CACI Mall 52144

CACI Mall 52 Inch Ceiling Fan with Lights and Remote

MODEL: 52144

Introduction

Thank you for purchasing the CACI Mall 52 Inch Ceiling Fan with Lights and Remote. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read it thoroughly before installation and keep it for future reference.

Safety Information

- Always disconnect power at the circuit breaker before installation or servicing.
- Ensure all electrical connections comply with local codes and ordinances.
- Consult a qualified electrician if you are unfamiliar with electrical wiring.
- Mount the fan to a ceiling joist or support structure capable of supporting the fan's weight.
- Keep hands, clothing, and other objects clear of the fan blades when the fan is operating.
- This fan is designed for indoor use and covered outdoor spaces (patios/farmhouses/sunrooms).

Package Contents

Verify that all components are present before beginning installation:

- Ceiling Fan Motor Housing
- 3 Wood Blades
- Integrated LED Light Kit
- Remote Control
- Mounting Hardware Kit
- Instruction Manual

Setup and Installation

Assembly is required. Follow these general steps for installation. Refer to the detailed diagrams in the included printed manual for specific wiring and mounting instructions.

1. **Prepare for Installation:** Turn off power at the circuit breaker. Ensure the mounting location can support the fan's weight.
2. **Mounting Bracket Installation:** Secure the mounting bracket to the ceiling junction box. This fan is designed for flush mount installation.
3. **Blade Assembly:** Attach the three wood blades to the motor housing according to the instructions.
4. **Wiring Connections:** Connect the fan's electrical wires to the household wiring. Ensure all connections are secure.
5. **Fan Housing Installation:** Lift the fan assembly and secure it to the mounting bracket.
6. **Light Kit Installation:** Connect and install the integrated LED light kit.
7. **Power Restoration:** Restore power at the circuit breaker and test the fan's operation.

Recommended Room Size: This 52-inch fan is optimized for rooms between 144 to 225 square feet (e.g., 12x12 ft to 15x15 ft) with ceiling heights of 8-9 feet.

35dB
Whisper

46dB
Chating

<30dB
Sofucor

Enjoy a peaceful and quiet room without noise!

Designed with advanced noise-reduction technology, the sound level less than 30dB

Image: Diagram illustrating the fan's dimensions (7" height, 11.8" from ceiling to blades, 7.1" from blades to light, 52" blade span) and recommended room size (144-225 sq ft) and ceiling height (8-9 ft).

Operating Instructions

Your CACI Mall ceiling fan is controlled by the included remote. Ensure the remote has working batteries (Alkaline, included).

Remote Control Functions:

- **Power ON/OFF:** Turns the fan and light on or off.
- **Fan Speed Control:** Select from 6 wind speeds.
 - Levels 1-2: Soft Wind (e.g., for sleeping)
 - Levels 3-4: Comfortable Wind (e.g., for reading)
 - Levels 5-6: Cool Wind (e.g., for exercise)
- **Light Color Adjustment:** Cycle through 3 color temperatures (3000K Warm White, 4500K Natural White, 6000K Cool White).
- **Light Brightness Adjustment:** Dims the LED light from 10% to 100% brightness (up to 2000 Lumens).
- **Timer Function:** Set the fan to turn off automatically after 1, 2, or 4 hours.
- **Reversible Motor:** Changes the direction of blade rotation for seasonal use.
 - **Summer Mode (Downdraft):** Blades rotate counter-clockwise to create a cooling breeze.
 - **Winter Mode (Updraft):** Blades rotate clockwise to circulate warm air near the ceiling.
- **Intelligent Memory:** The fan preserves your last brightness and color settings if powered off for more than 10 seconds.

