## Bellemave Race Car Bed Twin

# Bellemave Twin Size Race Car Bed Instruction Manual

Model: Race Car Bed Twin (ASIN: B0B7RF8NKT)

## INTRODUCTION

---

This manual provides detailed instructions for the assembly, safe operation, maintenance, and troubleshooting of your Bellemave Twin Size Race Car Bed. Please read all instructions carefully before assembly and use to ensure proper function and safety.

The Bellemave Race Car Bed is designed with a fun, car-shaped aesthetic, featuring a sturdy pine wood and MDF frame. It includes integrated guardrails for child safety and is suitable for a twin-size mattress.

## SETUP AND ASSEMBLY

Assembly of the Bellemave Race Car Bed is required. Please ensure all components are present before beginning. A detailed step-by-step installation manual with pre-drilled holes is included in your package to facilitate assembly.

### Required Tools (Not Included):

- Phillips head screwdriver
- Allen wrench (if not provided with hardware)

### Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Verify all parts against the included parts list.
2. **Assemble Side Panels:** Attach the front and rear panels to the long side panels using the provided hardware. Ensure all connections are secure.

3. **Install Bed Slats:** Place the bed slats across the support rails. Secure each slat with screws as indicated in the assembly manual. Ensure even spacing for optimal mattress support.
4. **Attach Guardrails:** The bed features four attached guardrails. Ensure these are firmly in place as per the instructions for child safety.
5. **Final Check:** Once assembled, gently shake the bed to ensure all connections are tight and stable. Retighten any loose screws.

## OPERATING INSTRUCTIONS

The Bellemave Race Car Bed is designed for use by children. Follow these guidelines for safe and proper operation:

- **Mattress Placement:** Place a standard twin-size mattress onto the bed slats. The recommended mattress thickness is 6 inches for optimal fit and safety with the guardrails.
- **Weight Capacity:** The bed has a maximum weight capacity of 250 pounds. Do not exceed this limit to prevent damage and ensure safety.
- **Guardrails:** The integrated guardrails are designed to prevent accidental falls. Ensure they are always securely attached.
- **Supervision:** Always supervise young children when they are using the bed, especially during play.
- **No Jumping:** Do not allow jumping on the bed, as this can cause structural damage and injury.

## MAINTENANCE

Regular maintenance will help prolong the life and appearance of your Bellemave Race Car Bed:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Retighten as necessary to maintain structural integrity.
- **Avoid Moisture:** Keep the bed away from excessive moisture or humidity to prevent warping or damage to the wood and MDF components.
- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure, which can cause fading of the red finish.

## TROUBLESHOOTING

If you encounter any issues with your Bellemave Race Car Bed, refer to the following common solutions:

- **Squeaking Noises:** If the bed makes squeaking noises, check all hardware connections. Loosen and then retighten screws, ensuring they are snug but not overtightened. Applying a small amount of furniture wax or silicone spray to joints can also help.
- **Instability/Wobbling:** Ensure the bed is placed on a flat, level surface. Recheck all assembly connections, especially those connecting the side panels and support beams.
- **Damaged Parts:** If any part is damaged or missing upon arrival, do not proceed with assembly. Contact customer support immediately for replacement parts.

## SPECIFICATIONS

Feature	Detail
Product Type	Race Car Bed
Size	Twin
Material	Pine Wood, Engineered Wood (MDF)

Feature	Detail
Color	Red
