn on for 6 hours and then off for 18 hours, repeating daily.

4.3 Operational Videos

Video: This video demonstrates the various brightness levels and the timer function of the suddus Warm White Globe String Lights. It also highlights the IP44 waterproof feature.

Video: This video showcases the suddus Warm White Globe String Lights in various decorative settings, including holiday and bedroom decor, emphasizing their IP44 waterproof design.

5. MAINTENANCE

Proper maintenance ensures the longevity and performance of your string lights.

- **Cleaning:** Gently wipe the globe lights and wire with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, carefully coil the string lights to prevent tangling. Store them in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** The lights have an IP44 waterproof rating, making them suitable for outdoor use in normal weather conditions. However, avoid submerging the USB connector in water.

6. TROUBLESHOOTING

If you encounter issues with your string lights, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lights do not turn on.	No power to the USB port. Remote control battery is dead or tab not removed.	Ensure the USB plug is securely connected to a working power source. Remove the plastic tab from the remote control battery. Replace remote battery if necessary.
Remote control is not working.	Remote battery is dead or tab not removed. Remote is not pointed at the USB port.	Ensure the plastic tab is removed from the remote. Point the remote directly at the USB port. Replace the remote battery.

Problem	Possible Cause	Solution
Lights are flickering or unstable.	Incompatible USB power source or insufficient power supply.	Try connecting the USB plug to a different power source, such as a dedicated USB wall adapter (5V). Some devices may not provide stable power for the lights.
Timer function is not working correctly.	Timer not activated or interrupted.	Press the 'TIMER' button on the remote control to activate the 6 hours ON / 18 hours OFF cycle. Ensure the power supply is not interrupted during the cycle.