6 Speed Adjustable

The maximum airflow can reach 4500 CFM

Level 1-2
Soft Wind

Level 3-4
Comfortable Wind

Level 5-6
Cool Wind

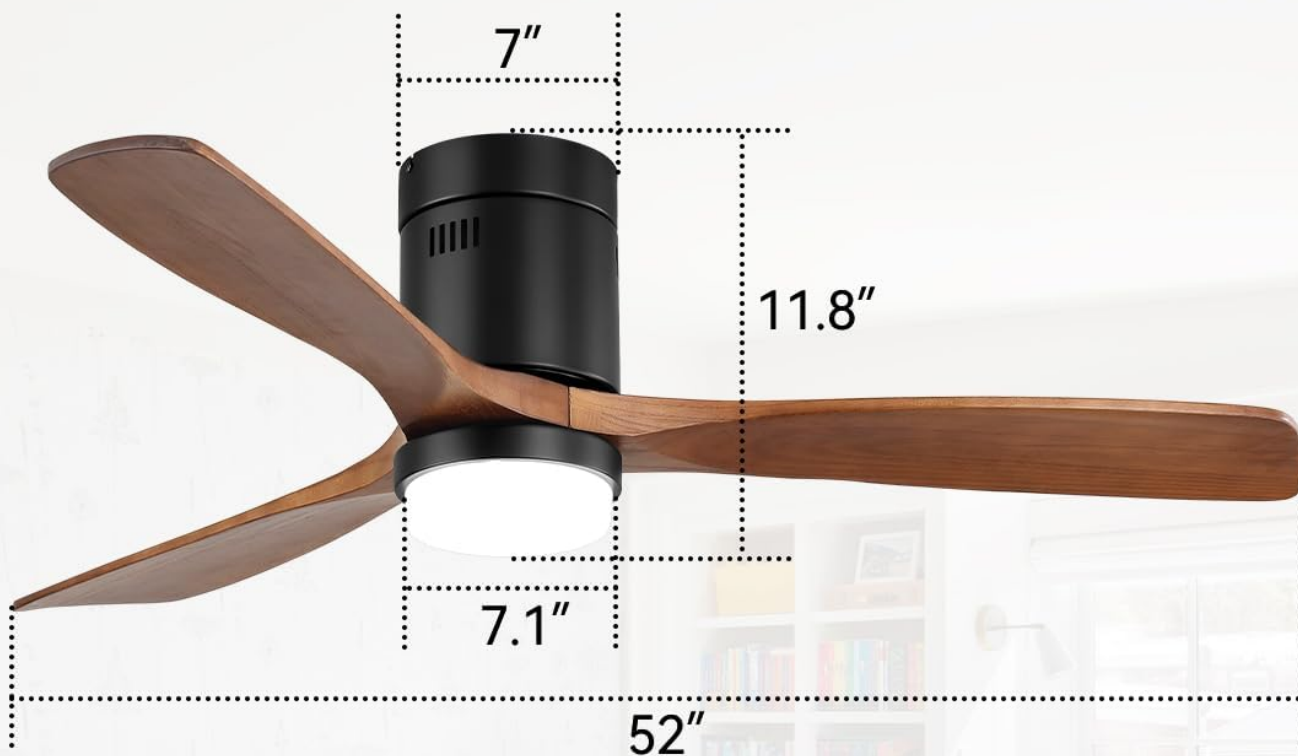

Image: Visual guide to the 6-speed adjustable airflow settings, illustrating appropriate uses for each level.

Reversible DC Motor

Enjoy year-round comfort with our reversible ceiling fan

Recommend room size:

144 to 225 square feet

(12×12-15×15 FT)

Ceiling height:

8-9 FT

Image: Diagram explaining the reversible DC motor function for year-round comfort, with distinct modes for summer and winter.

Maintenance

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan blades and motor housing. Avoid abrasive cleaners that may damage the finish.
- **Blade Balance:** Periodically check that all blades are securely fastened and balanced to prevent wobbling.
- **Light Source:** The integrated LED light source is designed for long life and typically does not require replacement.

Troubleshooting

If you experience issues with your fan, consult the following common solutions before contacting support.

| Problem | Possible Cause | Solution |
|---|--|---|
| Fan does not start. | No power, loose wiring, remote control battery dead. | Check circuit breaker. Ensure all wiring connections are secure. Replace remote control batteries. |
| Light remains dimly on when off. | Minor electrical interference or residual current. | Ensure proper grounding. If persistent, contact customer support for potential solutions like specialized screws. |
| Fan wobbles. | Loose blades, unbalanced blades, improper mounting. | Tighten all blade screws. Use a balancing kit (not included) if necessary. Recheck mounting bracket security. |
| Remote control not responding. | Dead batteries, remote not paired. | Replace batteries. Refer to the remote control pairing instructions in the full manual. |
| Fan does not retain settings after power cycle. | Power interruption was too brief (less than 10 seconds) or a specific wall switch setup. | The memory function activates after 10 seconds of power off. If using a wall switch, ensure it remains on and use the remote for control. |

Specifications

| |
|--|
| Brand: CACI Mall |
| Model: 52144 |
| Size: 52 inches |
| Color: Black/Walnut |
| Material: Wood |
| Mounting Type: Flush Mount |
| Room Type: Living Room, Bedroom, Covered Outdoor Spaces |
| Power Source: DC |
| Voltage: 110 Volts |
| Wattage: 65 Watts |
| Air Flow Capacity: 5250 Cubic Feet Per Minute (CFM) |
| Sound Level: 25 dB (Quiet Operation) |
| Blade Length: 11.14 Inches |
| Speed: Up to 175 RPM |
| Special Features: 6-Speeds Wind, Low Noise, Remote Controlled, Reversible DC Motor, Timer, Dimmable LED Light (3000K/4500K/6000K, 10%-100% brightness, 2000 Lumens), Intelligent Memory Function. |
| Included Components: 3 Wood Blades, Remote Control |
